## HCC Servant Leadership Chapters help feed the world

By Tony Carton  
Editor

FREEPORT — Members of the Highland Community College Servant Leadership Chapters participated in the 7th annual “Hearts and Hands for Hunger” OneMeal event held Friday and Saturday at Highland College Student/Conference Center. The goal this year is to feed over 75,000 children.

150 students from thirteen area high schools that participate in the Highland Community College Servant Leadership program are continuing the campaign to help feed children who are hungry. Over the past six years, Servant Leaders have been able to provide 400,705 meals for children locally and to other children around the world who are in need.

Highland Servant Leadership is once again partnering with the organization “Kids Around the World” from Rockford, IL. “Kids Around the World” brings all materials and supplies that are needed. Volunteers come together and package the meals.

“It is a great hands-on way to get people directly involved in the process of feeding starving children all over the world,” said HCC Servant Leadership Coordinator Kim Pool. “Kids Around the World ships and distributes the meals to partners on the ground in countries to assure the meals get to the children. For only 25 cents, a child’s life can be changed.”

## Village of Stockton residents asked to participate in grant survey

STOCKTON — Over the last few years, the Village has completed two major sanitary sewer projects to address sewer backups in residential homes. The Village of Stockton is now looking to address water mains in certain parts of the Village to provide improved water service and improved fire protection. Stockton is looking to apply for grant assistance to complete this project, which will help keep the water user rates lower.

For nearly all of the infrastructure projects undertaken, the Village of Stock-

ton has been successful in its attempts to secure grant funds that helped finance previous water and sewer construction projects. The Village is once again looking to apply for grant funds to help finance the upcoming water main project. In order to qualify for Community Development Assistance Program (CDAP) grant funds from the Illinois Department

of Commerce & Economic Opportunity, current survey data is needed. The Village’s last community-wide income survey was completed in 2009. As such, in order to qualify for additional grant funds, a new community-wide income survey will need to be completed.

In order to qualify for grants, all residential households within the Village need to be

surveyed. A cover letter, survey form and a self-addressed stamped envelope were mailed to all residents the week of April 4, 2016. These surveys need to be returned by April 22.

The Village cannot stress enough how important it is for all residents to complete and return the survey. A 75%

# Stockton Police Department report for week ending April 7

STOCKTON — On March 25, at approximately 1 a.m., an officer of the Stockton Police Department made contact with a suspicious vehicle located within the property of the Stockton Travel Center. While encountering the two persons in the vehicle, the officer detected the odor of marijuana coming from the interior of the vehicle. The Stockton Officer conducted a search of the vehicle and found a bag containing marijuana. Michael C. Risum, age 18 of 6600 Royal Avenue, Belvidere, Illinois was charged with Possession of Marijuana. Risum was transported to the Stockton Police Department for purpose of bond and released. The female passenger in the vehicle was not charged.

On March 26, at approximately 5 p.m., an officer of the Stockton Police Department was called to the 200 Block of West Maple Street in reference to a telephone scam. The citizen received a call from a person identifying themselves to be a representative of Publishers Clearing House, stating the citizen had won a new car and that the citizen would need to pay \$275.00 in taxes to receive the vehicle. The person purporting themselves to be from Publishers Clearing House told the citizen to go to Walmart and pay for a money gram with a PIN number. The citizen then proceeded to Walmart, got the Money Gram, along with the PIN and returned home. The

person purporting to be from Publisher Clearing House than call the citizen back, at which time the citizen gave that person the Money Gram PIN number. The officer could only tell the citizen that they had been the subject of a Scam and their money was gone.

From Stockton Chief of Police, LaDon Trost: Since I began this Police Report article, I have warned on numerous occasion regarding telephone scams. So here it is again. Publishers Clearing House never calls any citizen notifying them of a prize. The reason is that they want to surprise the winner as well as receiving as much publicity as possible. The IRS never calls, threatening a citizen to send money immediately or an IRS Agent will be at their door with a warrant. Now if two guys in suites come to your door with IRS badges and IRS identification than I think I would pay attention. But then and only then. If someone calls and tells you that you have won the Canadian Lottery but you need to send them money so they can release the prize, it's a scam. Ask yourself have I entered the Publishers Clearing House sweepstakes or have I entered the Canadian Lottery. The answer is probably NO. If you haven't entered you can't win and even if you have entered they will never ask for money up front. Don't be taken by these unscrupulous people. Hang up and call your police department immediately.

On March 29, at approximately 6:30 p.m., an officer of the Stockton Police Department was called to a residence on Carpenter Street in reference to a Domestic problem. Upon arrival the officer determined that there had been a disagreement between a father and juvenile child. Because there was reason to believe that the child might do harm to herself, the child was transported by Stockton Ambulance Service to the Freeport Hospital for mental evaluation.

On April 2, at approximately 10 a.m., an officer of the Stockton Police Department received a report from a retired police officer of a vehicle traveling westbound on U.S. Rt. 20 East of Stockton that was driving in a reckless manner. The Stockton Officer was successful in stopping the vehicle in an area on Simmons Street. The retired police officer than signed a complaint for the offense of Reckless Driving. While the Stockton Officer was making a computerized check of the driver's license of the offending vehicle he discovered the driver's, driver's license had been suspended for financial responsibility. The Stockton officer then issued a second citation for Driving While License Suspended or Revoked. Arrested was Brianna N. Harris, age 19 of 260 West Broadway, Rockford.

On April 04, at approximately 1 p.m., a citizen of Stockton came to the Stockton Police

Department to report her identity had been compromised. The Stockton officer was shown documentation that person(s) had attempted to apply for a credit card using the Stockton citizen's name, date of birth and social security number and had then attempted to apply for credit to purchase a house in the Chicago area. The incident is under investigation by the Stockton Police Department as well as the complainant's credit card company.

On April 6, at approximately 11 a.m., an officer of the Stockton Police Department took a report of the possible neglect of a six year old child. The case is currently under investigation by the Stockton Police as well as the Illinois Department of Children and Family Services.

On April 6, at approximately 9:15 p.m., an officer of the Stockton Police Department was patrolling in an area of East Front Street when he observed a person on foot known to him as having an active Warrant of Arrest from Stephenson County. The Stockton Officer then arrested Gregory S. Lillge, age 53 of 315 East High Street, for the active Warrant of Arrest. Lillge was transported to Willow and Tiger Whip Road where the Stockton Officer turned over custody of Lillge to a Stephenson County Deputy.

Stockton Chief of Police LaDon Trost would like to remind readers that those persons arrested by the Stockton police department are presumed innocent until proven guilty by a court or courts of law.

# Wildcats battle Panthers in northern Illinois clash

By Chris Johnson  
 Reporter

LENA — The River Ridge/ Scales Mound Wildcats fell to the Lena-Winslow Panthers in a baseball-softball double-header on Thursday, April 7.

In the baseball tip-off, the Panthers edged River Ridge/Scales Mound 5-4.

After taking the one-run lead, into the bottom of the second inning, the Wildcats offense found stringing hits together, challenging.

In the bottom of the second inning, the Lena-Winslow Panthers tied the game at one.

One half-inning later, River Ridge/Scales Mound had retaken the lead, 2-1.

The lead extended into the top of the fifth inning, as the Wildcats scored their third run of the game.

Heading into the bottom of the fifth, River Ridge/Scales Mound was in front 3-1.

Lena-Winslow scored in the bottom of the fifth inning, to pull back to within one run, 3-2, as the sixth inning began.

The Wildcats added to their lead again, as they scored a run in the top of the inning, to rebuild a two-run cushion.

That lead remained until the bottom of the seventh.

With the game tied, Lena-Winslow sent across the game winning run, and came away with the double-header opener win, 5-4.

With the Panthers snatching defeat from the Wildcats in game one of the night, on the boys' baseball side, the Lady Wildcats were shutting down the attack plans, thrown at them by Lena-Winslow.

The Lady Panthers would score first in the softball double-

header, as they plated a single run in the top of the second.

In the bottom of the third,

River Ridge/Scales Mound tied the game and captured the one-run edge, 2-1, when they scored their second run.

The Lady Wildcats added the third run of the game to the scorebook, as the final runner crossed home in the bottom of the third inning.

The 3-1 lead would hold.

Lena-Winslow connected on one-hit in the game.

The Lady Panthers, however, committed six errors.

For the game, River Ridge/

Scales Mound was given the distinction of not having hit the ball, into play, during the game.

A no-hitter was thrown against them, yet the win was still captured, 3-1.

As the Lady Panthers took the field, a defensive presence was noted, as River Ridge/Scales Mound played effectively and

## Five ways to know if it's a Publishers Clearing House scam!

Information compiled  
by **Tony Carton**  
Editor

**STATELINE** — Publishers Clearing House is the REAL deal a legitimate sweepstakes company that has awarded more than \$225 Million in Cash and Prizes so far! Unfortunately, sometimes criminals try to cash in on their good name and trick unsuspecting people like you with Publishers Clearing House Scams. While they may be convincing, here are five foolproof ways to know for sure if an

offer is from the REAL PCH — or if it's a Publishers Clearing House Scam.

1. If you're required to wire or pay any amount of money in order to claim a prize, it's a Publishers Clearing House Scam. PCH sweepstakes are ALWAYS FREE to enter, and there is never any fee associated with winning.

2. If you're asked to load up a Green Dot MoneyPak or other money transfer card, in exchange for claiming your prize, it's a Publishers Clearing House Scam. Again, PCH

will NEVER ask you to pay a cent to collect a prize.

3. If someone tries to contact you in advance regarding a prize delivery, it's a Publishers Clearing House Scam! After all, that would ruin the surprise! For decades, our Prize Patrol has captured the elated reactions of surprised winners and used them in nationally-televised commercials. You'll know you're a big PCH winner if you see the Prize Patrol at your front door holding a "Big Check" with your name on it!

4. If someone calls you on the

telephone claiming to be from Publishers Clearing House and says you have won, it's a Publishers Clearing House Scam. Do NOT give them any personal information! As stated above, the Prize Patrol awards all Big Prizes in person and would never call you to update any personal information in our files.

5. If someone claiming to be from Publishers Clearing House tries to send you a friend request on Facebook, it's a Publishers Clearing House Scam. Even if they are

using the name and photo of a prominent PCH employee do NOT believe them. PCH employees and official PCH Prize Patrol Fan pages will never private message you on Facebook.

So fans, keep these 5 tips in mind, and you'll be protected against Publishers Clearing House Scams. And if you ever have any concerns about whether something is legitimate or a scam, please email Publishers Clearing House at [abuse@pch.com](mailto:abuse@pch.com), call 1-800-392-4190.

## FROM THE DESK OF STATE REPRESENTATIVE BRIAN W. STEWART

**STATELINE** — I just arrived back in northwest Illinois after spending the past week in Springfield, though we should have been back to work the entire month of March it appears the next seven weeks will be very busy. No budget resolutions were discussed yet, but many pieces of legislation were debated in committees and sometimes in a manner not conducive to good government but nonetheless argued on their merits. There were 2,181 House Bills and 1,194 Senate Bills introduced this year and it never ceases to amaze me as to the content of some of these bills. Here are a two of those bills.

House Bill 6308 was introduced which seeks to amend the Juvenile Court Act and provides that persons under 21 years of age (rather than

**Brian Stewart**

STATE REPRESENTATIVE

18 years of age) who commit misdemeanor offenses are subject to proceedings under the Act for delinquent minors. According to testimony by the Juvenile Justice Commission young people between the ages of 18-21 are still developing mentally and emotionally and thus should be treated as Juveniles. Now keep in mind that at age 18 you can enlist in the military and fight and die for our country; you can have Healthcare Power of Attorney and make life or

death decisions for a loved one; you can Vote; you can enter into contracts and make many other adult decisions. In fact I don't think I am aware of any responsible young person between 18-21 who does not want to be treated as, and considered an adult.

Also consider Misdemeanor offenses including violent offenses such as Battery; Domestic Battery; Aggravated Assault of a Handicapped Person, Senior Citizen, Teacher, Firemen or EMT; Criminal Sexual Abuse; People who expose themselves to children; Unlawful Use of Weapons or DUI to name a few. In other words this bill, if it were to pass, would mean that if you were between the ages of 18-21 and you were to commit any of these crimes, we are supposed to treat you as a juvenile or like a 12 year old. No, I do not support this bill and I am sure many of you don't either.

By now you may have heard Senate Bill 3729 was introduced and would impose a 30 cent per gallon hike in motor fuel taxes. This would bring Illinois gasoline taxes to 60 cents per gallon and easily the highest rate of any state. Yes, you read that right a whopping

60 cents per gallon gas tax. The proponents have indicated that these funds would be used to fund state and local roads, public transportation, railways and other projects. Now don't get me wrong I am a strong proponent of creating jobs and having safe roads in Illinois, but we simply can't afford such a massive increase which would cost consumers and businesses much more.

One of the good bills was one that I introduced again was House Bill 4636. This bill seeks to amend the Economic Development for a Growing Economy Tax Credit Act which removes certain provisions concerning conditions that the Business Investment Committee shall determine exist. In other words before Illinois grants incentives to retain businesses that are already here or to attract other business to move to Illinois the business must obtain a competing proposal from another state. Now let me put this in another way. If you are in business and a customer brings you a proposal from a competitor and asks you to beat the competition what would you do? If you are a competitive type of business man or woman you

sharpen your pencil, put fresh batteries in your calculator and you beat the competition! Unfortunately for Illinois that is exactly what Iowa and our neighboring states are doing to us. Jo Daviess County has lost at least 3 businesses to Iowa the past few years and this is happening all across Illinois. This bill was up in the Revenue Committee this week and I presented testimony in support. I also appreciated Lisa McCarthy from the Tri-County Economic Development Alliance, Tony McCombie the Mayor of Savanna and Vicky Trager the Mayor of Thomson attending the committee hearing as well. We will continue to push this bill forward and will continue to work hard to resolve this budget crisis. Illinois deserves the best for its citizens.

This week's session reminds me of a quote by Tony Abbott who stated, "I understand that government should live within its means, value the money it holds in trust from you the taxpayer, avoid waste, and above all else, observe the first maxim of good government; namely, do no avoidable harm."

# HCC Trustees approve budget reduction measures

FREEPORT — The Highland Community College Board of Trustees approved measures to reduce payroll costs for Fiscal Years 2016 and 2017 during a special meeting held April 8. The actions include a reduction in payroll expenses of approximately \$506,000 to partially address an estimated \$2.25 million shortfall (approximately 10 percent of operating fund revenues) over the course of Fiscal Years 2016 and 2017.

The cuts are a direct result of the ongoing State budget impasse in Springfield. Currently in the tenth month of a budget year that has seen no State funding, with little to no chance of receiving the budgeted revenue, Trustees are addressing a fiscal dilemma. It is anticipated that the institution will see a significant reduction in State assistance next year, as well, as compared to years past.

“Although this plan will necessitate reallocation of scarce resources, every effort has been made to ensure that

the quality of academic programs and services to students are protected,” said HCC President Tim Hood. “We believe that the strengthening of and growth in academic programs during recent years has improved the financial position of the College. Without this positive momentum, the reductions that we are now instituting would have been more sweeping.”

Additional plans for Fiscal Year 2017 include \$700,000 in general reductions in areas such as, employee travel & training, property/liability insurance, employee benefits, and the College-funded student worker program as well as about \$240,000 in additional revenues that include \$6 per credit hour increase in tuition for fall 2016 approved by the Board in March.

Reductions in salary and benefits include the elimination of five full-time positions, one part-time position, transitioning three positions from full-time to part-time, the reduction

of working hours for two part-time employees, as well as not filling approximately one-and-a-half current vacant positions.

Included in the salary and benefit reduction is a furlough plan that will impact all full- and part-time administrative and professional staff, as well as full- and part-time non-union support staff. This measure is projected to result in a savings of \$31,000.

“We certainly do not want to minimize the impact of jobs lost and working hours affected. Such decisions are extremely difficult and have been delivered with respect and compassion,” said Hood. “Those affected have given valuable service to the College and our students.”

Due to sound fiscal management, growth in student headcount, and the use of the fund balance, the College has been

able to continue operations without eliminating positions until now. Most colleges and universities in the state began eliminating positions much earlier this year. According to Hood, “We remained optimistic that remedies to the State budget crisis would have occurred before now, although reliable sources in Springfield confirmed that the hopes for our budget for this year are all but gone and prospects for level funding for next year are minimal at best.”

“Significant efforts have been made to reduce expenses and increase revenues where possible to avoid reductions in force; however, it became evident in the past sixty days that the situation would not be relieved anytime soon. Accepting this reality, payroll reductions are now unavoidable,” said Hood. “Like most community col-

leges across the state, 80 percent of Highland’s expenses are comprised of salaries and benefits.”

According to Vice President of Administrative Services Jill Janssen, the College has been effectively managing the impact of a declining funding stream from the State for several years. “This past fiscal year, the College has taken steps to further reduce expenses, such as limiting outlays to those that are deemed essential, reducing staffing through attrition and restructuring, reducing employee benefits, and negotiating savings with vendors,” said Janssen.

“We intend to move forward with plans to continue adding new high-quality academic programs and continue strengthening present programs to better serve our constituents,” said Hood. “New and existing partnerships with our region’s businesses, industries, community organizations, and school districts will allow us to further expand program offerings in a financially responsible manner, positioning the College for a sustainable future.”

The Highland Community College Board of Trustees will consider approval of the Fiscal Year 2017 tentative budget during their July meeting.

ISAC requests the required sixth semester data from high schools.

Each student designated as a State Scholar receives a congratulatory letter, a Certificate of Achievement and statewide recognition in the news media.

## Highland Summerset Theatre auditions to be held April 16

FREEPORT — Highland Community College's 43rd season of Summerset Theatre will be auditioning for "Joseph and the Amazing Technicolor Dreamcoat" at 11 a.m. on Saturday, April 16 in the Fine Arts Theatre located in the Ferguson Fine Arts Center.

The director is seeking talented singers, dancers and musicians. There are roles for men and women, and youth. Highland Community College Theatre Department is actively seeking a multi-cultural cast and utilizes non-traditional casting in their productions.

No monologues or prepared songs are necessary to audition. There is a dance portion of the audition. Please wear clothing in which you can move.

Performances for "Joseph and the Amazing Technicolor Dreamcoat" will be held July 7, 8, 9, and 14 thru 17.

Joseph and his coat of many colors comes to vibrant life in this delightful musical parable. Joseph, his father's favorite son, is a boy blessed with prophetic dreams. When

he is sold into slavery by his jealous brothers and taken to Egypt, Joseph endures a series of adventures in which his spirit and humanity are continually challenged. He is purchased by Potiphar where thwarting advances from Potiphar's wife lands him in jail. When news of Joseph's gift to interpret dreams reaches the Pharaoh (wryly and riotously depicted as Elvis), Joseph is well on his way to becoming second in command. Eventually his brothers, having suffered greatly, unknowingly find themselves groveling at the feet of the brother they betrayed, but no longer recognize. After testing their integrity, Joseph reveals himself leading to a heartfelt reconciliation of the sons of Israel. Set to an engaging cornucopia of musical styles, from country-western and calypso to bubble-gum pop and rock 'n' roll, this Old Testament tale emerges both timely and timeless.

# FROM LENA'S KITCHEN

The not so skinny cook

LENA — We certainly have had our fill of wind this fall, winter and now spring. It continues to blow everything that isn't fastened down, and some things that are. The warm up never came this week; now they are predicting maybe this week it will be warmer. I had to even drag out a warmer coat on Friday! I thought I was finished with it, but the weather Grinch decided we would have some more bone chilling cold. This week's recipes are trying to get us into spring. We have a great appetizer, a nice salad, some easy main entrees, and a great dessert.

The first recipe is for an easy appetizer. Asparagus has been making its way into our grocery stores at a pretty good

price. If you are looking for a different and classy appetizer, this next recipe is for you. I love using puff pastry. It literally melts in your mouth. The Parmesan gives it just a little kick. Enjoy this tasty appetizer at any time of the year.

## Asparagus Pastry Puffs

- 1 lb. fresh asparagus, trimmed
- 4 oz. cream cheese, softened
- ¼ C. grated Parmesan cheese
- 1 T. stone-ground mustard
- 2 t. lemon juice
- ¼ t. salt
- ¼ t. pepper
- 1 pkg. frozen puff pastry, thawed
- 1 egg
- 2 T. water

Preheat the oven to 400. In a large skillet, bring 1½ inch of water to a boil. Add the asparagus and cook, uncovered 1-2 minutes or until crisp-tender. Remove asparagus and immediately drop into ice water. Drain and pat dry.

In a bowl, mix the cream cheese and the Parmesan, mustard, lemon juice, salt and pepper. Unfold pastry sheets; cut each sheet in half to make four rectangles. Spread each rectangle with a fourth of the cream cheese mixture. Arrange the asparagus over the top allowing tips to show at each end; roll up jelly-roll style. Using a serrated knife, cut each roll into four

sections.

Place on a parchment-lined baking sheet, seam side down. In a bowl, whisk egg with water and brush over the tops of the rolls. Bake for 25-30 minutes or until golden. Remove to a wire rack and serve warm.

I love butter or Boston lettuce. The little heads are just the right size for someone who lives alone. The taste is great too. This salad blends the oranges and onions together with a tasty vinaigrette. This salad would go great with either of the main dishes which follow.

## Butter Lettuce Salad with Oranges and Red Onion

- 3 navel oranges
- 1 T. extra-virgin olive oil
- 1 T. white wine vinegar
- 2 t. honey
- 1½ t. Dijon mustard
- Salt and pepper to taste
- 4 C. torn butter (or Boston) lettuce
- ¼ C. thinly sliced red onion

Squeeze 2 T. juice from 1 orange into a bowl; peel and separate other two oranges into sections. Whisk in oil, vinegar, honey, and Dijon. Season with salt and pepper. Toss the lettuce, oranges and red onion with the vinaigrette.

This easy chicken casserole uses one of my favorite pastas—linguine. I like the flat spaghetti because a lot of sauce

or in this case filling sticks to the noodles. The chicken makes this vegetable pasta dish just right. I always use reduced salt chicken broth. If you don't have kosher salt, you can use sea salt or regular salt. Just be sure you taste it before you dump the whole ½ teaspoon in. You may not need salt at all. I never add as many red pepper flakes as a recipe calls for. Most of my friends add more, so it is just a matter of taste.

## Tetrazzini with Vegetables and Chicken

- 4 oz. linguine
- ½ C. boneless, skinless, chicken breast, diced
- 2 T. olive oil, divided
- 8 oz. ( ½ lb. mushrooms, sliced
- 1 C. diced carrots
- 1 C. julienned green peppers
- ¼ C. diced onion
- 1 T. minced fresh garlic
- 1 C. skim milk
- ½ C. chicken broth
- ¾ C. grated Parmesan cheese
- ½ t. red pepper flakes
- ½ t. kosher salt
- ½ t. pepper
- 2 T. apple cider
- ¼ C. chopped fresh parsley

Preheat the oven to 375. Coat a 1½ qt. baking dish with cooking spray. Cook the pasta in boiling water until al dente, about 6 minutes and drain. Sauté the chicken in 1 tablespoon of oil in a sauté pan over medium-high heat, about 5 minutes. Transfer to a paper-towel-lined plate. Add the mushrooms and sauté until liquid evaporates, about 5 minutes.

Add the remaining tablespoon of oil to pan; sauté the carrots, peppers, onion and garlic until carrots soften, about 4 minutes. Stir in flour and cook 1 minute. Add the milk and chicken broth, stirring constantly until sauce thickens, about 2 minutes. Reduce the heat to low. Stir in the Parmesan cheese, pepper flakes, salt and pepper unto the sauce until the cheese melts. Stir in the apple cider, chicken, pasta, and 2 tablespoons of parsley; transfer to prepared baking dish. Bake the casserole until bubbly, about 15 minutes and let cook for 5 minutes. Garnish with remaining parsley.

This slow cooker recipe is great for a weeknight meal. You cook the meat with carrots and tomatoes in the crock pot and then shred the meat after five hours of cooking. Serve it over your favorite pasta—penne, rotini, shells, or

whatever you fancy. If you can't find the crushed tomatoes with basil, just add the crushed tomatoes and a ¼ teaspoon of dried basil.

## Beef in Creamy Tomato Sauce

- 3 lb. beef chuck roast, cut in half
- ½ t. pepper
- 1 T. olive oil
- 1 cup of onions, finely chopped
- 3 garlic cloves, minced
- 1 can (28 oz.) can crushed tomatoes with basil
- 6 oz. tomato paste
- 4 carrots, finely chopped
- ¾ C. heavy cream
- 1½ lb. penne pasta, cooked

Trim the fat from the beef. Sprinkle with salt and pepper. Heat oil in a large skillet over medium. Add the onion and cook until translucent, about 3 minutes. Add the garlic and cook 1 minute. Transfer onions and garlic to a slow cooker and return the pan to high heat. Add the beef and brown on all sides, about 10 minutes. Transfer to a slow cooker.

Add the crushed tomatoes, tomato paste and carrots to the slow cooker. Cook on high for 5 hours. Remove the beef and shred with two forks. Return the beef to the slow cooker and cook uncovered 1 hour, or until sauce thickens. Stir in cream. Serve the beef and sauce over cooked pasta.

The last recipe is for a great dessert. You make it easy because you use a cake mix. The almond flavoring adds just the right touch, and the caramel frosting is absolutely delicious.

## Almond Cupcakes with Caramel Frosting

- 1½ C. sliced almonds
- 1 box Super Moist White Cake Mix
- Water, oil and eggs called for on cake mix box
- 1 t. almond extract

### Frosting

- ½ C. unsalted butter
  - 1 C. packed brown sugar
  - ¼ C. milk
  - 2 C. powdered sugar
- Preheat the oven to 350. Place paper baking cups in each of a regular sized 24 muffin cup pan. In a shallow baking pan, toast almonds for 6-10 minutes, stirring occasionally until golden brown. Cool 15 minutes. Reserve 1 cup almonds for garnish. In a mini food processor, grind remaining almonds until finely ground.

# CHURCH NOTES

## PASTOR'S CORNER

### Christianity and world religions

By Gary Rich  
Lay Servant, Lena United Methodist Church

LENA — Our Sunday school class continues to study the book Christianity and World Religions by Adam Hamilton. This week we looked at the religion of Hinduism. It originated in India over thousands of years ago. The religion was shaped by a people known as Aryans. Hindus believe they build karma through good thoughts and deeds.

Hindus follow a number of sacred texts from a wide variety of time periods. Hindus have many more sacred texts than the Christian Bible. One of the Hindu books is the Rig-Veda. It has 1028 chapters, some of them mythological stories and others are historical facts. Many chapters describe the relationship of God to nature and humankind. The Rig-Veda is one of four Veda Books. These books were passed down orally until around 1000 BC, when they finally took written form.

Hindus believe in one true God. However, this God can be represented by many different attributes and characters. The stories of various Gods is a way of showing Hindus how Gods interact and how the people can interact with God. Hindus believe the human soul is God within us. Hindus believe we are not born sinners and we have a divine spirit within us. We do bad things because we are ignorant and do not recognize the spiritual truth. Hindus believe we need to gain knowledge to understand our destiny.

Hindus believe that knowledge leads to good work and will ultimately achieve nirvana. They believe in the law of karma; we build up good karma through good thoughts and deeds. Through a cycle of birth, death, and rebirth they continue to try to achieve a life with no bad karma. When this point is achieved, they are then united with God in a state called "nirvana."

In Hinduism, God is in everything and everything is part of God. In Christianity, God is distinct from creation. Creation is God's handiwork, but not God himself. We are made in God's image, but we are not God.

I do not think Hindus would feel a closeness to God or a

personal connection to God. They are on a spiritual ladder and hope someday to reach that closeness. As Christians, we can experience God's presence and have a relationship with Jesus. As we mentioned earlier, Hinduism uses images and statues to view God. As Christians, we are not to make idols or anything else by which to worship God. (Exodus 20:4-6) Hindus feel they need more knowledge to feel close to God. As Christians, we seek God's grace which is given freely when we accept him as our Savior. Our works are a response to God's grace, not a way of achieving it.

Hindus feel they have multiple chances to get it right; Returning again and again to attain the required knowledge. As Christians, we need to accept God's grace while on earth. I am sure there are many loving, caring, and gentle people following the belief of Hinduism, but they do not have the hope and faith that Jesus Christ gives us. They do not have the grace that comes by believing that Jesus died for us on the cross and that by that grace we are saved. Next week we will take a look at Buddhism.

Join us at Lena United Methodist Church Sunday morning at 9 a.m. and join us for fellowship time after the service. Sunday school is at 10:30.

limited Lena-Winslow to just two hits for the game.

In the end, the 3-2 final, proved just the two hits would suffice, as the Lady Panthers won the night cap.

Into the bottom of the fourth, River Ridge/Scales Mound was in front 2-0.

Lena-Winslow scored its first run in the bottom of the fourth inning.

With the offense limited, the Lady Wildcats could not build on their lead, as the Lady Panthers scored two times in the bottom of the seventh inning, to win the game, 3-2.

Bailey Bauldauf was credited with the complete game win.

As a team, the Lady Wildcats saw 16 first-pitch strikes.

On the night, River Ridge/Scales Mound struck-out nine times.

The Thursday morning bible study is held at 9:30 a.m. and has begun a new series on "Peter and Paul." As the Old Testament had their Patriarchs of Abraham, Isaac and Jacob; so too do we have the Apostles St. Peter and St. Paul in the New Testament. This bible study will follow their journeys of faith in the early days of Christianity and will be accompanied by video clips. You are welcome to join in on any or all of the bible studies! Both bible studies are held in the Conference Room of the Lower Level. The door on the east side of the building will be open for the bible studies.

# Folk artists at work

The folk artists attending the Jo Daviess County Farm Bureau barn quilt class were only limited by their own imaginations in creating combinations of color and design.

Tracy Siegner photos  
Jo Daviess County Farm Bureau Manager Annette McLane and daughter Allison teamed up to create a barn quilt.

Nearly 50 area folk artists attended the barn quilt class at the Jo Daviess County Farm Bureau in Elizabeth last Wednesday.

Dozens of bright and colorful designs flowed from the brushes and minds of the artists attending the Jo Daviess County Farm Bureau barn quilt class last Wednesday.

(Right) After only a few hours of concentration and creativity the quilts were finished and ready for hanging on homes and barns throughout the county.

# SAVE BIG

**One way we can help each other get through these challenging times is to keep our dollars local. Here are three good reasons.**

**Reason #1:** Shopping locally saves you gas and wear and tear on your vehicle.

**Reason #2:** When you spend your money locally, you support the businesses whose property taxes pay for our municipal services.

**Reason #3:** Many of our youth programs are supported and sponsored by local businesses and if we don't support them, they can't support our kids.

## • RECIPES

Continued from page 8

In a large bowl, beat the cake mix, water, oil, eggs and almond extract on low speed for 30 seconds, then on medium speed for 2 minutes, scraping the bowl, occasionally. Fold in ground almonds. Divide batter evenly among the muffin cups.

Bake and cool as directed on the box for cupcakes.

In a 2 quart saucepan, melt butter over medium heat. Stir in brown sugar. Heat to boiling, stirring constantly. Reduce the heat to low; boil and stir for 2 minutes. Stir in milk. Heat to boiling. Remove from heat. Cool to lukewarm, about 30 minutes.

Gradually stir powdered sugar into the brown sugar mixture. Place saucepan of frosting in a bowl of cold water. Beat with spoon until smooth and spreadable. If frosting becomes too stiff, stir in additional milk, 1 teaspoon at a time. Frost a few cupcakes at a time with 1 tablespoon frosting each; press reserved almonds lightly into frosting. Store loosely covered.

Track meets and ball games haven't gotten any warmer. The Cubs open on Monday night,

and it will be really cold. I have mentioned in the past that my parents used to always go to opening day at Wrigley Field. Most of the time they were in winter coats, hats and gloves. It never dampened their desire to go to that opening day. We Cub fans have high hopes this year; I hope we won't be saying that next year will be our year in the fall. They did start out with two wins. Sometimes it takes weeks before that happens—"hope springs eternal!" Just a reminder--rhubarb will soon be making an appearance, so we are looking for some rhubarb recipes. Mother's Day brunch is fast approaching also. If you have something to share, you can contact us in person, by mail, or email us at From Lena's Kitchens, Shopper's Guide at 213 S. Center St. or email scoopshopper@rvpublishing.com.

# Healing help-the story of chiropractic science

**Information compiled by Dr. DeeDee Wampfler, D.C.**  
**STATELINE** — Marcus Bach fell asleep wondering if when he awoke, he would have to have his tonsils lanced as Dr. Johnson had instructed the boy's mother that evening. Earlier that night, his mother called the doctor, as was the normal routine when one of her children was ill. Dr. Johnson examined Marcus's throat, took his pulse and temperature, and left some medicine. Marcus could barely talk because his throat was so swollen and sore, but he heard the doctor tell his mother that if he wasn't feeling better in the morning, the tonsils would need to be "lanced".

The words of the doctor worried Marcus as he thought of the knife and scalpel. He felt

hopeless, yet realized that the words of the doctor could not be argued against. Once the doctor spoke, it was as if God himself was speaking and none would question Dr. Johnson just as none would think of questioning the priest.

Marcus talked to his father later that night and told him what had happened. He told him that Dr. Johnson said his tonsils would need to be "lanced" in the morning if he was no better. His father courageously reassured his son that the "lancing" wouldn't be so bad. In attempt for some hope, Marcus asked his father about Dr. Stacy, their neighbor.

Dr. Stacy had recently moved in next door and his father was aware that since this young, personable chiropractor had moved in, it was as if a new

religion had entered their Wisconsin town. His father sat thinking about this. Chiropractic claimed to give nature a better chance for the body to heal.

Healing with one's hands seemed pretty far-fetched, yet there were those who those in town who were beginning to tell of their experiences with Dr. Stacy. Word was going around that some had already been helped or cured of various conditions.

His father talked to his mother. Though Marcus's mother had no more faith in chiropractic than she had in Christian Science, she consented and called Dr. Stacy. His mother had been known to consent to her children's wishes if they weren't too sinful.

Dr. Stacy arrived and was shown upstairs. He examined

Marcus's spine and thrust specifically upon several areas. His father watched and when Dr. Stacy was finished asked, "You really think that will help?"

Dr. Stacy replied, "I wouldn't be surprised if it would." Then, Dr. Stacy told Marcus he would be alright and went downstairs.

Marcus's parents found him much improved the next morning. His mother retorted, "There is nothing better than a good night's sleep."

His father remarked, "And there's the chiropractor. Who is to say how much good he did."

Nerve impingements block the flow of energy to the body and the vital bodily organ systems. The nerve flow from the brain and spinal cord to the body and the nerve flow back

from the body, through the spinal cord, back to the brain is known as the river of life. Impingement in the channels (nerves), called subluxations, can cause sickness and disease. Chiropractors seek to find and remove these subluxations and allow the body to heal.

D. D. Palmer founded chiropractic in 1895 when he examined a deaf janitor. He discovered that the janitor, whose name was Harvey Lillard, became deaf when he had stooped in an exerted position. The janitor felt something give way in his back and immediately became deaf. D.D. examined the man, and found a vertebra out of alignment and reasoned that if the vertebra was replaced, the man's hear-

# Around the Northern Hills with Jo Daviess County Farm Bureau Manager Annette McLane

JO DAVIESS COUNTY — It's National Volunteer Week. The Jo Daviess County Farm Bureau wouldn't be the organization that it is today without all of the wonderful volunteers that we have. These volunteers come in all shapes and forms. It may be a long time board member, one of our Young Leaders, a volunteer for a specific program, supporting our foundation or ag in the classroom program, or one of many other ways. Regardless of how you are involved I want to say that I truly appreciate everything that you do! We all know how important it is to tell the story of agriculture and be an advocate and I appreciate everyone taking the time to do just that. If you haven't been involved, I would invite you to

do so. There are many opportunities to become involved whether it be for a long term project or just for the day.

About thirty people braved a cold, rainy day to attend the Cover Crop Field Day outside of Stockton. Attendees learned about soil health, nutrient management, nutrient scavenging, cover crops, water quality, and more. There will be further programs held this year for producers and the general public to learn more. This event was sponsored by the Illinois/Jo Daviess County Farm Bureau, Agnetic, Jo Daviess County Ag Coalition, Jo Daviess SWCD, Stephenson Service Company and U of I Extension. To receive information on future cover crop programs, please contact [jdcfbmgr@blkhawk.net](mailto:jdcfbmgr@blkhawk.net) with

your email address.

April is National Recycling Month. In honor of this the Jo Daviess County Farm Bureau will be conducting our eighth annual Nike ReUse a Shoe program at select locations. The ReUse a Shoe program allows people to recycle their old athletic shoes. Nike takes the old shoes and turns them into Nike Grind, a product used to make athletic surfaces such as basketball courts, soccer fields, running tracks, and tennis courts. Any athletic shoe can be used for this program. The only athletic shoes that cannot be recycled are shoes with metal spikes or cleats.

We will be collecting shoes at the Farm Bureau office for the entire month of April. The schools participating in the will

have collections running the week of April 18-22. For more information on this program you can call our office at 815-858-2235.

Hey, hey baseball fans! The Jo Daviess County Farm Bureau is sponsoring two bus trips to see the Milwaukee Brewers take on the Chicago Cubs on Thursday, May 19 (game time is 12:40) Monday, September 5 game time of 12:10) at Miller Park in Milwaukee.
