Scales Mound couple creates art with wood

By John Day
CORRESPONDENT

Just outside of Scales Mound, on Veta Grande Road, is Knotty Ideas which is a wood working shop and studio. Situated on a 370 acre farm is a country cabin that is a showroom for the crafts created by Mike and Beth Walter. When you step through the front door of the cabin, the first thing that grabs your attention is the shiny floor made of several different woods. The wide floor boards made of walnut, oak and other woods, stained with different colors to set a warm and inviting tone.

The 24 by 40 foot room is filled with custom made wooden pieces that range from plaques, to wall hangings, sculptures of eagles, bears, angels, furniture and any number of other items. In the basement below is the work room where, sanders, scroll saws, drill presses and chain saws are spread out and surrounded by stacks of bare wood.

Mike and Beth Walter have been here for 40 years. Originally dairy farmers, they now raise beef cattle as well as growing corn, beans and hay. Forty acres of the Walter farm is woodland and it is from this for-

est that Mike harvest trees to have the materials that he and Beth use for their creations. For more than 30 years they have pursued their passion which is wood working. Mike had built the current show room and shop in 2010.

Mike likes the beauty and texture of walnut but harvests a considerable amount of oak as that seems to be a customer favorite for furniture, wall hangings and anything else. There are many clocks on display for which Mike has made cases of different woods. A considerable number of the clocks rest in ornate, scroll saw cut cases. The scroll saw cutting and designs can make a person think of the patterns similar to lace. In somewhat of an unexpected turn about in roles, it is Mike that does the precision scroll saw work while Beth picks up a chain saw to carve the horse head shaped arms for a roughhewn bench or a five foot angel with wings.

Beth said, "While chain saw carvings of bears and eagles are always popular with buyers, an interest in owls seems to be on the rise."

Mike said, "Another big selling item is the Military medallions we make. We never know who may

come in and we never know what it is that catches their eye."

In a far corner of the showroom is a working foot pedal powered scroll saw that Mike had designed and built out of wood. All of the gears, pedals, pulleys, framing and so forth were cut, carved and assembled from pieces of oak. Mike said, "It certainly is one of a kind."

Mike demonstrated the process of affixing a paper design pattern to a slab of wood, tracing the image and then beginning the scroll saw process. One hole is drilled into the wood, the flexible scroll saw blade is threaded through the hole and reattached. Then the exacting process of maneuvering the blade along the patterns image begins.

Mike and Beth set up sales displays at a number of craft shows each year in addition to having the showroom open seven days a week. Beth said, "If we're home, the shop is open even if we have to come down from the house, but we suggest that people do call to be sure that we'll be here, especially if they coming from a distance."

Knotty Ideas is located at 8822 N. Veta Grande Road near Scales Mound. For hours and directions call 815-845-2491.

Jo Daviess States Attorney and Illinois State Police release findings in Stockton officer related shooting

Jo Daviess County State's Attorney John D. Hay would like to inform the public of the following information pertaining to an officer involved shooting in which Officer Sean Patridge of the Stockton Police Department fired shots, which resulted in the death of Troy Boyle in Stockton, Illinois at approximately 12:15 p.m. on Wednesday, March 29, 2017.

The Illinois State Police conducted an independent and detailed investigation of this incident. The investigation included, but was not limited to, interviewing the police officers and civilian witnesses who were at the scene at the time of the shooting, interviewing the ambulance and EMS personnel who responded to the scene and a neighborhood canvas to determine if neighbors saw or heard the incident. The following is a summary of the investigation findings:

On March 29, 2017 at approximately 12:04 p.m., Officer Sean Patridge with the Stockton Police Department received a call on the Stockton PD non-emergency phone line. The caller was at 526 W. Hillside Lane in Stockton, Illinois. The caller reported there was a suspicious vehicle with three people he did not know parked just south of his residence on a private driveway. The three subjects were carrying bags back and forth down to a tree line, acting erratically and the caller did not know what they were doing.

Officer Patridge first responded to 526 W. Hillside Lane, but he did not observe the vehicle or suspicious people. He then drove to the intersection of Front Avenue and Blackhawk Drive. He observed people on the Stockton Township property near a salt shed on the south side of Front Avenue when he reached the area. He observed one subject, later identified as Timothy J. Hess, walking eastbound away from him and the other two subjects walking southbound into the tree line.

Officer Patridge instructed Mr. Hess to stop and come back to him, which Mr. Hess did. Mr. Hess provided a false name to Officer Patridge and attempted to walk away from him. Officer Patridge then attempted to detain Mr. Hess by grabbing his left arm and Mr. Hess attempted to pull away from him. Jo Daviess County Sheriff's Deputy Chad Heidenreich arrived on scene at this time and observed Mr. Hess start to pull away from Officer Patridge. Deputy Heidenreich ran over to assist Officer Patridge and placed his hands on Mr. Hess's shoulders.

At this time, Deputy Heidenreich observed a second male subject, later identified as Troy Boyle, come out from behind a gravel pile area. Deputy Heidenreich saw Mr. Boyle had one hand behind his back. Deputy Heidenreich said Mr. Boyle's right hand was deliberately hidden behind his back, thus making Deputy Heidenreich fear Mr. Boyle was concealing a weapon. Deputy Heidenreich said Mr. Boyle was approaching from the area of the salt shed and gravel pile, which was approximate-

ly 100 feet from Officer Patridge, Deputy Heidenreich and Mr. Hess.

Deputy Heidenreich alerted Officer Patridge about Mr. Boyle's presence. Officer Patridge turned around as Mr. Boyle was approaching him from behind. Officer Patridge did not recognize Mr. Boyle and saw Mr. Boyle had his right arm concealed behind his back. Officer Patridge was only able to see Mr. Boyle's upper right arm, from the elbow up.

Officer Patridge disengaged from Mr. Hess, leaving Mr. Hess with Deputy Heidenreich, to engage Mr. Boyle who Officer Patridge believed was 15 to 20 yards away at this time. Officer Patridge asked Mr. Boyle, "what's going on," but Mr. Boyle did not respond and continued to approach them with his right arm partially concealed behind his back.

Officer Patridge then gave Mr. Boyle a verbal command to show his hands. Mr. Boyle ignored this command and continued to walk towards them. Officer Patridge felt threatened at this point, fearing Mr. Boyle may be concealing a weapon behind his back. Officer Patridge drew his service weapon and positioned it at the low ready with the weapon pointing at the ground. Officer Patridge gave a second verbal command to show his hands and Mr. Boyle ignored the command again. Officer Patridge gave a third verbal command and Deputy Heidenreich also gave Mr. Boyle a verbal command for him to show his hands. Mr. Boyle continued walking towards them ignoring their commands.

Officer Patridge said Mr. Boyle was approximately 10 to 15 yards away when Mr. Boyle rapidly extended his right arm, locking it straight out in front of himself, in what Officer Patridge believed was a shooting stance. Officer Patridge said Mr. Boyle's right hand was closed and Officer Patridge observed what appeared to be a gray object extending a few inches beyond Mr. Boyle's hand, causing Officer Patridge to believe the item in Mr. Boyle's right hand was a hand gun. Officer Patridge said he was in immediate fear for his life and those around him because of Mr. Boyle's aggressive actions.

Deputy Heidenreich said Mr. Boyle made a furtive movement with his right hand, up in the direction towards them. Deputy described the furtive movement as a flash of Mr. Boyle's right hand in their direction, as if pointing a weapon, in a gun like manner. Deputy Heidenreich believed Mr. Boyle was still approximately 100 feet away at this point when he was trying to comprehend if Mr. Boyle had a weapon in his hand as Mr. Hess and Officer Patridge were partially in Deputy Heidenreich's line of sight.

Officer Patridge raised his service weapon from the low ready, firing it several times at Mr. Boyle in fast succession. Officer Patridge saw Mr. Boyle move to his left with his right arm still extended towards the officers and Mr. Hess. Officer Patridge fired another shot at Mr. Boyle and

ran to the rear of his squad car for cover since he believed Mr. Boyle was firing at them.

Deputy Heidenreich remembered a quick succession of shots from Officer Patridge, approximately 3 or 4 shots. Deputy Heidenreich's immediate thoughts went to Mr. Hess who was unsecured and could still be a threat to the officers. Deputy Heidenreich grabbed Mr. Hess and escorted him around the rear of his squad car for cover. Deputy Heidenreich was unsure if Officer Patridge had struck Mr. Boyle with a round at this point, but believed he observed Mr. Boyle wince.

Officer Patridge said Mr. Boyle went behind the gravel pile while he was moving to his left with his right arm still extended pointing in the direction of the officers. Mr. Boyle reemerged on the other side of the gravel pile and Officer Patridge shot once at Mr. Boyle. Officer Patridge said Mr. Boyle went to a kneeling position and in doing so he punched his right hand out in their direction as if he was firing a gun. Officer Patridge again fired his weapon and Mr. Boyle went from a kneeling position to lying down on his back.

Deputy Heidenreich said he heard Officer Patridge give Mr. Boyle multiple verbal commands to show his hands. Deputy Heidenreich secured Mr. Hess in handcuffs after the firing ceased.

At this time, Stockton Police Chief Tom Sheehan arrived on the scene. Deputy Heidenreich secured Mr. Hess in his squad car at this point. Chief Sheehan and Deputy Heidenreich drew their service weapons and approached Mr. Boyle's last known location. They could not see Mr. Boyle since their view was obstructed by the gravel pile. Chief Sheehan and Deputy Heidenreich found Mr. Boyle lying on the ground with gunshot wounds. Chief Sheehan and Deputy Heidenreich secured Mr. Boyle and then checked for a pulse. Mr. Boyle was not responsive. They conducted a cursory search for weapons in Mr. Boyle's immediate area. They did not locate any weapons on Mr. Boyle or near him.

Deputy Heidenreich observed a silver object approximately two feet from Mr. Boyle's legs. Chief Sheehan also observed this silver object lying on the ground near Mr. Boyle's body. Officer Patridge also observed this silver object near Mr. Boyle's left hip area, which he described as a gray 5 to 6 inch tube. All three of the police officers observed this object prior to any EMS personnel arriving on scene. It was later determined this small silver object was a penlight.

Chief Sheehan remained with Mr. Boyle as Deputy Heidenreich attempted to locate the third subject, later identified as Anna K. Kaiden. Deputy Heidenreich located Ms. Kaiden, with her hands in the air, behind drainage tubes near the rear of the salt shed. Ms. Kaiden was secured in handcuffs. Ms. Kaiden was not hurt in the shooting, but did inform Deputy Heidenreich of prior rib injuries.

Stockton Ambulance Services arrived on scene and worked on Mr. Boyle. Mr. Boyle was transported to the FHN Memorial Hospital in Freeport, Illinois where he was later pronounced dead at 1:09 p.m. It was later learned through interviews, the male driver of the Stockton Ambulance moved the silver object that was located near Mr. Boyle's body, believing it belonged to one of the first responders. Stockton Ambulance Services also met with Ms. Kaiden, learned she had consumed methamphetamine earlier that day and she was transported to the FHN Memorial Hospital by Leamon Ambulance Service.

An Illinois State Trooper used a fire extinguisher to put out the fire of Mr. Boyle's car when he arrived after the shooting was over.

Mr. Hess was interviewed that afternoon at the Galena Police Department by special agents with the Illinois State Police. Mr. Hess said he was picked up by Mr. Boyle on the previous night, March 28, 2017, in Mount Carroll, Illinois. Mr. Boyle was driving a Ford Focus and Ms. Kaiden was with Mr. Boyle at that time. Mr. Boyle drove Mr. Hess to Mr. Hess's parents' residence in Stockton, Illinois. Mr. Hess spent the night at his parents' residence and did not have any further contact with Mr. Boyle until the next day at approximately 9 a.m.

Mr. Boyle called Mr. Hess the next morning on March 29, 2017 to ask if Mr. Boyle could use the Wifi internet at Mr. Hess parents' house. Mr. Hess told him no. Mr. Hess told Mr. Boyle about a friend's house approximately one block away whose Wifi password Mr. Hess knew. Mr. Hess then walked to the house where Mr. Boyle and Ms. Kaiden were parked in front of using the Wifi internet with their cell phones.

Mr. Hess got into the car at approximately 11 a.m. because he wanted a ride back to Mount Carroll. Mr. Hess said Mr. Boyle was communicating with someone on Mr. Boyle's phone. Mr. Boyle was hoping to meet up with this person in an attempt to get some money because Mr. Boyle was low on gas. However, they never met with this person and never received any money for gas.

Mr. Hess said they eventually began traveling on Illinois Route 78 towards Mount Carroll. Mr. Boyle and Ms. Kaiden started to argue about not having any gas or money. Mr. Hess said Mr. Boyle turned the

vehicle around towards Stockton after this. Mr. Boyle then stopped his vehicle at the Casey's General Store in Stockton. Mr. Hess believed Mr. Boyle stole gas from Casey's and drove away with the pump still in the vehicle. Mr. Hess recalled Mr. Boyle becoming verbally combative with another patron at Casey's after the patron told Mr. Boyle the pump was still in the vehicle.

Mr. Boyle left Casey's at a high rate of speed, causing his vehicle to peel out, and headed west out of town. Mr. Hess said Mr. Boyle was driving really fast. Mr. Boyle and Ms. Kaiden were still arguing with each other. Mr. Boyle whipped the car into a private gravel driveway. Mr. Boyle turned so sharply into the private driveway it caused the front driver's side tire to pop and become flat.

This private driveway is directly off of Front Avenue on the north side of Front Avenue and a little west of the intersection of Front Avenue and Blackhawk Drive. You could not see where Mr. Boyle had stopped his car on the private driveway from the road on Front Avenue.

Mr. Hess said he assumed Mr. Boyle pulled into the driveway because Mr. Boyle thought someone saw him steal gas from Casey's. Mr. Boyle was upset and yelling after he stopped the car. Ms. Kaiden grabbed her personal belongings from the car, which Mr. Hess thought were in 2 to 3 separate bags.

Mr. Hess asked Mr. Boyle if there was a spare tire, but Mr. Boyle would not answer. Mr. Hess said they hid in a tree line for a period of time. They eventually walked back to the car. Mr. Hess decided he was going to walk back to his parents' house. At this point, Mr. Hess observed Mr. Boyle holding a can of lighter fluid. Mr. Boyle applied the lighter fluid to a rag he was holding. Mr. Boyle stuck the rag into the gas tank of his car and lit it on fire. Mr. Hess did not know why Mr. Boyle lit his car on fire and did not understand Mr. Boyle's actions. Mr. Hess decided to leave the area. Mr. Boyle told him to not walk towards town.

Mr. Hess, Mr. Boyle and Ms. Kaiden went south towards the township's property. They crossed Front Avenue where they walked towards the salt shed and gravel pile, which was on the south side of Front Avenue. However, Mr. Hess decided to

Attorney General Madigan joins lawsuit against U.S. EPA stalling action

Attorney General Lisa Madigan and 15 other attorneys general filed a lawsuit Aug. 1, against the federal Environmental Protection Agency (EPA) and Administrator Scott Pruitt for illegally stalling the designation of areas impacted by unhealthy levels of ground-level ozone (known as smog) – vital to protecting Americans from dangerous pollution.

According to the American Lung Association, over 115 million Americans – including more than 6.2 million people in Illinois – breathe harmful levels of ozone, which often travels far distances from other states with less stringent clean air regulations. The designations, which EPA Administrator Pruitt recently delayed for one year, play a key role under the Clean Air Act in addressing smog's

serious threat to public health by triggering requirements for state-specific plans and setting deadlines to reduce pollution in the designated areas.

"The EPA should never put polluters' interests ahead of the health and safety of Americans," Madigan said. "This unnecessary delay by the EPA endangers our states and our residents."

Madigan and the other attorneys general are challenging Pruitt's one-year delay as violating the requirements of the Clean Air Act, and as arbitrary and capricious.

In October 2015, the EPA revised the national air quality standards for smog, strengthening those standards. The Clean Air Act requires the EPA, within two years after issuance of new or revised standards, to design-

ate areas of the county that are in "attainment" or "non-attainment" with these public health standards. In the case of the 2015 smog standards, the EPA was required to issue attainment or non-attainment designations by Oct. 1, 2017. However, on June 28, 2017, the EPA published a notice delaying the deadline for the smog designations for one year – to Oct. 1, 2018.

According to the EPA, the 2015 updated smog standards will improve public health protection – particularly for at-risk groups, including children, older adults, people of all ages who have lung diseases such as asthma, and people who are active outdoors, especially outdoor workers. In fact, the EPA conservatively estimated that meeting the new smog standards

would result in net annual public health benefits of up to \$4.5 billion starting in 2025 (not including California), while also preventing approximately:

- 316 to 660 premature deaths;
- 230,000 asthma attacks in children;
- 160,000 missed school days;
- 28,000 missed work days;
- 630 asthma-related emergency room visits; and
- 340 cases of acute bronchitis in children

Joining Madigan in filing the lawsuit are the attorneys general from: California, Connecticut, Delaware, Iowa, Maine, Massachusetts, Minnesota, New Mexico, New York, Oregon, Pennsylvania, Rhode Island, Vermont, and Washington, and the District of Columbia.

In addition to the Aug. 1 action, Attorney General Madigan has condemned federal executive action attempting to roll back other important environmental protections, including efforts to eliminate the Clean Power Plan and to drastically cut the EPA's budget. She recently filed a motion to intervene in a lawsuit against Pruitt's actions to halt regulation that would curb greenhouse gas emissions and methane from new sources in the oil and gas industry. On July 1, a federal court ordered that the EPA enforce the Obama-era methane pollution rule, as demanded by Madigan and 13 other attorneys general. Madigan also is part of a broad coalition of states and localities in support of the Paris climate change agreement called the "We are Still In" coalition.

The Durbin Report: President Trump is threatening Illinois families

Last week on a bipartisan basis, the United States Senate rejected repeated efforts to rip health care away from tens of millions of Americans, to undermine protections for people with pre-existing conditions, to raise premiums on older and rural communities, to slash Medicaid funding, all in order to give a tax break to big businesses and wealthy individuals. It was a victory for the country and Illinois families.

The President of the United States didn't see it that way. He continues

to be obsessed with sabotaging our health care system to score political points at the expense of a lot of innocent Americans. Instead of working with Congress to make our health care system stronger, he's deliberately threatening the well-being of millions of American families.

It's clear by President Trump's actions that he wants to sabotage the Affordable Care Act just to watch it implode. On day one of his presidency, he issued an Executive Order instructing federal agencies not to enforce the law, he cut the open enrollment period in half, and he cancelled television and radio ads that educated people about how to enroll for insurance. And even now—after insurance companies, Republican and Democratic Governors, Congress and the American people have urged him to put an end to this sabotage—the President is still threatening to cut off federal funding that helps keep premiums down for working families. Without this funding, premiums will spike, and the President knows it. Don't just take my word for it: this week, Illinois insurers very clearly indicated that the proposed premium increases for next year are a direct result of actions being taken by the Trump Administration.

It is well past time for us to get back to regular order with committee meetings, public hearings, and input from experts and the American people. It's time to put aside the partisanship and work together in an open and fair way to strengthen our health care system for American families across the board.

DONALD E. KOEHN

Donald E. Koehn, age 69 of Lena, IL, passed away Saturday, July 29, 2017 at FHN Memorial Hospital in Freeport. He was born Feb. 28, 1948; the son of Cletus and Betty (Diestelmeier) Koehn. He was a 1967 graduate of Pearl City High School. He went on to Highland Community College graduating in 1969. He then graduated from the University of Wisconsin-Platteville in 1971. Donald married Susan Kempel on April 8, 1972. He was a member of Ebenezer-Salem United Church of Christ in Loran, IL.

Donald devoted his life to his family and his farming. He farmed south of Loran for 35 years. He loved his dairy cows and would often walk the fences to be sure his herd was safe. He was an animal lover - especially with his dogs Coco, Buck, and Lily. He looked forward to spending time with his family and would count down the days until he would see them again. He also enjoyed traveling to events to watch and support his grandchildren. His favorite music was classic country, so he was often tuned in to Willie's Roadhouse on Sirius XM. His days were full of hard work, dedication, love, and laughter. He ended most days fast asleep while sitting upright at the kitchen table with his family by his side.

He is survived by his wife, Susan Koehn of Lena; mother, Betty Koehn of Lena; son, Chad (Tara) Koehn of San Jose, CA; daughters, Angela (Ryan) Pierce of Freeport, IL, Kim (Matt) Haverland of Lanark, IL, and Brittney Koehn of Peoria Heights, IL; grandchildren: Hunter & Hayley Koehn; Jayden & Bayley Pierce; Brighton, Quinc & Zyaan Haverland; father-in-law John J. Kempel of Pearl City, IL; sister-in-law, Cathie (Gary) Dambman of Milledgeville, IL; brothers-in-law John A. Kempel and Tim Bruneau of Rancho Mirage, CA; and brother, Ronald Koehn. He was preceded in death by his father, Cletus and his mother-in-law, Donna Kempel.

A visitation was held Aug. 1, at Walker Mortuary in Freeport. The funeral service was held August 2, at Ebenezer-Salem Parish at the Salem Site in Loran, IL. Interment took place at Chapel Hill Memorial Gardens in Freeport. A memorial fund has been established for the Lupus Foundation of America. Condolences may be shared with his family at www.walkermortuary.com.

JEANNE A. SIEGWORTH

Jeanne A. Siegworth, age 93, of Mt. Carroll, Illinois, passed away Sunday, July 30, 2017, at Mercy Medical Center, Clinton, Iowa. A visitation and memorial service were held Aug. 5, at Law-Jones Funeral Home in Mt. Carroll. Burial will take place in Ladies' Union Cemetery, Stockton, Illinois. A memorial fund has been established in Jeanne's memory. Family and friends are invited to share in Jeanne's life at www.lawjonesfuneralhome.com.

Jeanne was born June 9, 1924, in Chicago, Illinois, the daughter of Burs and Viola (Greenwald) Smith. She attended parochial schools in the Chicago area. Jeanne married Frances Beard. She later married Ralph

Robinson, Ralph passed away in 1984. She later went on to marry Walter Siegworth, Walter passed away in 2003.

Jeanne went to work in geriatrics, doing bed side care and nursing at the Morgan Memorial Nursing Home in Stockton, Illinois. Jeanne worked at Micro Switch in Freeport, Illinois for four years. In her younger years, Jeanne tested dairy cattle for the University of Illinois. Jeanne also owned and operated the Stockton Restaurant and Truck Stop for two years. She managed the Caroline Mark Home in Mt. Carroll for 16 years where she found joy in visiting and talking with the residents.

Jeanne was a lifelong member of the First Baptist Church in Mt. Carroll. Jeanne loved the outdoors and treasured all of the wonderful things nature had to offer. She even owned her own natural food store and operated a plant and flower business. She enjoyed outdoor photography, painting with oils, writing stories and poetry, and was an avid reader.

Jeanne will be missed by her three children, Timothy Robinson of Mt. Carroll, Illinois, Tom Robinson of Savanna, Illinois, and Ruth (Jonathan) Radke of Carpentersville, Illinois; seven grandchildren; and nine great-grandchildren. She was preceded in death by her parents, three husbands, Frances, Ralph, and Walter; and two step-brothers.

MARJORIE G. BOALS

Marjorie G. Boals, 80, from Afolkey IL passed away peacefully on Aug. 3, 2017. She was born Oct. 25, 1936, she was the daughter of Lewis Klaas and Pearl Selleck. On June 19, 1955, Marjorie married Bernard Boals in Dakota.

Marjorie graduated from Dakota High School class of 1955 and was a lifelong member of Bethel United Methodist Church in Afolkey. She

had a special gift of connecting with everyone she met and always seemed to leave an impact. She loved her kids, grandkids and great grandkids so much. Cooking and baking for family, friends and church events. She thoroughly enjoyed her garden and flowers. Mom and Dad also loved fishing and spending time at their place in the Dells.

Marjorie is survived by three sons, Brian Boals of Rockford, Bennett (Wendy) Boals and Bradley (Sherry) Boals of Orangeville; two daughters, Brenda Gutzmer of Monticello, Wis. And Barb (Jim) Sheedy of South Elgin; 14 grandchildren; 11 great grandchildren; and sister Lorraine (Bill) Houghton. She was preceded in death by her parents; husband, Bernard; two brothers; three sisters; in-laws; and many very dear friends.

A visitation was held Aug. 6, at the Daughenbaugh Funeral Home in Dakota, IL. The funeral service was Aug. 7 at Bethel United Methodist Church in Afolkey. Interment took place at the Afolkey Cemetery. A memorial fund has been established in her name. Condolences may be shared with her family at www.walkermortuary.com.

turn around when he started walking in mud near a ravine behind the salt shed. Mr. Hess saw a police squad car pull up when he turned around. Mr. Hess said Mr. Boyle took off running at this point.

Mr. Hess said he stopped and cooperated with the police officer, who was Officer Patridge. Mr. Hess said Officer Patridge asked if they were armed. Mr. Hess said he told Officer Patridge he did not think there was a gun, but he did not know. Mr. Hess told the officer Mr. Boyle did not have anything in his hands, but Ms. Kaiden was carrying backpacks. Officer Patridge then informed Mr. Hess he was being detained. Mr. Hess observed Deputy Heidenreich arrive at this time. Mr. Hess said he attempted to slip away from the area at this point. Mr. Hess admitted he was attempting to leave before he was arrested on his outstanding warrants. Mr. Hess was then instructed to put his hands behind his back.

The next thing Mr. Hess remembered was hearing gun shots, approximately 4 or 5 quickly. Mr. Hess had his back to Officer Patridge when the shots started. Mr. Hess turned around and observed Mr. Boyle after the shots started. Mr. Hess said he did not observe Mr. Boyle until he heard the second shot. Mr. Hess saw Mr. Boyle near the gravel pile.

Mr. Hess said Mr. Boyle was pointing his hands like he had a gun in his hands. Mr. Hess demonstrated this by putting both of his hands together as if making a finger gun, pointing straight out in front of his body. Mr. Hess said Mr. Boyle had his hands up as if he was holding a gun, but Mr. Hess did not see a gun in Mr. Boyle's hands. Mr. Hess did not believe Mr. Boyle had any weapons in his hands. Mr. Hess thought Mr. Boyle was smiling while doing this. Mr. Hess described the smiling as an evil, crazy smirk. Mr. Hess did not see Ms. Kaiden at this point.

Mr. Hess explained it appeared to

him as if Mr. Boyle was fucking with the police officer and taunting the officer by smiling and acting as if he had a gun in his hand. Mr. Hess described Mr. Boyle as being out of his mind when pointing his finger gun at the officers. Mr. Hess thought Mr. Boyle was hit with a shot. Mr. Hess demonstrated how he saw Mr. Boyle wince and moved his left elbow towards his stomach. Mr. Hess said Mr. Boyle stayed on his feet until he went out of sight.

Mr. Hess remembered hearing an officer say "shots fired," and then Deputy Heidenreich putting himself between Mr. Hess and the shooting. Mr. Hess followed Deputy Heidenreich's instructions and did not see much after that. Mr. Hess said Deputy Heidenreich placed him in a squad car and locked him in it.

Mr. Hess remembered hearing officers giving multiple verbal commands to Mr. Boyle to get on the ground. Mr. Hess also said, "If I am a policeman and I am standing there I don't know that I am able to assess whether or not he has a gun from that distance." Mr. Hess said it seemed like Mr. Boyle "didn't have a care for his life" and "it was almost like a I wanna die type of situation."

Ms. Kaiden was also interviewed later that afternoon at the FHN Memorial Hospital. Ms. Kaiden explained she did not see anything during the shooting, but did hear a lot of gun shots. Ms. Kaiden could not remember much of the details about the day leading up to the shooting or why they were walking away from the car through the township property.

On March 30, 2017, Illinois State Police agents interviewed Scott Kurth who was working at the Stockton Township building near the incident and witnessed part of what happened. Mr. Kurth was working in the township shop approximately 150 yards from where the shooting took place. Mr. Kurth remembered

looking out the township garage door and seeing 3 subjects walking down an embankment southbound on Front Avenue. Mr. Kurth said it was 2 males and 1 female. Mr. Kurth looked out the window again approximately 5 minutes later. Mr. Kurth remembered seeing 2 police officers in the roadway talking with a male subject (identified by others as Hess). Mr. Kurth also saw the other male subject (identified by others as Boyle) in a shooting stance facing northbound towards the police officers. Mr. Kurth said it looked like the male subject was pointing a weapon at the officers and was firing it. Mr. Kurth could not tell which officer the male subject was pointing the weapon at or which officers were firing their weapons. Mr. Kurth heard approximately 4 or 5 shots, followed by 3 or 4 more shots in quick succession. Mr. Kurth could not confirm if the male subject had a weapon in his hands, but he said the male subject was in a shooting stance with his hands clasped in front of him. Mr. Kurth remembered the officers moving behind their squad cars after hearing the shots and the officers taking the other male subject (Mr. Hess) into custody. Mr. Kurth said he was approximately 150 yards away from the incident and he did not hear any conversation or verbal commands.

A toxicology report conducted on Mr. Boyle's blood revealed he had approximately 2,900 ng/ml of methamphetamines in his blood. According to the toxicology report, blood levels of 200 to 600 ng/ml have been reported in methamphetamine abusers who exhibited violent and irrational behavior. The report also states high doses of methamphetamine can also elicit restlessness, confusion, hallucinations, circulatory collapse and convulsions.

The Illinois State Police requested a copy of the squad video from Officer Patridge's squad car and Deputy Heidenreich's squad car. Deputy Heidenreich's squad video was not recording prior to or during the shooting. Officer Patridge's squad video was recording prior to and during the shooting. However, the camera in Officer Patridge's squad car faces forward. Officer Patridge's squad car was parked on Front Avenue facing west. The shooting occurred to the south of the squad car so it was not captured on camera. Furthermore, no audio was recorded on the squad video during the shooting.

Finally, Deputy Heidenreich and Officer Patridge did not have body cameras during this incident. The Jo Daviess County Sheriff's Office did not have body cameras for the road deputies at this time. The Stockton Police Department did have body cameras at this time, but all of the body cameras for the Stockton Police Department were out of service on March 29, 2017. Therefore, there is not any audio or video recording of the events during the shooting.

The Illinois State Police also determined approximately 11.14 gallons of fuel was stolen from pump 7 at Casey's General Store in Stockton between 11:32 a.m. and 12:02 p.m.

On March 29, 2017. Casey's does not have any surveillance cameras outside and the cashier working at the time of the theft did not see a vehicle drive off so they were unable to confirm if this was in fact the gas Mr. Hess believed Mr. Boyle had stolen from Casey's. However, they did confirm the gas was stolen during the approximate time frame Mr. Boyle was believed to have been at Casey's.

The Illinois State Police determined Officer Patridge fired 8 shots on March 29, 2017. It was also determined 2 of those shots hit Mr. Boyle resulting in his death. One gunshot wound was in Mr. Boyle's right lateral abdomen and the other gunshot wound was in his upper left chest. An autopsy was conducted on Mr. Boyle on March 30, 2017 in Stephenson County, Illinois. The Forensic Pathologist who conducted the autopsy indicated in his report the cause of death for Mr. Boyle was due to, or as a consequence of a gunshot wound of the chest.

The silver penlight found next to Mr. Boyle was sent to the Illinois State Police Forensic Science Laboratory in Rockford, Illinois to determine if any of Mr. Boyle's DNA was found on the penlight. The lab determined there was a mixture human DNA profiles found on the pen that was interpreted as a mixture of three people. A major male DNA profile was identified. It was determined Mr. Boyle can be excluded from having contributed to this major male profile. The minor profile(s) identified on the penlight were identified as potentially incomplete and unsuitable for comparison.

It is the ultimate responsibility of the State's Attorney's Office to determine whether or not to initiate a criminal prosecution, and if so, which criminal charges should be prosecuted and against whom. The State's Attorney has the authority to file a criminal information charging the crime or to seek an indictment charging the crime by presenting the case to a grand jury. The State's Attorney's Office should attempt to gather as much relevant information as possible to aid in reaching a sound decision before a final decision is made.

The State's Attorney should file or seek criminal charges if he or she believes the evidence establishes a criminal offense was committed and the admissible evidence is sufficient to prove beyond a reasonable doubt a specific person or persons committed the crime. The State's Attorney should not file or seek criminal charges if he or she does not believe there is sufficient admissible evidence to prove beyond a reasonable doubt a crime was committed.

A person has a right to defend themselves, others and their property under the laws of Illinois and the United States. A person does not commit a criminal offense if the facts establish they were justified in the use of force in self-defense against another. The Illinois Compiled Statutes define The Use of Force in Defense of Person in 720 ILCS 5/7-1. Subsection (a) defines it as follows:

A person is justified in the use of force against another when and

to the extent that he reasonably believes that such conduct is necessary to defend himself or another against such other's imminent use of unlawful force. However, he is justified in the use of force which is intended or likely to cause death or great bodily harm only if he reasonably believes that such force is necessary to prevent imminent death or great bodily harm to himself or another, or the commission of a forcible felony.

The Illinois Appellate Courts have established elements the evidence must prove for self-defense to be justified. The First District Appellate Court of Illinois in *People v. Lewis*, 980 N.E.2d 1226 (1st Dist. 2012), indicated, "Thus, a person acts in self-defense where:

(1) Force was threatened against defendant; (2) defendant was not the aggressor; (3) the danger of harm was imminent; (4) the force threatened is unlawful; (5) defendant actually believed a danger existed and the use of force was necessary to avert it; and (6) defendant's belief was reasonable."

Furthermore, the Illinois Appellate Courts have established it is not necessary for the other person to be armed with a deadly weapon for deadly force to be justified. The First District Appellate Court of Illinois in *People v. Polk*, 388 N.E.2d 864 (1st Dist. 1979), wrote, "We recognize it is not necessary that the apparent danger prove to be real or that the victim be armed with a deadly weapon in order for a person to have reasonable belief that his life is endangered to the point of justifying a killing." The District Court in *People v. Brumbelee*, 240 N.E.2d 150 (1st Dist. 1968), concluded, "Whether the deceased actually had a weapon when he ran up to the defendant is not determinative in judging the latter's conduct, for whether the danger is actual or apparent does not depend on the assailant's use of a deadly weapon or of having one in his possession." Finally, the First District Court in *People v. Lester*, 430 N.E.2d 358 (1st Dist. 1981), found "Although it is not necessary for the victim to have actually possessed or used a deadly weapon to justify killing in self-defense, the absence of a weapon is a factor which may be considered by the trier of fact."

It has been determined after reviewing all of the evidence and information obtained during the investigation, that the use of deadly force by Officer Patridge when he shot and killed Troy Boyle was justified as self-defense. Given the circumstances Officer Patridge was faced with, a reasonable police officer in Officer Patridge's position could have reasonably believed he or she, Deputy Heidenreich and Mr. Hess were in imminent danger of death or great bodily harm and Officer Patridge's subsequent firing of his weapon at Mr. Boyle was justified. Therefore, Officer Patridge has been cleared and no criminal charges will be filed or sought against Officer Patridge by the Jo Daviess County State's Attorney's Office.

Patridge and Deputy Heidenreich with his right arm concealed behind his back. Mr. Boyle was ordered multiple times by the officers to show his hands so they could determine what, if anything, he had behind his back. Mr. Boyle ignored the officers' commands by continuing to approach them and keeping his hand behind his back.

Officer Patridge drew his service weapon and pointed it at the ground while he was ordering Mr. Boyle to show his hands. Mr. Boyle would have been in a position to easily

see Officer Patridge had drawn his service weapon. Officer Patridge's actions of drawing his firearm and pointing it at the ground should have placed Mr. Boyle on notice that Officer Patridge would potentially use his firearm if necessary. However, Mr. Boyle continued to ignore the officers' commands by continuing to approach them and keeping his hand concealed behind his back.

Mr. Boyle then quickly raised his right hand from the concealed position behind his back and took a shooting stance as if he had a gun

he was pointing at the officers. Officer Patridge, Deputy Heidenreich, Mr. Hess and Mr. Kurth all agree Mr. Boyle was standing holding his hands together acting like he had a firearm he was pointing at the officers.

Mr. Boyle continued pointing his hands at the officers like he had a gun even after Officer Patridge started shooting at him. Officer Patridge said Mr. Boyle held his right arm in front of him extending it towards the officers as he moved to his left behind the gravel pile. Officer Patridge said Mr. Boyle went to a kneeling position when he reemerged from the other side of the gravel pile and punched his right hand in the direction of the officers as if he was firing a gun.

Officer Patridge said he saw Mr. Boyle's right hand closed around a gray object extending a few inches beyond his hand, which caused Officer Patridge to believe Mr. Boyle had a hand gun in his right hand. Mr. Hess said he did not observe a weapon in Mr. Boyle's hand, but also said he was uncertain if a police officer standing there would be able to assess whether or not Mr. Boyle had a gun. Deputy Heidenreich said he feared Mr. Boyle was concealing a weapon behind his back when he was approaching, but also said he could not tell if Mr. Boyle had a weapon in his hand before the shooting started because Mr. Hess and Officer Patridge were partially in Deputy Heidenreich's line of sight. Mr. Kurth said it looked like

to him the male subject was pointing a weapon at the officers and was firing it, that the male subject was in a shooting stance with his hands clasped in front of him, but also said he could not confirm if the male subject had a weapon in his hands.

Mr. Boyle was not in possession of a firearm, but it is possible he had the silver penlight in his hands when he was pointing them at the officers acting like he had a gun. Chief Sheehan and Deputy Heidenreich both saw the silver penlight next to Mr. Boyle. Officer Patridge also saw it when he approached. This was before the EMS personnel arrived with the ambulance.

The DNA test on the silver penlight did not confirm it was in Mr. Boyle's possession. However, it also did not prove the penlight was not in Mr. Boyle's possession. There was one male DNA profile on the penlight suitable for comparison. The DNA test confirmed this was not Mr. Boyle's DNA. This DNA could have been left by the male ambulance driver who moved the penlight or any other male who previously touched it. However, there were two other potential DNA profiles that were in such a condition they could not be tested to determine if they were left by Mr. Boyle. Finally, it is common for people to touch an item without leaving any DNA on the item so it is possible Mr. Boyle had the penlight in his possession and did not leave any DNA on it.

Officer Patridge said he saw a

gray object in Boyle's hands. Officer Patridge also described the silver penlight as a 5 to 6 inch gray tube. A police officer, under these circumstances, who observes part of a 5 to 6 inch gray tube sticking out of a closed fist could reasonably believe he or she saw a gun barrel or a gun. Even if Mr. Boyle was not in possession of the penlight, a police officer could reasonably believe Mr. Boyle was in possession of a firearm because Mr. Boyle concealed his arm behind his back, ignored multiple verbal commands to show his hands even after Officer Patridge drew his service weapon and pointed it at the ground, quickly raised his hand from behind his back into a shooting stance acting like he had a firearm and continued to have his hands in a shooting position even after Officer Patridge began firing at him.

Officer Patridge was reasonable in his immediate fear for his life and those around him because of the actions of Mr. Boyle. The analysis of reasonableness must embody allowance for the fact that police officers are often forced to make split-second judgments, in circumstances that are tense, uncertain, and rapidly evolving, about the amount of force that is necessary in a particular situation.

This incident was investigated by the Illinois State Police and reviewed by the Jo Daviess County State's Attorney's Office and it has been determined Officer Patridge was justified in using deadly force against Mr. Boyle.

Stockton FFA Alumni to host antique tractor drive

Plans are underway for the 2017 Stockton FFA Alumni Antique Tractor Drive. This year's event has been expanded to include a full day worth of touring rural Jo Daviess and Stephenson Counties.

The event will be held on Saturday, August 26. It's an opportunity for antique tractor lovers from Northwestern Illinois and Southern Wisconsin to showcase their family collections. All tractors that are model year 1987 or earlier, and that can travel at least 10 mph, are welcome to participate.

Participants should check in no later than 8 a.m. at Stockton High School which is located at 540 N. Rush St. just off U.S. Route 20 in Stockton. The drive will start promptly at 8:15 a.m. and will cover approximately 50 miles round trip. Stops along the route will be Jim Brant's Planter Collection (Pearl City), Lake Carroll, Loran Valley, Lunch at Slurp & Burp, and Blackhawk Monument as we return to Stockton High School around 4:30 PM. The event will be held rain or shine, but poor weather conditions may alter the route.

Registration is \$40 per tractor and it will include lunch, tractor sign, button, name tag, and refreshments. Drivers must be at least 16 years of age and have a valid driver's license in order to drive in this event. Drivers will need to sign a Driver Safety Pledge prior to participating. There are approximately 15 seats available on a covered wagon that will be a part of the drive at a cost of \$25 per seat. Passenger will be required to sign a Passenger Liability Waiver. Anyone under the age of 18 will need a legal guardian's signature on the required paperwork as well.

For information concerning the rules and requirements or to register please contact Greg Millerschone (815) 947-3345 or Brad Brudi (815) 858-4366.

Registration forms need to be returned to the Stockton FFA Alumni, c/o Rick Duchow, 312 N. Hudson St., Stockton, IL 61085. Pre-registration is preferred by August 19, but people can register the day of the event as well.

Jo Daviess County agencies to explore COAD possibilities

The Jo Daviess County Health Department and Jo Daviess County Emergency Management Agency are currently working on creating a Community Organization Active in Disaster (COAD). A COAD is an organization, based within a community or geographic area that is composed of representatives from public, private, and non-for-profit agencies. The purpose of creating a COAD is the community working together in time of need. A COAD will enhance the community's ability to prevent, prepare for, respond to, and recover from disaster. Every county agency can make a difference in the event of a disaster. The first COAD meeting will be on August 16, at 10 a.m. at the Jo Daviess County Health Department. If interested in attending or joining, please RSVP to Lori Stangl, Director of Clinical Services at (815) 777-0263 ext. 239 or lstangl@jodaviess.org.

Stockton Community Unit School District #206 BOE July regular meeting minutes

The regular meeting of the Stockton Community Unit School District #206 Board of Education was called to order at 6:30 p.m. in the High School Library on Monday, July 17, 2017. Members present included Kirk Schubert, Kim Mapes, Neill Cahill, Todd Vincent, Roger Groezinger, and Deb Gille. Member Nicole Haas joined the meeting at 6:55 pm. The regular and closed session minutes of June 19, 2017, and the FY17 amended budget hearing minutes were approved 6-0 following a motion by Groezinger and second by Mapes. Bills totaling \$897,133.36 were approved for payment 6-0 following a motion by Groezinger and second

by Mapes. The financial report was approved 6-0 following a motion by Gille and second by Gille. The District's architect and engineer reported that the Middle School HVAC project was on schedule and also reviewed change orders.

Superintendent Gilliland reviewed upcoming construction meeting dates, thanked the Foundation for donating \$4,000 for new fifth grade science textbooks, and told the board that the Finance Committee would meet on August 2, and the Policy Committee would meet on Aug. 21 at 5:30 p.m. before the next regular meeting. In addition, Dr. Gilliland reported that Tech Director Gary Baglin is in the

process of gathering more information on a new phone system. High School Principal Casey Downey congratulated the FFA for their fifth place state finish in the Greenhand Quizbowl competition, Stanlee Rillie for receiving the Silver State Award for his scrapbook, and the FFA Program for receiving the Century Challenge Award for having all agricul-

ture students participating in FFA. In addition, Ms. Downey reported that a Facebook page has been started for the High School. Individuals can "like" the page to receive High School updates and announcements. Principal Brad Fox thanked the many volunteers who helped at school-related booths on July 4th. The Foundation's season pass winners were

Erin Jordan and Baylee Foreman. In addition, he reminded the board that the Blackhawk Open was scheduled for July 22. Principal Colleen Fox congratulated Leighton Krueger for winning the Little Blackhawk bicycle donated by the Lions Club and reported on the successful U.D. for Kids Summer Program. The administrators also reviewed a new coaches'/advisors' handbook with the board as well as a new extra-curricular code of conduct document that will be acted on at the August meeting.

Member Groezinger reviewed the CTE Academy minutes, and the Building and Grounds Committee report included discussions about two replacement doors and stage mechanism improvements.

Under new business, the board took the following action:

Matt Mau to preach at St. John in Lena

A true "son of the congregation", the Reverend Matt Mau will take the pulpit at St. John's, Lena on the weekend of August 12 and 13, as part of the festivities celebrating the 125th anniversary of St. John's church and the 500th anniversary of the Christian Reformation. Matt will preach at worship services Saturday evening at 5:30 and Sunday morning services at 8 and 10:30.

Pastor Matt Mau serves the congregation of St. John's Lutheran Church in Waco, Nebraska. He is the son of Mark and Anita Mau; grandson of Tom and Carol Mau and Carole Fernstead. Pastor Mau and his wife Rebecca have two sons, Levi and Simeon and daughter, Anna.

The family of St. John's, Lena has served the Lord in mission and ministry in the Lena community for over 125 years. Pastor Rick Bader has served the St. John's family since 1980. The church was formerly housed at 308 E. Lena St, then constructed a new building and moved to its current location at 625 Country Lane Dr in 1987.

This year, 2017, is the 500th anniversary celebration of the Christian Reformation that began when Martin Luther nailed his 95 Theses to the door of the Castle Church in Wittenberg, Germany in 1517. These "theses" formed a list of questions and propositions for debate. One of Luther's 95 Theses simply declares, "The Church's true treasure is the gospel of Jesus Christ. The central theme of the reformation remains the central theme of our church over all these years—the Gospel of Jesus Christ.

The whole Lena community is invited to join us on Sunday, August 13, for an Ice Cream Social and Summer Concert at the church, 625 Country Lane Dr, Lena. The Concert will feature "The Fever String Band." Music begins at 6 p.m. and runs to 7:30 p.m. Everything is free: ice cream, popcorn, bottled water, and cookies. Just bring a lawn chair or blanket and a friend. Also, we will accept donations to the Lena Food Pantry---canned or non-perishable food items, paper products, or a monetary contribution.

Family Fun Night at First Baptist Church of Warren

First Baptist Church of Warren invites the whole community to join us on Friday, August 11, for a Family Fun Night. It starts at 5 p.m. with games for all ages at the Little League Park in Warren, highlighted by the "Big Ball" games! Following the games, we will return to the church for hot dogs, chips, and cookies! Then, at 6:30, we will be having a special showing of the film Courageous. This award-winning movie centers on the lives of four police officers and the greatest challenge that each of them faces - fatherhood.

There is no cost to attend. Come whenever you can. All ages are welcome. You won't want to miss this

fun night with your neighbors and friends. If you have any questions, please call (815)745-2287. First Baptist Church is located at 101 W. Jefferson St. in Warren.

Chiropractic can provide a solution for the common problem of headaches

Information compiled by Dr. DeeDee Wampfler, D.C.
PREMIER CHIROPRACTIC

Headaches can significantly impact a person's quality of life, especially when they are frequent, as is most often the case in tension-type headaches. Millions of doctor's visits every year are due to these common recurring headaches that are often treated with powerful pain-relieving medication. Tension-type headaches have been shown to regularly affect one out of every 6 people.

They are so common, many people think headaches are a normal part of life and continually treat

Dubuque man sentenced in Jo Daviess County court

Jo Daviess County State's Attorney, John D. Hay would like to inform the public of the following information. On July 27, 2017, Cody J. Berry of Dubuque, Iowa was sentenced by Judge William Kelly to 3 years in the Illinois Department of Corrections. Mr. Berry must serve 85% of the 3 year sentence. Once released from the Illinois Department of Corrections, Berry will be placed on two years of Mandatory Supervised Release, formerly known as Parole.

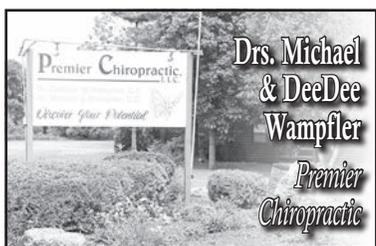

This Sentencing Hearing is a result of a Plea Agreement entered into in which Mr. Berry pled guilty on March 14, 2017 to the offense of Aggravated DUI (Fatality).

These charges stem from a motor vehicle crash that took place in East Dubuque, Illinois on November 17, 2014. The crash resulted in the death of Berry's passenger, Gavin J. Gremmel, (age 18) of Dubuque, Iowa.

This incident was investigated by the East Dubuque Police Department and the Illinois State Police.

A little levity to lighten your day

Two elderly women were out driving in a large car — both could barely see over the dashboard. As they were cruising along, they came to an intersection. The stoplight was red, but they just went on through. The woman in the passenger seat thought to herself "I must be losing it. I could have sworn we just went through a red light." After a few more minutes, they came to another intersection and the light was red again. Again, they went right through. The woman in the passenger seat was almost sure that the light had been red but was really concerned that she was losing it. She was getting nervous. At the next intersection, sure enough, the light was red and they went on through. So, she turned to the other woman and said, "Mildred, did you know that we just ran through three red lights in a row? You could have killed us both!" Mildred turned to her and said, "Oh dear, am I driving?"

their headaches with ongoing powerful drug usage. The pain drugs only temporarily numb the pain without addressing the cause of the headache and the cycle of headache pain and medication becomes a vicious circle that repeats itself over and over again. As the pain occurs again, medication occurs to relieve the pain for a time and then the medication wears off as it's processed through the body and the headache pain recurs only to be battled with another dose of pain medication and

so on. These drugs can lead to terrible side effects like ulcers, leaky gut syndrome, and irritable bowel, while the person continues to suffer with headaches.

Research has shown that subluxations, which are misalignments in the spine that cause disturbances of the Central Nervous System are the most well-known cause of tension-type headaches. This is why Doctors of Chiropractic often see very favorable results in patients who suffer from tension-type headaches. Chiropractors treat subluxations in the spine by safely adjusting the spine, working to restore normal function to the Central Nervous System, joints, muscles, and tissues involved; thereby directly affecting the cause of these headaches and often providing long-term relief.

True health and healing comes by correcting the source of the prob-

lem, which results in better, safer, long-term results versus numbing the pain regularly with drugs. Chiropractic care, especially specialized CBP care restores the spine to its normal or as near normal as possible alignment and improves the function of the nervous system, joints, muscles, and soft tissues involved, improving a person's quality of life.

Chiropractic can provide the solution to the many millions of people who regularly suffer with

tension-type headaches by addressing the root cause of this ailment without drugs or surgery safely and effectively. Chiropractors adjust the spine to restore normal joint motion and function to the spine improving the function of the Central Nervous System. CBP certified chiropractors also use additional therapies to restore the spine to its normal position, much like a dentist may use braces to restore the teeth to their normal alignment. Addressing the cause of the problem makes sense.

SOS to host Civil War buff and guest speaker Gordon Dammann

The SOS+ (Senior Outreach of Stockton and Surrounding Areas) will hold its August 10, meeting at Calvary United Methodist Fellowship Hall in

Stockton at 2 p.m. with a special guest speaker, retired dentist and friend, Civil War buff, Dr. Gordon Dammann.

Civil War has been in his blood as

far back as one can imagine....and if you were fortunate enough, you may of had the privilege of taking one of Gordon Dammann's numerous Civil

War bus trips to the battlefield in Gettysburg, PA. Dr. Dammann began collecting in 1971. He is the founder of the National Museum of Civil War Medicine, Frederick, MD. Dammann is a licensed guide at Antietam National Battlefield and has participated in Civil War programs throughout the United States, including West Point and the Smithsonian Institution.

Dammann, retired from his private dental practice in Lena, IL and is very active in several Civil War and historical societies. He is the author of a three-volume Pictorial Encyclopedia of Civil War Medical Instruments and Equipment, co-author of Images of Civil War Medicine—A Photographic History, and editor of the reprint Memoirs of Jonathan Letterman, MD Surgeon of U.S. Army 1861-1864.

Doctor Dammann will put a new twist on the ever popular program of the Civil War by introducing us to what dentistry was like during the Civil War days. He will have stories to tell and artifacts to show. It's another SOS day you won't want to miss.

Please join us on Thursday, August

10, at 2 p.m. at Calvary. Following the program, the group will enjoy delicious refreshments provided by the seniors along with some good fellowship time.

All seniors of the area are cordially invited to this informative meeting. SOS+ is an outreach ministry with the purpose of providing educational and entertaining programs and a time of fellowship that are free to all seniors of Stockton and surrounding areas (SOS+). We extend a cordial invitation to all. The meeting starts at 2 p.m. at Calvary United Methodist Church's Fellowship Hall. In it's thirteenth year, SOS+ is made up of area volunteers from all our area churches. Volunteers are always welcome. If you would like be a part of the committee that plans the monthly programs or if you have a program or talent you would like to share, please let us know.

For more information on SOS+, please feel free to call Mary Feltmeyer 815-297-5425, Nancy Rice 815-947-3683 or Shirley Toeffler 815-947-3639. If you are in need of a ride to the church, we would be more than happy to accommodate you. Please call.

Apple Corps

Apple Corps crews worked tirelessly all week clearing out flood debris to make Apple Canyon Lake great again.

Celebrate National Farmer's Market Week

U.S. Secretary of Agriculture Sonny Perdue has proclaimed Aug. 6-13 to be National Farmers Market Week. This is the eighteenth year USDA has supported local producers by encouraging families to meet, and buy from, the farmers and other vendors at their local farmers market.

The proclamation Perdue signed notes farmers markets and other agricultural direct marketing outlets contribute approximately \$9 billion each year to the U.S. economy and "serve as significant outlets by which small-to-medium, new and beginning, and veteran agricultural producers market agricultural products, generating revenue that supports the sustainability of family farms and the revitalization

of rural communities nationwide."

Throughout the week, thousands of U.S. farmers markets will highlight the range of produce, fruit, meat, dairy and specialty products available from their local and regional farmers. USDA's National Farmers Market Directory makes it easy to locate farmers markets in towns and neighborhoods across the country. Buying directly from farmers and ag-entrepreneurs has an outsized impact by helping diversify farm incomes and supporting other businesses by keeping more money in the local economy.

In addition to being good for the farmers and convenient for consumers, farmers markets are a gathering place that help build a sense of community.

100 Women Who Care schedule August meeting

Please join 100 Women Who
Caret at their next meeting on Au-
gust 10, at The Wagner House, 1 E.
Spring St., Freeport, IL for a 5:30
Social Hour and 6:30 meeting.

100 Women Who Care is a group
of local women who are interested
in supporting the local communities
within Stephenson County.

Their goal is to donate \$10,000 to
a local charity in one hour, four times
a year. In their first year, they raised
\$23,400 which went directly to Ste-
phenson County Organizations.

How do they do it? Well, members
each donate \$100 to a local non-prof-
it organization/charity chosen by a
ballot vote. 100 members donating
\$100 each equals \$10,000 given to a
local charity!

The group meets for one hour,
four times a year, and each mem-
ber brings a check for \$100 to each

meeting. Members nominate orga-
nizations to be put into a hat. Three
organizations are drawn at random at
each meeting. Nominating members
each make a 5-minute presentation
about the organizations. Then, the
members all vote on which cause to
support and the organization with the
most votes receives the donations;
checks are made out directly to that
organization on the spot.

Interested? Join 100 Women
Who Care at their next meeting on
Aug. 10, at The Wagner House, 1 E.
Spring St., Freeport, IL for a 5:30
Social Hour and 6:30 meeting.

Rockford Office of Lutheran Social Services of Illinois recruiting foster parents

In Illinois, more than 17,000 chil-
dren live in foster care. The Rockford
office of Lutheran Social Services of
Illinois (LSSI) seeks caring adults to
become foster parents and serve as a
supportive presence for children in
foster care. LSSI is one of the largest
providers of foster care in Illinois.

Foster care is the temporary place-
ment of a child in a new home away
from their family. Placement in a fos-
ter home protects a child while work-
ing with the birth family toward the
ultimate goal of returning the child
home. When it is not possible to re-
turn a child home safely, a new goal
of adoption may be sought. Foster
parents are part of a team that sup-
ports the child in this process

"We're always in need of quality
foster parents who can provide tem-
porary, loving homes for children,
teens, and/or sibling groups," said
Kathy Reese, LSSI's Foster Care
Program Director in Rockford. "As
one of the largest providers of foster
care in Illinois, our staff is experi-
enced in providing guidance and sup-

port to prospective foster parents."

For adults interested in becom-
ing foster parents, an LSSI resource
worker can guide those interested
through the application packet and
discuss the details involved. Pre-ser-
vice training is required. Foster par-
enting includes stipends to assist in
caring for a foster child. Adults age
21 or over are eligible to become
foster parents. Other qualifications
include:

- A desire and commitment to care
for and work with children.
- A stable, understanding, caring
adult who is in good health.
- A desire and ability to work as
part of a team.
- Having sufficient financial re-
sources to provide for yourself and
your family.
- Supporting children's ties to their
birth families and reunification ef-
forts, when applicable.

For more information about be-
coming a foster parent in the Rock-
ford area, please call (815) 969-8836
or visit LSSI.org.

Jo Daviess Sheriff's Office K9's Crow and Basco to get body armor

Jo Daviess Sheriff's Office K9's Crow & Basco will receive bullet and stab protective vests thanks to a charitable donation from non-profit organization Vested Interest in K9s, Inc. K9 Crow & Basco's vests will be embroidered with the sentiment "In memory of K9 Ty, California City Police Department". Delivery is expected within eight to ten weeks.

Vested Interest in K9s, Inc. is a 501c (3) charity located in East Taunton, MA whose mission is to provide bullet and stab protective vests and other assistance to dogs of law enforcement and related agencies throughout the United States. The non-profit was established in 2009 to assist law enforcement agencies with this potentially lifesaving body armor for their four-legged K9 officers. Since its inception, Vested Interest in K9s, Inc. provided over 2,600 protective vests, in 50 states, through private and corporate donations, at a cost of over 2.1 million dollars.

The program is open to dogs actively employed in the U.S. with law enforcement or related agencies who are certified and at least 20 months of age. New K9 graduates, as well as K9s with expired vests, are eligible to participate.

The donation to provide one protective vest for a law enforcement K9 is \$1,050.00. Each vest has a value between \$1,795 - \$2,234 and a five-year warranty, and an average weight of 4-5 lbs. There is an estimated 30,000 law enforcement K9s throughout the United States. For more information or to learn about volunteer opportunities, please call 508-824-6978. Vested Interest in K9s, Inc. provides information, lists events, and accepts tax-deductible donations of any denomination at

www.vik9s.org or mailed to P.O. Box 9 East Taunton, MA 02718.

On Nov. 24, of 2014, the Jo Daviess County Sheriff's Office purchased a 1.5 year old Belgian Malinois later named Basco. Basco was imported from the Czech Republic to Vohn Liche Kennels in Denver, Indiana. Basco would then be partnered with Deputy Klaus Kretschmer, a five year Deputy assigned to K-9 patrol. In May of 2014, Deputy Kretschmer and K-9 Basco completed the ten week Illinois State Police Canine Academy in Springfield, IL. Basco is certified in narcotic detection (cannabis, heroin, meth, cocaine, and Ecstasy), tracking, building/area searches, apprehension, and article searches. Deputy Kretschmer and Basco are currently assigned to the Northwest Critical Incident Response Team (C.I.R.T.). On their off time, Basco loves playing fetch with our three year old daughter. Basco also loves swimming and playing with other dogs. A few dislikes that Basco has are cats and deer. Basco has a very social personality and loves the company of others.

Deputy Joe Duerr and K-9 Crow completed their original K-9 training and certification course in 2014 with the Illinois State Police. K-9 Crow was born in Sweden and imported for the purpose of being trained as a full purpose K-9. K-9 Crow is a very high energy K-9 who enjoys his job which is primarily narcotics searches. K-9 Crow is also used for article searches, tracking, and apprehension. When K-9 Crow is not working, he likes to burn off energy by playing fetch or catching his flying disk. K-9 Crow greatly dislikes squeaky toys and will immediately tear open any toy with a squeaker just to remove the squeaker.
