LET'S COMPARE MICHELLE COURIER'S RECORD

Michelle Courier's office has only won 63% of felony jury trials. Her predecessors Roger Russell, Jim Hursh and John Maville all had 82-85% win records.

Michelle Courier has one of the worst records for numbers of days it takes to close a case by trial.

	Stephenson	Ogle	Boone
Misdemeanors	249	359	917
Felony	475	563	788
DUI	479	782	1185

Information obtained from the website of the Administrative Office of the Illinois Courts

When Michelle Courier ran for State's Attorney 8 years ago her numbers and her ads were questionable.

"States Attorney conviction rates in ads questioned"

"Courier has said only 32.6 percent of the Class X felony charges Hursh has filed have resulted in Class X convictions. But a Register Star analysis of the Class X felonies resolved during Hursh's tenure uncovered different numbers."

Rockford Register Star
January 30, 2008

Michelle Courier is on the attack again with her own stats. Her numbers were wrong 8 years ago and they are wrong now.

On March 15th the people of Boone County have a choice in the State's Attorney's race. Join the thousands of voters who are voting for Tricia Smith!

Elect **TRICIA SMITH**

FOR BOONE COUNTY STATE'S ATTORNEY

FOR THE RECORD

TEN HABITS THAT ARE BAD FOR YOUR TEETH!

— Part 1 of 2 —

We all know (hopefully) that opening a bottle of Budweiser with your teeth is not a good idea! But there are ten other things you may be doing that can cause a little or a lot of damage to your pearly whites!

1. **Thumb sucking.** Kids who constantly suck their thumbs can be causing the teeth and jaws to misalign, leading to major problems later in life. As for adults who suck their thumbs - well that's a different story altogether!
2. **Chewing or sucking on lemons.** Some people (we're not sure why!) love the tanginess of lemons so much they suck on them. On thing is for sure - your tooth enamel doesn't like the highly acidic lemon juice and will corrode with time.
3. **Brushing too hard.** It seems to make sense - scrub your teeth harder and they will get cleaner. But you teeth aren't a dirty frying pan, and brushing too hard can wear down both your teeth and gums. Use a soft brush with a gentle but thorough technique.
4. **Jaw clenching and tooth grinding.** These are signs of stress and are often done subconsciously. But these habits can not only wear down teeth and dental work such as crowns, they can cause pain and chronic problems with the sensitive jaw joint, often called the "TMJ"
5. **Crunching ice.** Think about the special blades your blender needs to crush ice. Get the picture? The hardness of ice plus the extreme cold is a double recipe for disaster to teeth and fillings.

Any questions? at Rockton Dental Care your health and comfort come first! Feel free to give us a call at 815-624-2626 to schedule an appointment or to discuss any dental health matters
