# STOCKTON POLICE DEPARTMENT REPORT FOR THE WEEK ENDING MAY 26

STOCKTON — On May 19, at approximately 1 p.m., an officer of the Stockton Police Department responded to a bank in Stockton that reportedly discovered a counterfeit \$100 bill. The case was turned over to the United States Secret Service.

On May 19, at approximately 2 p.m., an officer of the Stockton Police Department was called to an apartment in the 100 block of South Main Street in reference to the vandalism of a vehicle. It was discovered that a tire of a vehicle owned by the complainant had been slashed. The case is under investigation by the Stockton Police Department.

On May 20, at approximately 8 p.m., an officer of the Stockton Police Department was called to the Stockton Park in reference to a disturbance. The Stockton Officers investigation of the incident revealed that the aggressor of the disturbance was Tristan R. Blalock, age 27 of 527 South Main Street. Blalock was transported to the Stockton Police Station where he was arrested for Disorderly Conduct and released on a notice to appear.

On May 21, at approximately 12:17 a.m., an officer of the Stockton police Department was on routine patrol when he observed, on more than one occasion, a vehicle cross the center line south

## Village of Stockton offers paint assistance program

STOCKTON — Does your home or business need a new paint job and you just can't afford to buy the paint? Let the Village of Stockton help with their exterior paint program. Residents can be reimbursed up

bound on Main Street. The officer stopped the vehicle and discovered the driver and passenger, both juveniles, to be in violation of curfew. Because the Illinois standard for driving after curfew dictates that an Illinois Driver's license is not valid after curfew, the juvenile driver was arrested for No valid Driver's License and was also issued a warning for Improper Lane Usage. The juvenile female passenger was issued a citation for violation of curfew. Both the male driver and the female passenger were turned over to the custody of their parents at the Stockton Police Station. By Illinois Statutes, the names of Juveniles are to be withheld from public access.

On May 21, at approximately 10 p.m., an officer of the Stockton police Department was called to Casey's General Store in reference to a person obtaining gas and leaving without paying. At the time of the police report by the officer, the store security system was not available for review by the officer. Further investigation will be conducted by the Stockton Police Department.

On May 22, at approximately 03:15 p.m., an officer of the Stockton Police Department was called to Kid's Town in reference to an unsupervised 4-year old child. According to witnesses the child had reportedly been at Kid's Town for over one hour with no supervision, prior to the arrival of the Stockton Officer. The child was taken to her residence by the Stockton Officer. The case was turned over to the Illinois Department of Children and Family Services.

to \$250 for paint which must be purchased locally. This program is limited to five applicants on a first come basis. Please contact Village Hall at (815) 947-2515 for additional information.

On May 22 at approximately 9:45 p.m. an officer of the Stockton Police Department was on routine patrol when he observed a vehicle traveling west bound on U.S. Rt. 20 at a speed greater than the posted limit. The Stockton Officer proceeded to make a traffic stop at a location near the Stockton High School. It was then discovered that the driver Sylvia Brook-Clausell, age 58, of 6869 South Crandon Avenue, Chicago had been driving while her driver's license was suspended. The officer asked MS Clausell if any other of the five passengers had a valid driver's license. The officer was advised that MS Clausell's daughter had a valid driver's license. Upon making a computerized check of MS Clausell's daughter's driver's license the officer discovered that she too was suspended in Illinois. The only remaining adult in the vehicle, a 19 year old male grandson of Clausell, also had a suspended Illinois driver's license. At one point during the traffic stop the 19 year old male Damien K. Frazier, of 6805 South Sangamon Street, Chicago became argumentative and aggressive toward the officer. Damien K. Frazier was then arrested by the Stockton Officer for Obstructing a Police Officer. Frazier was transported to the Jo Daviess County Jail by a Sheriff's Deputy while Ms. Clausell was transported to the Stockton Police Department and arrested for Driving While License is Suspended along with a warning for speeding. MS Clausell posted a cash bond along with a \$20 administrative fee and released from custody. The vehicle driven by Ms. Clausell was towed from the scene of the traffic stop.

On May 24, at approximately 5:15 a.m., an Officer of the Stockton Police Department

was called to a residence in the 200 block of Carpenter Street in reference to a theft. Upon arrival of the officer the complainant advised the officer that sometime the previous late evening or early morning this date person(s) removed a flag and flag pole from the front portion of the residence. There was also damage to a railing where the flag and flag pole had been placed. The case is under investigation by the Stockton Police Department.

On May 25, at approximately 11:05 p.m., an officer of the Stockton Police Department took a report from juvenile complainant of harassment by means of yelling and threatening remarks by another juvenile. No arrest was made.

On May 26 at approximately 10:30 a.m. an officer of the Stockton Police Department met with detectives of the City of Ottawa Police Department at the Stockton Police Station, pursuant to an investigation being conducted by the Ottawa City Police Department of a theft at a Walmart Store in

Ottawa. The female suspect was residing at a residence on Benton Street and the officers proceeded to that location. The officers were greeted at the residence by a male who continued to give false identification to the Stockton Officer. The Stockton officer was successful in gaining the correct identification information from the male and found there was a warrant of arrest issued out of LaSalle County, Illinois. Bond for the Warrant had been set by a judge in LaSalle County at \$7,500. Arrested pursuant to the Warrant was Markeise D. Andre-Washington, age 26 of 901 Grant Avenue, Apartment 103, LaSalle, Illinois. Washington was transported to the Jo Daviess County Jail. The Ottawa Police Detectives continued their investigation.

Stockton Chief of Police LaDon Trost would like to remind readers that those persons arrested by the Stockton police department are presumed innocent until proven guilty by a court or courts of law.

On the 28th of May, God called you home  
So many things I wish I would have known

Six years are really not that long you see,  
But for me, it seems like it has been an eternity.

Your big brothers; Bryan, Cory and Chad,  
Are so busy with being good dads.

What a wonderful Aunt you would have been  
To Paige, Sarah, Marlee, Brynlee and Madelyn.

They are growing up so fast and are so beautiful too,  
It's just not fair that they will never know you.

Life goes on after we have lost someone so dear,  
I guess I am just selfish and would rather have you here.

I know you already know this since you are looking down from Heaven above  
I just wanted to write this and to send you all my love.

## SENATE WEEK IN REVIEW

May 23-27

**SPRINGFIELD** — Tensions were high in the Statehouse this week, as the four legislative caucus leaders continue to meet with the Governor to negotiate an end to the ongoing budget stalemate.

However, a compromise remains elusive, and while Republican lawmaker's stress they are trying to remain optimistic a final budget can be negotiated before the May 31 legislative adjournment date, Democrat leaders remain opposed to the Republicans' insistence that economy-boosting, job creating reforms must be part of the final package.

Instead, over protests from Republican lawmakers, the House Speaker pushed through a budget May 25 that is at least \$7 billion out of balance, and would rely on a tax hike projected to cost the average Illinois family \$1,000 each year.

While the budget stalemate continues to dominate Statehouse news, the General Assembly has been busy considering legislation and passing measures on to the House or the Governor. Over objections from Republicans, Senate Democrats advanced two proposals to bail-out the Chicago Public Schools at the expense of downstate and suburban students.

However, one controversial measure hit a roadblock during the week—the House failed to override the Governor's veto of the controversial "binding arbitration" bill.

### Budget negotiations remain strained

As the legislative session heads toward the scheduled May 31 adjournment date, the leaders of the four caucuses met several times this week with Gov. Bruce Rauner. Though the Governor's budget director offered his opinion that a budget agreement is possible by May 31, budget negotiations remained strained, with Democrat leaders refusing to entertain Republicans' calls for common-sense, economy boosting reforms as part of the compromise.

The state director of the Governor's Office of Management and Budget (GOMB), Tim Nuding, stressed that the longer it takes to come to a budget compromise, the bigger the state's problems get. He underscored serious concerns about keeping utilities and other critical services operating at veterans' homes, correctional facilities and homes serving the developmentally disabled. However, Nuding cautioned against a stopgap budget, saying kicking the can down the road is not a viable option.

Further exacerbating the tension in the Statehouse, House Democrats, led by Speaker Michael Madigan, rushed a 500+-page budget document through the House on May 25, giving members mere hours to review the spending proposal, which GOMB projects is about \$7.5 billion out of balance.

A Rauner Administration

official called the spending plan, "the phoniest phony budget in recent Illinois history — and that's saying something." The measure is currently pending in the Senate, but the Governor has indicated he'll veto the budget if it hits his desk.

Nuding noted that contrary to claims the Governor could veto out spending to balance the budget, in many areas the administration's hands are tied. In fact, nearly \$22.5 billion in state obligations, or 70 percent of anticipated state revenues, cannot be reduced without changes to state law. These obligations include payments on debt service bonds, Medicaid and pension payments, transfers to local government and state employee health insurance costs, among others.

Republican lawmakers are trying to remain optimistic a budget proposal can be negotiated in the next several days, noting "working groups" plan to continue meeting over the weekend. However, many expressed disappointment that Speaker Madigan indicated there was no progress made by these lawmakers who have been meeting in working groups for weeks, trying to find solutions to the budget impasse, forge common ground on reform items and identify ways Illinois can increase revenue.

Contrary to Speaker Madigan's claims, many lawmakers have said there has been bipartisan progress in a number of areas. In fact, during a Senate GOP press conference this week, lawmakers noted that while rank-and-file members of both parties have been negotiating together in good faith, any positive progress has been stalled by the Speaker.

Republican lawmakers and the Governor are pushing for reforms as part of the final budget compromise. Pointing to the Democrats' 2011

tax increase—after which Illinois still had a multi-billion dollar bill backlog, the state's credit ratings were reduced to the lowest in the country and unfunded pension liabilities skyrocketed—Republicans say a tax increase alone won't solve the state's problems.

Illinois is just days away from once again ending the spring session. The last time the General Assembly passed a budget, although not a balanced one was May 15, 2014, over two years ago.

### Senate advances flawed education funding measures

Multiple proposals were advanced by the Illinois Senate this week that would change the way education is funded in Illinois, efforts that Republican Senators characterized as rushed attempts to drive additional dollars to Chicago Public Schools.

Lawmakers were given very little time to review the measures, House Bill 3190 and House Bill 813, abbreviated timelines Republican lawmakers criticized in light of the importance of the proposals.

Though House Bill 3190 incorporated elements of an "evidenced-based" education funding model that is generating support from lawmakers from both parties, the proposal still directed hundreds of millions of dollars to CPS for the district's controversial "Chicago Block Grant" and a \$205 million pension payment—meaning it still includes at least \$750 million in special deals for the Chicago Public School system. Critics of the measure also noted that due to the haste with which the legislation was rolled out, the Illinois State Board of Education (ISBE) was not able to determine what impact the proposals would have on local school districts.

Another school funding measure (House Bill 813) that

was rushed through the Senate would also change the school-funding formula—and direct hundreds of millions of dollars in additional state dollars to Chicago.

Republican lawmakers have remained engaged in efforts to reform the state's system of funding education. However, they maintain they will not support any legislation that places the interests of Chicago Public Schools ahead of every other student in the state. Instead, Republican legislators have joined the Governor in calling for full funding of General State Aid for schools, which would end the seven years of deliberate underfunding of schools advanced by Democrats.

Though the legislation lacked Republican support, it was advanced to the Senate floor for consideration by the full Senate body.

### House fails in bid to override Governor's veto of binding arbitration bill

The House of Representatives voted this week to override Gov. Rauner's veto of Senate Bill 580, known as the binding arbitration bill. The measure fell short by two votes.

A second attempt pushed by Illinois Democrat leaders to change the process of negotiating labor agreements, was vetoed by Gov. Rauner on May 16.

Known as a controversial "binding arbitration" measure, this spring Democrats revived previous efforts to place the process of determining the outcome of taxpayer-paid, multi-billion-dollar labor agreements between the Governor and state employee unions in the hands of an unelected arbitrator.

Republican lawmakers largely voted against House Bill 580, which removes a duly-elected governor from union negotiations in the event of a contract dispute. Critics of the proposal noted it is the job of the Governor, elected by the people of Illinois, to negotiate in good faith as a representative of the taxpayers.

Additionally, locally-elected union representatives would also be removed from the process, and critics questioned a provision in the legislation that would have removed the union's ability to strike.

STATELINE — You text, you play games, you share photos and video. You update your status, you post comments, and you might spend time in a virtual world.

Being online — connected through some sort of device — is how you live your life. And as you spend more of your time there, it can be easy to overshare, embarrass yourself, mess up your computer and possibly get messages from creepy people. The truth is there are some risks involved in socializ-

ing, playing, and communicating online.

Regardless of how fast your fingers fly on a keyboard, phone, or tablet, the best tool you have to help avoid risks online is your brain. When you're ready to post or send a message or a photo, download a file, game or program, or shop for something — stop for a second. Think:

Do you know and trust who you're dealing with — or what you're sharing or downloading?

How will you feel if your information ends up somewhere you didn't intend?

# PET TALK: HEARTWORM DISEASE IN DOGS

STATELINE — Many dog owners have heard of heartworm disease but may not fully understand how the disease develops. Some owners may even question if an annual test for heartworm disease is necessary. Dr. Sonya Wesselowski, clinical assistant professor of cardiology at the Texas A&M College of Veterinary Medicine & Biomedical Sciences, said testing for heartworm disease and administering regular monthly heartworm medication is crucial. "All dogs should be tested for heartworm disease every

year at their annual wellness visit," Wesselowski said. "Additionally, patients that have not previously been on heartworm prevention or those that have had a lapse in their heartworm prevention should be tested immediately, then again in six months, and annually thereafter."

To help dog owners understand why preventing heartworm disease is so important, Wesselowski explained how the disease develops. "Heartworm disease is caused by a long, thin worm known as *Dirofilaria immitis*," she

said. "Heartworms live within the heart, lungs, and blood vessels and can cause damage in these areas. This damage can lead to lung disease, elevated blood pressure inside the lungs, and even heart failure. In some cases, other organs in the body are affected as well."

"The first step in the heartworm lifecycle occurs when a mosquito bites an infected dog," she continued. "The mosquito ingests the microscopic offspring of the adult heartworm known as microfilaria. These microfilaria then mature inside the mosquito over ten to 14 days and become infective larvae that can be deposited onto the skin of another animal when the mosquito bites again. The larvae enter their new host through the bite wound left by the mosquito and develop into adult heartworms in about six months. The adult heartworms can then live for five to seven years in the infected dog."

Signs of heartworm disease in dogs range from a mild cough and decreased exercise capacity to heart failure and the accumulation of abdominal

fluid. In severe cases, heartworms can cause caval syndrome, a rapidly progressing fatal disease that blocks blood flow within the heart. Caval syndrome causes symptoms such as labored breathing, collapse, and dark-colored urine.

The thought of heartworms infecting Fido may sound like a nightmare. Thankfully, treatment is available. However, according to Wesselowski, resolution of a heartworm infection is not a quick and easy process. "If a dog tests positive for heartworms, the first step is to confirm the diagnosis with a follow-up test," she said. "Once the diagnosis is confirmed, additional laboratory and imaging tests will help your veterinarian stage the severity of the disease and develop an appropriate treatment plan. Treatment involves multiple oral medications for at least one month, followed by a set of several injections to kill the adult heartworms. Strict exercise restriction and kennel confinement is essential throughout the entire course of treatment to reduce the risk of

serious complications that can be associated with resolving the heartworm infection."

Wesselowski also stressed that the treatment of heartworm disease is expensive for pet owners and taxing for affected pets. The heartworms can also cause long-term damage to the heart and lungs that remains even after the heartworm infection is successfully resolved. This means that when it comes to heartworm disease, prevention is key.

"Administration of regular monthly heartworm preventatives is crucial to prevent heartworm disease and to avoid the stress, expense, and potential complications that can be associated with heartworm treatment in our beloved family pets," Wesselowski concluded.

# Assistant Harris named head coach of Lady Cougars Basketball

**FREEPORT** — Highland Community College assistant women's basketball coach, Antwon Harris, has been named head coach of the Lady Cougars. Harris has served as assistant coach since December 2014 and played a major role in the team's 2016 berth to the NJCAA National Tournament.

Harris is a familiar face to Cougar Basketball. He was a 2006 first team All-American leading the Highland Cougars to a third place finish in the nation and a Highland school record of 34-2, including 29 consecutive wins. After graduating from HCC in 2006, Harris continued his career at Winthrop University where he played for Greg Marshall, leading Winthrop to two NCAA tournament berths, including a first round victory over Notre Dame in 2007. Harris graduated from Winthrop Uni-

versity in 2008 with a Bachelor of Arts degree in Sociology and minor in Theatre and Performing Arts. He also played semiprofessional basketball from 2008 to 2012.

A native of Clarksville, Tennessee, Harris has most recently served as recreation coordinator for the Rockford Park District. He is a certified private basketball instructional coach with CoachUp.

"I am very excited that Antwon has accepted the head women's basketball coaching position and is joining our Cougar family. Antwon has such great passion, a tremendous work ethic, and is a people's person with a big heart — and he's won championships at every level he has been," said HCC athletic director, Pete Norman. "He is someone that will make our community, our college, and Cougar Nation proud.

Most importantly, he cares deeply about the student-athletes and their growth and success as students, athletes, and citizens. I have no doubt he will have a positive impact on every life he touches. He is such a wonderful person."

Antwon Harris said, "I am excited to gain experience as a head coach and be part of recruiting student-athletes for

our team at Highland. I look forward to continuing to take the program in the right direction and build off of last year's success. It's about recruiting for the team, winning at nationals and getting the women to graduation. I want to be able to present the Highland women's basketball team to the community so others can see what we do at Highland. The community has

always been a big supporter of our sports programs and I want women's basketball to be part of that fan base."

Harris joins a growing list of Highland Cougar alumni now coaching for HCC, including Tone Boyle, men's basketball; Aaron Burke, golf; Jeff Johnson, men's and women's bowling; and Pete Norman, athletic director.

## Experience Galena Gateway Park — A Walking Tour

**GALENA** — Have you ever wondered what a guided tour of the City of Galena's Gateway Park would be like? Wonder no more and join staff from the Jo Daviess Conservation Foundation (JDCF) along with Jim Louderman, Collections Specialist with the Chicago Field Museum, on Monday, June 6 at 1 p.m. Participants will get the inside scoop on insect sampling techniques that will be used as a baseline measurement for the success of the prairie restoration taking place over the next several years. JDCF staff will also discuss the history of the park and the community effort that led to in the original 100 acre purchase in 2010 and the 80-acre addition in 2016. The walk will take place on mowed trails over rolling terrain and will feature the restored prairie, beautiful views of downtown Galena, and a rare grove of Kentucky Coffee. We will meet in the park's parking lot at 9300 Powderhouse Hill Road just east of downtown Galena off of Hwy 20. This event is free to the public and RSVP's are not required.

The Jo Daviess Conservation Foundation is a local non-

profit whose mission is to protect land for the lasting well-being of people and wildlife. In 2010, JDCF acquired the 100-acre Gateway Park with funding from the Illinois Clean Energy Community Foundation (ICECF), the Grand Victoria Foundation, the Doris Duke Charitable Foundation, and funds raised by the Friends of Galena Gateway Park from local individuals, businesses and family foundations to raise

the \$1.3 million purchase price for the venerable property. An 80-acre addition to the park was purchased in 2016 with funds provided by anonymous donors, the ICECF, and the Flanagan South Pipeline Mitigation Fund, which was made available by Enbridge, Inc. in partnership with The Conservation Fund and the U.S. Fish & Wildlife Service. For more information about JDCF, visit them online at [www.jdcf.org](http://www.jdcf.org).

## Insects of the Night — At Night!

**STATELINE** — Join the Jo Daviess Conservation Foundation (JDCF) and Field Museum Collections Specialist Jim Louderman on Saturday, June 4 for a survey of nighttime insects at Wapello Land & Water Reserve. Jim will be giving an introduction at 8:30 p.m. that includes a display of insects collected at Wapello and other Jo Daviess County locations and an overview of what you can expect the night of the event. Following the introduction, we will head out to the prairie to discover the night flying insects that are attracted to the light trap, including an assortment of beetles, moths, flies, leaf hoppers, caddisflies and more! Arrive a little early for a chance to see and try other insect collecting methods, such as sweep netting, tree beating and setting assorted traps. A flashlight or headlamp will be useful for traveling to and from the parking lot, although will need to be turned off when near the collection site to avoid distracting insects from the trap.

The Wapello Land & Water Reserve is located at 8642 IL Route 84 South just south of

downtown Hanover, IL. The site features a 63-acre restored prairie, mowed trails, and interpretive signage explaining the Native American village site that was once occupied along the banks of the Apple River at Wapello. The site is owned and stewarded by JDCF, local non-profit whose mission is to preserve land for the lasting well-being of people and wildlife. JDCF owns several beautiful and unique preserves that are open to the public for hiking, wildlife viewing, and picnicking. For more information about JDCF, please visit their office at 126 N Main Street, Elizabeth IL, or contact them at (815) 858.9100, [www.jdcf.org](http://www.jdcf.org), or [info@jdcf.org](mailto:info@jdcf.org).

# LENA LIBRARY NEWS

**By Dixie Althoff/Director**  
LENA — As I write this article this week, we are approaching our first big holiday of the summer. Memorial Day! Does everyone have big plans for family picnics and cook outs? Remember to take time during the day to remember those who have lost their lives on foreign soil so that we can continue to have the freedoms we have in this great country and to the ones who are still away from loved ones and friends fighting to keep us free, we thank you!  
We had book discussion on the 18. Had some interesting

books discussed which were: Promise of Home by Darci Chan, Summer Girls by Mary Alice Monroe, The Silver Man by Pete Shrake, Handle With Care by Jodi Picoult, and Homespun Harvest by Robert Elmer. The next book discussion will be held on June 22 at 9:30 a.m. Please plan to attend. It is a fun hour and some pretty good food too!  
We will be having the Friendly Lakeside Critters Petting Zoo with us on June 4. So while you are enjoying all of the festivities uptown for the Taste of Lena,

don't forget to come visit us at the library. The Petting Zoo will be here from 12noon – 2 p.m. We will be serving refreshments inside the library.  
Stop in and see us and if you do not have a library card, this would be an excellent time to get one!  
Sign-up for Summer Reading is fast approaching, June 6– July 2 is the time to sign up. The Program this year is "Read for the Win" and is for children 3 years to fifth grade. Programs run June thru July 29. Be sure to sign up early as there are weekly drawings for prizes in

June. If you are an adult, don't feel left out. You can sign up for our adult reading program starting June 6 also. All you have to do is read and your name goes in for weekly drawings. The adult program will go thru the month of August. Stop in and get signed up!!  
New Fiction for the summer months ahead: Flight Patterns by Karen White,  
Lilac Girls by Martha Hall Kelly, My Grandmother Asked Me to Tell You She's Sorry by Fredrik Backman, Blood Flag by Steve Martini, Mercy by Danial Palmer,

Tall Tail by Rita Mae Brown, and Weekenders by Mary Kay Andrews.  
New Large Print: Find Her by Lisa Gardner, and Brotherhood in Death by J.D. Robb.  
One new Western: The Turbulent Trail by Mike Thompson.  
We have lots of new Children's books, so when the kids sign up for Summer Reading, they will have lots to choose from.  
Enjoy the beautiful weather and stop in to pay us a visit! Remember to watch the Shopper's Guide for future events.

## Free coin appraisal event returns

LENA — Have you heard of the rare nickel that recently sold for \$3 million? How about the dime that sold for over \$10,000? Did you know that a penny found in a "Leave a Penny, Take a Penny" tray at a gas station later sold for \$400? The truth is that there are many coins worth hundreds or thousands of dollars. You may own some of them and not know it. If so, you're not alone; most people simply don't know how much their coins are worth.  
Citizens State Bank is giving you the opportunity to find out — and you can even turn your items into cash, if you like! You can bring your old coins, paper money, and gold jewelry (without precious stones) for your free appraisal at Citizens State Bank's Lena location on Tuesday, June 14, from 10 a.m. until 3 p.m.  
Citizens State Bank has arranged to have Ron Beckstrom, a member of the American Numismatic Association, provide this free service on a first-come, first-served basis. So, dig through your closets and dresser drawers and bring in the items you have always wondered about. Who knows, maybe you'll have a lucky penny too!

# From the desk of State Representative Brian W. Stewart

SPRINGFIELD — Are you satisfied with Illinois Government? Well you could pay 47% more for it. Wednesday night, the House Democrats launched a surprise attack on taxpayers, throwing a 500 page budget for a vote, giving us one hour to prepare for it. The Speaker of the House waived parliamentary procedure and pushed SB 2048 to a vote.

For the first time in Illinois history, the state would spend \$40 billion dollars in General Revenue Fund spending even though our state is expected to bring in \$33 billion dollars in revenue. That is \$7 billion more than what we expect to generate in revenue. It is unconscionable to double our debt next year. The taxpayers did not cause this problem. The legislature caused this problem and the legislature can solve it if only they choose to pass necessary reforms.

Sometimes you are left wondering what to believe when you see the figures used by both sides. For simplification's sake, let's boil things down in terms of a family budget. All we have to do is take off six little zeroes from each number to put things into perspective. Imagine that between you and your significant other you expect a take home pay of \$32,600 over the next twelve months. So, being the fiscally responsible couple that you and your significant other are, you sit down at the kitchen table to discuss finances and to create a budget for the upcoming year. After a few hours of discussion you settle on budget: of the \$32,600 you bring in this year you will spend a meager \$40,000 —wait—that can't be right, can it? Oh that's right, you forgot to account for your \$125,000 mortgage and the \$15,000 you owe on the

car. Don't sweat it, you have two kids. Why don't you just take out a line of credit on your children? Great idea! So, after moving some numbers around you finally have a responsible budget and all you had to do was saddle your kids with your debts.

Ok, so this is perhaps an unfair example, because I know that there is not a single family in the 89th District that is this irresponsible. But this example does highlight an important point: our deficits are not just an economic issue, but also a moral issue. Will we allow our state to accrue so much debt that it leaves our descendants to pick up our tab? By that point they will be faced with two choices: find a way to pay for our generation's debts or flee the state.

My colleagues and I have worked tirelessly, coming up with endless compromises and proposals. Not one of them was called to a vote on the House Floor. Speaker Madigan and the Democrats he controls have killed any reasonable, balanced budget proposal. They don't care if the budget is unbalanced, as long as they are doing things the same way we have been doing them for the past 30 years.

Meanwhile, seniors who lost their meals on wheels, kids in poverty trying to get grants for college, and countless others have fallen between the

cracks. Chicago Democrats who control the House and Senate need to take just one or two steps toward the middle. We must find a compromise. The Oxford Dictionary defines "compromise" as an agreement or a settlement of a dispute that is reached by each side making concessions.

We are willing to make concessions. Are the Democrats? No. They would rather stomp their feet while they hold the college students and seniors hostage for political gain.

The two budget groups were starting to pull in the same direction and finally a budget feels closer than ever. The budget groups are bipartisan, rank-and-file legislators with good intentions. It is up to Speaker Madigan whether or not their proposals are called to a vote. If he continues this partisan political game, the blood of the people hurt by the impasse will be on his hands, not Republicans. If we fulfill Speaker Madigan's desires, you can expect an additional \$7 billion dollars in expenses without any money to pay for it. It will require that we raise \$7 billion dollars in revenue. Revenue equals taxes in their eyes.

To balance a \$7 billion dollar deficit, the State would need a state income tax hike to at least 5.5%. My colleagues and I have said time and time again that everything is on the

table; however we must make reforms to state government before we throw more money into state coffers.

This state has not done anything to reform its finances and does not deserve additional revenue. We want to end this financial turmoil that threatens the most vulnerable in our communities. It threatens the people who least can afford it. We want to work with the Democrats, but their Leadership does not want to work with us. They don't understand the meaning of compromise. Compromise is not doing whatever Speaker Madigan wants.

This month, we released hundreds of millions of dollars to higher education from an emergency fund. It was a considerable amount of money, but it doesn't fix the problem. It temporarily stopped the bleeding. Schools will exhaust all of that funding by the end of June.

Senator Manar's school funding bill passed the Senate this week and may get called to a vote in the next few days. As a reminder, this bill would have a very negative impact on the schools in our district, with some losing a million dollars or more. You can't take from Paul to pay Peter. That's what this bill would do. I support more money for all school districts. No school should lose money, they should all gain money. We need to start funding our schools at 100% and making good on the promises that we made.

The Illinois General Assembly is scheduled to adjourn on Tuesday, May 31st. I hope I can report next week that miraculously both sides of the aisle came together and negotiated a balanced budget. Until then, I wish you and your family a safe and happy Memorial Day weekend as we pay tribute to our men and women who sacrificed their lives protecting our freedom while serving in the Armed Forces.

This week reminds me of the following quote by Herbert Hoover, "It is a paradox that every dictator has climbed to power on the ladder of free speech. Immediately upon retaining power each dictator has suppressed all free speech except his own."

# FROM LENA'S KITCHEN

The not so skinny cook

LENA — Summer has been officially kicked off. We had some wild weather, but many of us managed to get in some good times between rain showers. Can you believe we are going to be in June by the middle of this week? Time has flown for the first five months of this year. We now are officially into cooking for summer. This week's recipes feature a great dip, an interesting side salad, a main dish, and some desserts.

This appetizer recipe is a great way to start any party or picnic. It has a great cheese taste with a little zip. It is great on crackers or on vegetables. Keep this one around for great summer entertaining.

## Pimiento Cheese

4 oz. cream cheese, softened  
 ½ C. Mayonnaise  
 1 T. Dijon mustard  
 1 T. hot sauce  
 ½ t. pepper  
 8 oz. grated sharp cheddar  
 8 oz. Monterey Jack  
 4 oz. jar of sliced pimientos, drained  
 2 T. chopped dill

Beat the cream cheese, mayo, Dijon, hot sauce and pepper with a mixer until totally combined. Add the cheese and gently mix until combined. Stir in the pimientos and dill with a rubber spatula. Refrigerate at least 2 hours before serving.

This recipe combines starch and vegetables to make a great summer side. You can eat it with grilled meats or just eat it with some crusty bread as a main entrée.

## Green Bean Pasta Salad

8 oz. dry penne pasta  
 4 oz. fresh green beans, halved  
 4 strips bacon, chopped  
 ½ C. mayonnaise  
 3 T. red wine vinegar  
 2 T. sugar  
 Salt and black pepper to taste  
 ½ C. pecan halves, toasted

¼ C. thinly sliced red onion  
 Cook pasta in a pot of boiling salted water according to package directions, adding green beans in the last 2 minutes; drain, rinse with cold water, and drain again. Transfer pasta and green beans to a large bowl.

Cook bacon in a skillet until crisp; transfer to a paper towel-lined plate. Whisk together mayonnaise, vinegar, and sugar for the dressing; season with salt and pepper.

Toss pasta and green beans with pecans, onion, bacon, and dressing.

This casserole is an easy and tasty main course meal. It has the good taste of chicken, a good and healthy vegetable, and some rice. Of course, the crowning glory is the addition of Velveeta cheese because we wouldn't want it to be too healthy!. The fried onions on top help provide just the right amount of crunch. A green salad and bread makes this a great meal.

## Chicken Broccoli and Rice Casserole

2 C. cooked minute instant white rice  
 2 T. butter  
 2 T. flour  
 1 C. milk  
 3 C. chopped cooked chicken  
 1 container (8 oz.) sour cream  
 2 C. small broccoli florets  
 2 green onions, sliced  
 6 oz. Velveeta, cut into ½

inch cubes

1 C. French fried onions  
 Preheat the oven to 375. Spread rice onto bottom of 2 qt. casserole sprayed with cooking spray.

In a large skillet, melt the butter over medium heat. Add the flour and cook and stir for 1 minute or until hot and bubbly. Gradually whisk in milk. Bring to a boil, stirring constantly. Simmer on medium-low heat for 2 minutes, stirring constantly. Add the sour cream, broccoli, chicken, and Velveeta and mix well. Spoon over the rice and sprinkle with onions. Bake 30-35 minutes or until heated through.

These bars are a great summer snack. They have lots of good crunch from the cereal, and they have the sweetness of honey. What could be better than candy and healthier than raisins? These will travel great and you will not have to worry about them melting or breaking down in the heat. Enjoy these great and good bars any time.

## No Bake Cereal Cookie Bars

4½ C. Rice Krispies  
 ¾ C. quick cooking oats  
 ½ C. cornflakes  
 ½ C. flaked coconut  
 ½ C. butter, cubed  
 1 pkg. (16 oz. mini marshmallows)  
 ¼ C. honey  
 ½ C. M & M minis  
 ¼ C. raisins

Grease a 15 x 10 x 1 inch pan. Place Rice Krispies, oats, cornflakes and coconut in a bowl and toss to combine.

In a large saucepan, melt butter over low heat. Add the marshmallows and stir until completely melted. Stir in honey. Pour over cereal mixture and stir until evenly coated. Cool 5 minutes.

Stir in the M & M candies and raisins. Using a greased

spatula, press evenly into a prepared pan. Let stand 30 minutes before cutting. Store between layers of waxed paper in an airtight container.

When I gave the call for rhubarb recipes, my reader friend, Sally, sent me an interesting rhubarb recipe. She was looking through some old Ideal Magazines, and in a 1945 issue she found this interesting Rhubarb dessert recipe. It is interesting because it uses a meringue topping. Meringues are back in style in cooking; many cooking shows use meringue shells filled with fruit as an easy dessert. This old fashioned recipe sounds great. Anyone want to give it a try and tell us all how it turned out?

## Rhubarb Dessert

2 C. flour  
 2 T. sugar  
 1 C. butter  
 5 C. chopped rhubarb  
 6 beaten egg yolks (reserving the whites)  
 2 C. sugar  
 4 T. flour  
 2 T. cornstarch  
 1 C. half and half  
 ¼ t. salt  
 Meringue  
 Reserved 6 egg whites  
 ¾ C. sugar

Preheat oven to 350. In a medium mixing bowl, stir together flour and 2 tablespoons sugar with a pastry blender, cut in butter until the mixture is crumbly. Press the mixture into the bottom of a 9 x 13 pan. Bake 10 minutes.

In a large mixing bowl, combine the rhubarb, beaten egg yolks, sugar, flour, cornstarch, half and half, and salt. Mix well. Pour over the base and bake 45 minutes.

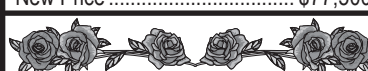

In a mixing bowl, beat

# An online guide to Cancer Screening Tests

Information compiled  
by **Tony Carton**  
Editor

**STATELINE** — Screening means checking your body for cancer before you have symptoms. Getting screening tests regularly may find breast, cervical, and colorectal (colon) cancers early, when treatment is likely to work best. Lung cancer screening is recommended for some people who are at high risk.

Screening for Breast, Cervical, Colorectal (Colon), and Lung Cancers

CDC supports screening for breast, cervical, colorectal (colon), and lung cancers as recommended by the U.S. Preventive Services Task Force.

## Breast Cancer

Mammograms are the best way to find breast cancer early, when it is easier to treat. For more information, visit Breast Cancer: What Screening Tests Are There? [http://www.cdc.gov/cancer/breast/basic\\_info/screening.htm](http://www.cdc.gov/cancer/breast/basic_info/screening.htm)

## Cervical Cancer

The Pap test can find abnormal cells in the cervix which may turn into cancer. Pap tests also can find cervical cancer early, when the chance of being cured is very high. For more information, visit Cervical Cancer: What Should I Know about Screening? [http://www.cdc.gov/cancer/cervical/basic\\_info/screening.htm](http://www.cdc.gov/cancer/cervical/basic_info/screening.htm)

## Colorectal (Colon) Cancer

Colorectal cancer almost always develops from precancerous polyps (abnormal growths) in the colon or rectum. Screening tests can find precancerous polyps, so they can be removed

before they turn into cancer. Screening tests also can find colorectal cancer early, when treatment works best. For more information, visit Colorectal Cancer: What Should I Know about Screening?

## Lung Cancer

The U.S. Preventive Services Task Force recommends yearly lung cancer screening with low-dose computed tomography (LDCT) for people who have a history of heavy smoking, and smoke now or have quit within the past 15 years, and are between 55 and 80 years old. For more information, visit Lung Cancer: What Screening Tests Are There? [http://www.cdc.gov/cancer/lung/basic\\_info/screening.htm](http://www.cdc.gov/cancer/lung/basic_info/screening.htm)

Screening for Ovarian, Prostate, and Skin Cancers

Screening for ovarian, prostate, and skin cancers has not been shown to reduce deaths from those cancers.

## Ovarian Cancer

There is no evidence that any

screening test reduces deaths from ovarian cancer. For more information, visit Ovarian Cancer: What Should I Know About Screening? [http://www.cdc.gov/cancer/ovarian/basic\\_info/screening.htm](http://www.cdc.gov/cancer/ovarian/basic_info/screening.htm)

## Prostate Cancer

The U.S. Preventive Services Task Force recommends against prostate specific antigen (PSA)-based screening for men who have no symptoms. For more information, visit Should I Get Screened for Prostate Cancer? [http://www.cdc.gov/cancer/prostate/basic\\_info/get-screened.htm](http://www.cdc.gov/cancer/prostate/basic_info/get-screened.htm)

## Skin Cancer

The U.S. Preventive Services Task Force has concluded that there is not enough evidence to recommend for or against routine screening (total-body examination by a clinician) to find skin cancers early. For more information, visit Skin Cancer: What Screening Tests Are There? [http://www.cdc.gov/cancer/skin/basic\\_info/screening.htm](http://www.cdc.gov/cancer/skin/basic_info/screening.htm)

the reserved egg whites until foamy; gradually add  $\frac{3}{4}$  cup sugar and beat until stiff peaks form. Spread meringue over the rhubarb mixture. Bake 10 minutes. Serve within 24 hours.

It rained last night, so I don't have to water!! Life is full of simple joys. The Sectional finals for softball managed to get the game in without rain. Congratulations to the Lady Panthers for making it to the finals of the Sectional. We are all proud of them for working together to have a great end of the season! School is out and Splashland will be open to the swimmers. If our warm weather continues, it will be a great way to begin the summer season. I have a patio party to go to this weekend and am having friends and family on Memorial Day. Love to have cookouts and cookout food—it is some of my favorite. I bought my poppy today to honor our country's fallen heroes. Memorial Day is more than cookouts,

special sales, and having fun. It is a time to remember those who have given their lives so that we can have all of these great times. The cemeteries are beautiful. I was to Chapel Hill and the Lena Burial Park, and both of them were full of flowers and flags; it was quite a sight. I also purchased my first spring vegetables at the Farmer's Market in Lena. The radishes are a perfect red, and the green onions were equally as nice. Be sure to stop by and see Barb Wire for your week's supply of fresh food! We are moving into strawberry season and more picnics. If you have any good picnic foods, and if you find some more rhubarb and strawberry recipes, you can send them our way.

If you have any spring or early summer recipes to share, you can contact us in person, by mail, or email us at From Lena's Kitchens, Shopper's Guide at 213 S. Center St. or email [scoopshopper@rvpublishing.com](mailto:scoopshopper@rvpublishing.com).

## U of I Extension and Freeport Park District offer Young Explorers summer series in Krape Park

**FREEPORT** — University of Illinois Extension, in partnership with the Freeport Park District, is offering a series of summer programs for area youth at Krape Park. Young Explorers will investigate a variety of environmental science topics including Survival of the Fittest, Natural Art, Everywhere, Nature Detective to the Rescue, Be a Nature Superhero, Migration Station and The Amazing Race. Classes are scheduled on Wednesdays from 9 to 11:30 a.m. on June 8, 15, & 22, July 27, and August 3 and 10, 2016. U of I Extension 4-H Educators and staff will lead the program and provide engaging, hands-on exploration

activities.

Families may register for individual classes at \$10 per child or register for the entire series (6 classes) at a reduced rate of \$50 per child. The Young Explorers program is appropriate for children 7 to 12 years of age. Parents or caregivers are encouraged to stay and enjoy Krape Park during class time.

Registration is required as space is limited. Program materials and a light snack and beverage are included in the program fee. To register online or for a detailed schedule, visit [web.extension.illinois.edu/jsw](http://web.extension.illinois.edu/jsw) or call the U of I Extension office at (815) 235-4125.

Summer!

## Hop on over to FHN for a Saturday of healthy family fun!

The Family YMCA of Northwest Illinois and FHN are teaming up to bring you the region's best healthy activities, wellness tips, and lots of fun to kick off your summer – all in one day!

Research shows that without access to out-of-school physical and learning activities, kids fall behind academically and gain weight twice as fast during summer as during the school year. Come out to Healthy Kids Day®, a national YMCA initiative, and the FHN Family Health Fair at FHN's Burchard Hills facility to kick start some healthier summer behaviors. Activities include archery, a teen agility course and CATCH activities, an obstacle course, bike rodeo and photo booth, and many other games and demonstrations as well as all kinds of fun and useful healthcare information.

Roller skate on the bike path with the Skate Station, walk the Born Learning Trail with the United Way of Northwest Illinois, discover antique medical equipment with the Stephenson County Historical Society or learn about science at the Children's Hands On Museum booth. Dance to live music provided by Big Radio!

All activities are free and events will be held come rain or shine. For more information, visit [www.fhn.org](http://www.fhn.org) and spring into a healthy summer with the Family YMCA of Northwest Illinois and FHN!

**One way we can help each other get through these challenging times is to keep our dollars local. Here are three good reasons.**

**Reason #1:** Shopping locally saves you gas and wear and tear on your vehicle.

**Reason #2:** When you spend your money locally, you support the businesses whose property taxes pay for our municipal services.

**Reason #3:** Many of our youth programs are supported and sponsored by local businesses and if we don't support them, they can't support our kids.

# Pitching brings championship to Pearl City

By Chris Johnson  
Reporter

PECATONICA — There was a pretty good chance that as the Girls' Class 1A State Tournament moved into the later rounds, the best pitching would bring back the greatest rewards.

On Friday night, May 27, the argument was supported.

Pearl City won the school's first Sectional Softball title, 3-0.

Tyra Clark took advantage of a pitch across the zone and powered a shot high over the left field fence, to help secure the win.

The Lady Panthers were down 1-0, when Clark hit her moon ball out, with a runner on, giving Pearl City the 3-0 edge, in the top of the sixth inning.

As Lena-Winslow and Pearl City moved past their own Regional Championships and through the first round of the Class 1A Softball Sectional at Pecatonica, the scorecard was showing the possible emergence of an historic opportunity at Sumner Park in Pecatonica.

Bailey Baldauf from Lena-Winslow and Kendra Melville of Pearl City have shown, throughout the season, that they are forces to be reckoned with. They appeared to be on a crash course.

There was a very good chance that a long trip into the post-season, would rely heavily on which ace would have a better night.

The scorecard may not indicate that Melville had a "better" night, but eleven strike-outs in a game, usually bodes well for squads.

Baldauf had 13 strikeouts in the game.

Kylie Fransen led off the game, reaching on an error, unable to move forward as number two batter Bronte Wright was struck out by the Lena-Winslow ace.

On the next play, Tori Clark grounded to second, forcing Fransen out and supplanting her at first base.

Kendra Melville ended the first, striking out, on an 0-2

count.

Baldauf was on her way to collecting her dozen-plus-one strikeouts for the game.

In the top of the second, Baldauf had two more strikeouts and followed that trend in the third, where she sent two more, back to the bench.

By the end of the fourth inning, Baldauf had eight strikeouts and looked to be in complete control.

Melville, however, was just as efficient as she picked up two strikeouts in the opening inning and ended a legitimate Lena-Winslow threat in the second, after they loaded the bases with just one out.

A fly-out to short kept the runners locked in place.

Marissa Buss, looking at a chance to break through, couldn't handle Melville's up-and-in offering, as she struck-out on a 1-2 count, leaving the bases loaded and ending the Lady Panthers' inning.

Melville ran into a little trouble, in the bottom of the third inning, as she walked lead-off batter Lilly Schierloh.

Anna Erving and Madison Scafe struck-out, keeping Schierloh at first, with two outs.

The next batter, Rachel Wybourn, popped up to the pitcher.

As the top of the fifth began, the game remained scoreless.

Baldauf mowed down lead-off batter Tyra Clark and tallied her ninth strikeout of the game.

Macayla Pilson lined a shot to short, which was one-hop

collected and tossed across to first.

Tia Clark, with two outs, reached base after she knocked a shot into left field, nearly rolling to the fence.

Fransen, on a 3-1 count, took a pitch high and out of the strike zone, she grabbed her free base, giving Pearl City two runners on, with two outs.

As Clark hovered at second base, Bronte Wright popped up, just over the third base bag, allowing Clark to get a running start.

As the ball dropped, just out of the third baseman's reach, Clark was crossing the plate, giving Pearl City the 1-0 edge.

In the bottom of the fifth, Lena-Winslow went quietly, as Marissa Buss flew out to

second and Maddy Arand and Baldauf struck-out, ending the inning.

Melville collected her ninth punch-out of the game.

In the sixth, after Melville split the gap, between infield defenders, Clark came up to bat.

Timing was perfect, as the pitch found the center of Clark's bat. She drove it up and over the ten-foot, left field fence.

The Lady Wolves extended their lead to 3-0.

A 1-2-3 inning greeted Lena-Winslow in the bottom of the sixth, as they went quietly into the seventh.

Pearl City could not add to its lead in the top of the seventh, with the game entering the final minutes.

The Lady Panthers had one chance left, as they batted in the bottom of the seventh inning.

Anna Erving struck-out leading off and Scafe followed with a fly-out to left.

With two outs, Wybourn split the gap, sending the ball into left field.

The next batter, Marissa Buss, followed with a single to right.

Arand came up with the hopes of breaking through.

Melville had different ideas, however, as she powered down and took the early advantage in

the count.

Arand, on an 0-2 count drove the ball to short.

The bounce was friendly and the throw was on line.

Pearl City advanced to Geneseo as the northern Illinois Class 1A representative in the elite eight.

On Monday, In Geneseo Pearl City faced the Princeville Lady Princes, for the right to move on to the Class 1A Championship, which will be played this weekend at EastSide Centre in East Peoria.
