♥ Indicates a site with a free blood pressure screening at the flu shot clinic site.
 Blood pressure screenings are available to anyone free of charge.
 See www.fhn.org for November and December flu shot clinic dates.

Protect yourself and your family with a flu shot!

Influenza (“flu”) isn’t anything to mess around with – it can be serious or even deadly for elderly people, newborn babies, and people who have certain chronic illnesses.

Help your body fight off the flu this year by getting a flu shot at one of FHN’s flu shot clinics, open to the public at convenient locations across northwest Illinois.

If you are an adult under 65 years of age, you will get a quadrivalent vaccine that protects against 4 strains of influenza for \$40.

If you’re over 65, you will receive a high-dose version of the vaccine (\$57). There will be no out-of-pocket expense if you are covered by Medicare Part B (please present Medicare card) or a Medicare HMO accepted by FHN (there’s a list available at each location; covered persons **MUST** present the Medicare HMO card instead of the Medicare card for the billing process).

All immunizations not covered by Medicare or a Medicare HMO must be paid for by cash or check payable to FHN. The prices shown here are only available at these flu shot clinics; other rates may apply in FHN offices. No other insurance coverage can be accepted at these flu shot clinics, and per government regulations, no Medicaid cards can be accepted at these locations.

Because of federal guidelines to prevent identity theft, everyone must present a photo ID to receive an immunization. Children can only be immunized if a written prescription from a physician indicating dosage is presented.

You should **NOT** receive a flu shot at any of these clinics if you:

- Are allergic to eggs or the flu vaccine
- Are ill or have a fever
- Have a depressed immune system

Please contact your healthcare provider or call FHN toll-free at 1-877-6000-FHN (1-877-600-0346) ext. 945 for assistance in finding a provider if you can’t receive a vaccination due to the above restrictions.

For more information, visit www.fhn.org.

RIDE IF YOU DARE ON THE TRAIN OF TERROR

It's ALL ABOARD!! as the train leaves the station for uncharted suspense! On certain nights in October, ghosts and ghouls can be found haunting our rails. As the train rolls along, you never know what or who might step out of the darkness to greet you. Will the train return?? Check your fear at the door and come find out for yourself.

October 8th, 15th, 22nd, 2016

October 15 & 16 The Stephenson County Antique Engine Club will be holding its Annual Fall Harvest Demonstrations at its Silver Creek & Stephenson Railroad with Chili, Sauerkraut & Brats served at the Silvercreek Museum across the road

October 1 & 2 Come on out and enjoy a Steam Train ride behind the clubs 1912 Heisler Logging Locomotive on the Silver Creek & Stephenson Rail Road and then take a stroll across the street to the Silvercreek Museum for a tasty bowl of Home Made Soup while touring the 25+ rooms filled with local history from the days gone by.

Railroad and Museum open from 11:00 to 4:00

FOR THE RECORD

ARE YOU A METAL MOUTH?

Despite our best efforts, most patients in our practice have had at least one cavity and filling in their lives, and if you are in your thirties or older, there is a good chance that at least some of your fillings were made of metal. Recently these fillings have become a controversial topic in the health press.

This material, known as "amalgam," is actually a combination of silver, tin, copper, zinc, and - at the top of the controversy - Mercury.

Many of us remember being introduced to mercury in an elementary school science class. As the only metal that is liquid at room temperature, it was always fun when the teacher showed us how an actual metal can flow inside a tube, but drop the tube or break a mercury filled thermometer and look out! As toxic poison it had to be cleaned up with extreme caution.

So if mercury is so dangerous, what the heck is it doing in your mouth? While metal amalgam fillings do give off small amounts of mercury vapor, most researchers, including The American Dental Association Council On Scientific Affairs, have concluded that unless there is a specific allergy these types of fillings pose no personal health risk. But visit our office today and you will find that we recommend doing "fillings" (also known as "dental restorations") with other materials. Why? There are many reasons. Here are just a few.

1. **BEAUTY.** There is no doubt about it - silver fillings are not attractive. The modern materials we use these days are tooth colored ones, so only your dental team needs to know that your beautiful smile once contained a few cavities.
2. **BONDING.** While a traditional filling is simply wedged into your tooth, making it more prone to breakage, most of the more modern materials actually adhere to the tooth itself. In many cases this means that less healthy tooth need to be removed in order to perform a proper restoration, and these materials are less prone to "leaks" where decay and bacteria can easily form at the junction of the tooth and restoration.
3. **EXPANSION and Contraction.** Ever have trouble removing the lid on a jar? Run the lid under some hot water and it pops right off. Why? The heat causes the metal lid to expand slightly. Well, the same thing happens with an amalgam (metal) filling. And years of expansion and contraction from eating hot and cold food can damage the tooth and the restoration. Choose a more modern material and go have that ice cream and coffee. Yum!!

Any questions? at Rockton Dental Care your health and comfort come first! Feel free to give us a call at 815-624-2626 to schedule an appointment or to discuss any dental health matters

Two Loves Park officials to seek re-election in April

Loves Park's city clerk Bob Burden and the city's treasurer John Danielson have announced that they will seek re-election to their offices in the April 4, 2017 municipal election.

Robert "Bob" Burden

Burden is seeking re-election to another term as Loves Park City Clerk.

Burden says, "The city clerk's office is usually the first point of contact for anyone with problems or questions, and we are proud of our record of working for the public. It's been a privilege serving the residents of Loves Park, and I look forward to continuing that high level of service."

City Clerk since 1997, the former Second Ward Alderman, previously served on the North Suburban Library District and Harlem School boards.

He currently serves on the GPAC Senior Citizen Board and is the Loves Park Liaison to the Rockford Convention and Visitors Bureau Board, the North Suburban Local History Committee, and the Harlem Scholarship Foundation Board.

He is a graduate of Harlem High School and of Drake University, is certified as an Illinois Master Municipal Clerk, and is a member of the Illinois and Northwest Illinois Municipal Clerks Association.

John Danielson

Treasurer Danielson says, "It's been both interesting and challenging helping to guide the city through difficult financial times. I would like to use that experience to serve the city for four more years."

During these trying times, Treasurer Danielson has assisted Loves Park in maintaining an excellent rating.
