Hundreds take first step to block building of railroad

By Marianne Mueller
REPORTER

An estimated 500 people entered the doors of the Rockton Township on Monday evening, Oct. 3. Two separate meetings were held to accommodate everyone and those who remained outside until the first of the meetings was finished.

Many held signs reading, No eminent domain for investor gain, "Block GLB Railroad, save our community investments."

These same signs line portions of Union Street running west of Rockton. In question is a proposed building of a railroad by Great Lakes Basin Transportation owned by Frank Patton.

Resident Jeri Noller thanked the Rockton Township Board and Supervisor for allowing use of the building.

"The purpose of this meeting is to bring us all together to make a large group in Winnebago County who oppose the railroad being passed through," said Noller.

"Ask the Township officials to write a resolution to go to the County Board," said Noller. It is going to be a hard road to climb the hurdle of the Surface Transportation Board said Noller. The Board has closed any public hearings or comments. Representatives in Wisconsin have asked to extend. I urge you to write to your local representatives and ask for an extension. Everything goes by a docket number."

The Boone and Winnebago Farm Bureaus have expressed opposition.

Noller directed that everyone talk to schools, hospitals, and anybody that is really involved which would include anyone in a 30 mile radius of where an accident if a spill were to occur. "We have the largest aquifer west of Rockton. Nygren Wetlands, our livelihoods, and our wellbeing have to be protected,"

Susan Sack has been a four year organizer and has collected 1,400 names of people from WI. and Indiana. Sack asked how many have been on the Block the GLB Railroad website before. Information is available to those living in the states of Indiana, WI. and IL. On this site and on a facebook page. "We are about rallying our resources and holding the Great Lakes Basin's feet to the fire," said Sack. The GLB is made up of private investors with two railroads we said we oppose. The Winnebago line got moved to you as an alternative. They have failed to notify people who live along the route. Six railroads would be creating alternates and Chicago does not want to lose."

Sack reviewed safety concerns. "The Great Lakes Basin opened in 2001 and made Patton the head. This company has not had to file with the Surface Transportation Board which allows them to throw something right out there. Who is financing this? Ninety percent of funding will come from

Federal railroad grants. What if it is never used by anyone or if it is never finished? Sack cited an example. "Say they had another 50 feet of subleasing. Quick eminent domain would allow subleasing of 50 feet off an easement taking property from the people."

A plat map of Winnebago County outlined people who would be impacted by the building of the railroad which covers portions of the Stateline including Roscoe, Rockton, Harlem, and Rockford.

"We are working together as a coalition and the coalition has hired an attorney, McFarland out of Chicago. The attorney's want the board to open up comments on the new revised route.

"In Boone County the original route they wanted to put in would have been sticking in prime farmland," said Julie

Newhouse of the Farm Bureau. "They developed a whole new industrial system and went through the county. We worked on studying our environment. Frank Patton doesn't lose sleep if the water is high. The conservation district was contacted, along with endangered species, shallow wells and aquifers. "It is up to you to respond in an educated way. Let them know about your water and land."

"Safety is a big issue," said Sack. 110 trains per day go at a maximum speed of 70 MPH. That is 110 engines; one every 13 minutes. Train delays may affect kids riding busses, and we have to look at the possibility of spills, derailments or hazardous spills. Imagine a train derailling and what the impact might be. There are a lot of problems."

OPEN HOUSE

Sunday, October 23 • 1 - 3 p.m.
243 E. South St., Dakota

DAKOTA - YOUR SEARCH IS OVER! Come and experience this functional, updated, move in ready small town home. This home features three bedrooms and two full baths. The floor plan is very open and inviting. The room sizes are generous. The updates and maintenance has been done with a great amount of care. New carpet through much of the home. The kitchen was new in 2012 with plenty of cabinet/counter space and it features knotty alder cabinets which are truly beautiful. Both bathrooms were new in 2011. The furnace and central air was new in 2012. Feldco windows throughout the home was new in 2007. Other newer items are roof (2014) which was a complete tear off/replacement, water softener (2016), and water heater (2015). Other features of this home is a roomy 2 stall attached garage, a central vacuum system, and a very roomy full basement that is partially finished with a great deal of more square footage that could be finished to meet your needs. Both the front and back yard is landscaped quite nicely. If your family requires extra square footage, this home may be a great fit for you. Priced at\$145,000

New manufacturing plant coming to Belvidere

Yanfeng Automotive Interiors, the world's largest supplier of automotive interior components, is establishing a new manufacturing facility in Belvidere, State Representative Joe Sosnowski (R-Rockford) announced last week. The new plant, opening in 2017, is expected to bring \$28.1 million of new capital investment and lead to the creation of 400 new jobs.

The company will supply interior cockpit components to the Jeep® Cherokee, which will be built at the FCA US Belvidere assembly plant.

"The Boone/Winnebago County area is home to the best workforce in the State of Illinois," Representative Sosnowski said. "We are excited to welcome Yanfeng's new investment and the 400 new, good-paying manufacturing jobs it will bring to our district."

City of Belvidere Mayor Mike Chamberlain joined Representative Sosnowski in expressing his support for the economic development brought by Yanfeng's investment:

"We are pleased that the announcement can now be made welcoming Yanfeng Automotive Interiors to the Belvidere manufacturing community as a supplier to FCA US LLC", Chamberlain said. "We greatly enjoyed working with Yanfeng Automotive Interiors and their people in this process. They will be a major employer in our community and we look forward to many years of a growing relationship."

Open positions for the new Belvidere facility will be posted at <http://www.yfai.com/Pages/Careers/Careers.aspx>.

Yanfeng Automotive Interiors is the world's leading supplier of instrument panels and cockpit systems, door panels, floor consoles and overhead consoles. Headquartered in Shanghai, the company has more than 100 manufacturing and technical centers in 17 countries and employs over 29,000 people globally.

Tanner Elliott seeks support from Harlemites to build handicap-accessible area in stadium

On Oct. 3, Tanner Elliott from Harlem High School spoke to the Harlemites about his very special Eagle Scout Project. When completed, the project will provide a handicap accessible ramp and platform overlooking the football field adjacent to the existing bleachers in the Harlem High School Clyde Peterson Football Stadium.

This will be a special section for wheelchair-bound individuals to cheer for the games and events with-

out having to view activities from the ground gazing through a fence. Tanner shared that this project has been designed and the construction estimate is approximately \$35,000.

He is raising the money for the construction that has to be complete before his eighteenth birthday in June 2017 in order for him to qualify for the prestigious Eagle Scout Badge.

Harlem High School Principal Terrell Yarbrough spoke and shared

his enthusiasm for Tanner and his Eagle Project that will benefit students who otherwise have had no access to the athletic events from stadium level.

The platform will provide an area to seat eight wheelchairs. Mr. Yarbrough stated that the Harlem School District is in complete support of Tanner's project and encourages Harlem supporters to step up to provide financial backing for this unselfish act of kindness being initi-

ated by Tanner Elliott.

President of the Harlemites Alumni Group, Mr. Bill Ryerson, reported that interest in Tanner's project was brought about by a generous Harlemites who had called and offered a substantial donation to this project.

Mr. Ryerson noted that after hearing Tanner speak and passing the

"hat" along with the other generous Harlemites commitments, the group presented Tanner a total of \$1,620 toward his project.

Mr. Ryerson challenged other local Harlem Supporters to commit their support financially towards Tanner's unselfish act of kindness through his Eagle Scout Project.

One way we can help each other get through these challenging times is to keep our dollars local. Here are three good reasons.

- Reason #1:** Shopping locally saves you gas and wear and tear on your vehicle.
- Reason #2:** When you spend your money locally, you support the businesses whose property taxes pay for our municipal services.
- Reason #3:** Many of our youth programs are supported and sponsored by local businesses and if we don't support them, they can't support our kids.
