## Apple Canyon Lake to host its second annual Trail Trekker 5K Color Run/Walk

By Tony Carton  
EDITOR

The Color Run concept was founded to promote healthiness, happiness and community togetherness, and in that spirit, Apple Canyon Lake is hosting its second annual Trail Trekker 5K Color Run/Walk Saturday, July 29. The event is a fun run, not timed, and participants can register on the day of the trekker from 7:30 to 8:20 a.m. The starter's horn blasts at 8:30 a.m. and with nearly 260 registered trekkers in 2016, you will want to join in the fun.

"We are inviting the public to Apple Canyon Lake which is a private lake community, so typically you would have to have an amenity tag to enter these areas, but we want to share access to some of our finest amenities and one of those gems is our 14-mile trail system," said Apple Canyon Lake Communications and Recreation Director Cindy Donth-Carton. "The trekker will be staged across one of our most scenic areas. It winds along the Marina Bay to the Harold Batham Nature Trail and runs along the Hells Branch Creek, which is a very scenic segment of the Batham trail, before rejoining along the same path."

The participants will be running or walking on sealcoat surfaces, gravel, dirt, grassy areas and even a wooden walking bridge.

"This is not your average color run," said Carton. "These are nature trails with hills and dales, pastures and prairies, hiking paths and roadways, some uneven surfaces that will offer a mild challenge to even our most experienced contestants."

The track is a loop with a total distance of 3.1 miles or 5 kilometers and there will be trail volunteers in ATVs or golf carts along the route, so if a participant feels they cannot continue there will be accommodations to take them to the finish line.

The Marina Trail provides an unusually panoramic view of Apple

Canyon Lake with views of Marina Bay, Nixon Beach, and The Cove Restaurant, which features the only public lakeside dining area in Jo Daviess County, and the trekker is designed to bring the Hells Branch Watershed to the forefront.

She said the Trail Trekker is a fun family activity with something for everyone.

"Some of our property owners are grandparents and they have weekend get-togethers that are clearly family reunion gatherings," said Carton. "The color run will allow grandma and grandpa to traverse the course with their kids and grandkids and their visiting friends. It is all inclusive."

As younger families buy into Apple Canyon Lake, the community is trying to reach that wider demographic and provide entertaining activities for the newcomers as well as for its current membership.

"There will be four color stations along the 5K loop," she said. "There will be volunteers with applicators containing colorized cornstarch and as the participants move through those stations they will be colorized."

Folks not wanting color can either signal the volunteers or navigate around the color stations.

The pre-registration fees are \$20 for ages 13 and over, and \$10 for ages 12 and under, if registered by July 16; late registration, July 17 through day-of, add \$5 per person. Each participant will receive a 2017 Color Run T-shirt, TT5K swag bag with coupons from the event's sponsors, ACL logo sunglasses, and color pack. In addition, 2017 registrants and volunteers can wear their event shirts for \$1 off the TT5K Pancake Breakfast of Champions from 8 a.m. until noon, and to the Sizzling Summer Concert featuring Denny Diamond from 7-9 p.m. Each registrant will be entered in prize drawings. Registration is open that morning from 7:30 until 8:20 a.m.

and finish lines with music, and extra color packs available for spectators wishing to leave their mark on a favorite trekker. There will also be commemorative T's on sale the day of the trek.

"Our Marina Manager Terri Stiefel and her staff will be serving up bratwursts with choice of chips on the side," Carton said. "There will be a tasting of Pecatonica Beers with local cheeses and other beverages available as well, from noon until 3 p.m."

She said volunteers are the lifeblood of any big community project and the Apple Canyon Lake Trail Trekker Color Run/Walk is no exception.

"We could not do this without our volunteers," said Carton. "Our volunteers range in age from 12 to 75 for this event and while most of them are property owners, we do have some visitors and some folks from Stockton coming out to help as well. This is a fun, family event and our volunteers will be working to make it even more so."

After the Trail Trekker, Apple Canyon Lake will host their Sizzling Summer Concert featuring Denny Diamond, a popular Neil Diamond tribute act, at the old firehouse on Canyon Club Drive from 7 to 9 p.m. Tickets are just \$5 and the concert is also open to the public. The Cove/

Benchwarmers food truck will be on-site offering sandwiches, cheese curds, beer, wine and water.

There are a number of properties for sale at Apple Canyon Lake," said Carton. "We do want to show that Apple Canyon Lake is a really nice community to consider if you live locally or even if you are within a few hours. We have the lake, a marina, the beach, a beautiful swimming pool, a golf course, great fishing, a restaurant, walking and ATV/UTV trails, tennis courts and one of the most beautiful waterfalls in Illinois. It's a good place to buy into; whether you intend to build or not, lots with full amenity accessibility are very affordable. If you're looking for a leisurely lake lifestyle, Apple Canyon Lake is a good place to consider."

## Attorneys General file lawsuit against Education Secretary DeVos for delaying rules that protect students & taxpayers from abuse by predatory for-profit schools

Attorney General Lisa Madigan and 18 other attorneys general filed a lawsuit against the U.S. Department of Education and Education Secretary Betsy DeVos for abandoning critical federal protections that were set to go into effect on July 1.

The lawsuit, filed in U.S. District Court in the District of Columbia, alleges the Department of Education violated federal law by abruptly rescinding its Borrower Defense Rule, which cracked down on abusive higher education institutions that defraud students by allowing those students to obtain loan forgiveness. The rule was finalized in November 2016 following the collapse of Corinthian Colleges, a national for-profit chain that operated Everest College campuses in the Chicago area before its closure. The rule also provides automatic relief for students who are unable to finish their degrees because their school closes. In Illinois, there are over 50 closed campuses. Under the Borrower Defense Rule, former students of those schools who did not take out subsequent federal student loans qualify for automatic closed school discharge of their loans. "Students should not have to pay for student loans they obtained to attend fraudulent schools that promised ed-

ucation and training that they did not provide," Madigan said. "The Department of Education has clear evidence of Corinthian's widespread fraud, yet it has delayed relief for thousands of these former students and others who are still on the hook for their student loan debt."

In May, Secretary DeVos announced the Department was reevaluating the Borrower Defense Rule. On June 14, the Department announced its intent to delay large portions of the Borrower Defense Rule without soliciting, receiving, or responding to any comment from any stakeholder or member of the public and without engaging in a public deliberative process. The Department simultaneously announced its intent to issue a new regulation to replace the Borrower Defense Rule.

In a short notice published in the Federal Register, the Department cited pending litigation in the case California Association of Private Post-secondary Schools (CAPPS) v. Betsy DeVos as the reason for delaying implementation of the Borrower Defense Rule. Madigan was among a coalition of attorneys general who filed a motion to intervene in the CAPPS case last month to defend students and

taxpayers from the legal challenge to the Borrower Defense Rule brought by a trade association representing for-profit schools. Madigan and other attorneys general argued in their lawsuit filed today that "the Department's reference to the pending litigation is a mere pretext for repealing the Rule and replacing it with a new rule that will remove or dilute student rights and protections."

Without the protections of the current Borrower Defense Rule, many students who are harmed by the

misconduct of for-profit schools are unable to seek a remedy in court. For-profit schools commonly require students to sign mandatory arbitration agreements and class action waivers to avoid legal actions by students who have been harmed by schools' abusive conduct. The Borrower Defense Rule limits the ability of schools to use mandatory arbitration agreements and class action waivers.

Today's lawsuit asks the court to declare the Department's delay notice unlawful and order the Department

to implement the Borrower Defense Rule.

The Department of Education's negotiated rulemaking committee helped develop the Borrower Defense Rule – in large part as a result of state and federal investigations into for-profit schools, such as Corinthian Colleges. Under the rule, a successful enforcement action against a school by a state attorney general entitles borrowers to obtain loan forgiveness, and enables the Department of Education to seek repayment of any amounts forgiven from the school.

Attorney General Madigan has investigated numerous for-profit schools for fraud and repeatedly called on the U.S. Department of Education to immediately forgive federal loans of students who attended fraudulent for-profit schools.

Madigan's office runs a free Student Loan Helpline to provide student borrowers with free resources about repayment options, avoiding default or to file a complaint about loan servicing at (800) 455-2456 (TTY: 1-800-964-3013). More information can also be found on her website.

Joining Madigan in filing today's lawsuit are attorneys general from: California, Connecticut, Delaware, Hawaii, Iowa, Maryland, Massachusetts, Minnesota, New Mexico, New York, North Carolina, Oregon, Pennsylvania, Rhode Island, Vermont, Virginia, Washington, and the District of Columbia.

## Bustos statement on Trumpcare's Senate CBO score

Congresswoman Cheri Bustos (IL-17), Co-Chair of the Democratic Policy and Communications Committee, released the following statement after the non-partisan Congressional Budget Office released its analysis of the Senate Republicans' current draft of Trumpcare:

"Today, the non-partisan Congressional Budget Office confirmed that hardworking Americans will pay more for less care and fewer protections under Trumpcare. Even worse, a staggering 22 million Americans will lose their health care altogether.

If Washington Republicans pass this bill, the real and lasting consequences are unconscionable – rural hospitals will close their doors, seniors will lose access to long-term care, older Americans will be slapped with a crushing age tax and people with preexisting conditions will once again be priced out of the insurance market. Instead of ramming through a health care bill that will harm all but the ultra-wealthy, Democrats and Republicans should work across the aisle to fix what's broken in health care and bring down costs for all Americans."

## Illinois has a budget

Compiled by Tony Carton  
EDITOR

The state's two-year budget impasse came to an end this week as the General Assembly passed a budget. Included in that budget, the state's personal income tax rate, which goes into effect retroactive to July 1, will increase from 3.75 percent to 4.95 percent, and the corporate income tax rate would increase from 5.25 percent to 7 percent.

### How will these increases affect Illinoisans?

- A single person who earns \$34,000 a year would pay an additional \$382 a year.
- A family of three making \$75,000 a year would pay an additional \$822 a year.
- A family of four earning \$150,000 a year would pay an additional \$1,695 a year.
- A 66-year-old retiree who has \$5,000 in taxable earnings plus Social Security and pension income, which are not taxed in Illinois, would pay an additional \$22 a year.

Darrell and Lorraine Busjahn, of Orangeville will celebrate their 60th Anniversary on July 21. Darrell Busjahn wed Lorraine Kienzle on July 21, 1957 at the United Methodist Church in Galena. Until their retirement in later years, the Busjahns happily made a living on their family farm in Orangeville where they also gratefully raised their family.

The couple has four children: Sandra (Ed) Smith of Pecotonica, Allen Busjahn, Arlen (Colleen) Busjahn, and Lori (Josef) Scherer all of Orangeville; seven grandchildren: Corine Smith (Andrew Peplinski) of Peoria, Katy Smith (James Stuart) of Sycamore, Julie (Shane) Littell, and Matt Busjahn (Lisa LaBudde) of Orangeville, Melissa Scherer of Tallahassee, FL, Adam (Brooks) Scherer of Orangeville, and Carrie (Seth) Carroll of Caneyhill, AR; and three great grandchildren: Ivy Littell, and Karsen and Owen Henne-men all of Orangeville. Plus Baby Carroll on the way.

Please join the Busjahn family in celebrating Darrell & Lorraine's milestone anniversary by participating in a Card Shower. Well wishes may be sent to: Mr. & Mrs. Darrell Busjahn, 3296 E Rock Grove Road, Orangeville, IL 61060

# Third Annual Stockton Anniversary - Troop 31 Camporee

Join with Stockton Boy Scout Troop 31 on Aug. 25-27, for a weekend of scouting and camping. The Camporee is a scouting adventure for all Boy Scout troops working under the leadership of the Troop's Patrol Leaders Council. It is a showplace for the Scouting program. Your scout troop is invited to set up camp in the park and participate in planned scout skill activities. Scouts will be cooking meals, working on leadership and outdoor scout skills, and planning a Saturday night campfire event with skits and songs.

Previous year's activities (ribbons awarded for top three patrols in each event) include:

Eight Knot Relay - Compass Square - Tent Setup - Nuclear Reactor - Blind Tarp Setup - Everyone over the Wall (through the web) - Height Judging (flag pole or pole

for tornado whistle) - Bowline-Sheet-bend Draw - Tomahawk Toss - Tug of War - night games and a terrific campfire led by the Scouts.

Cost is only \$10 per scout - \$5 per adult (patch included)

T-shirts are available.. A scout t-shirt is an essential item to all scouting activities and help promote scouting in your local communities.

We are looking for volunteers to help man each station. The ideal volunteer would be a Senior Patrol Leader (SPL), Assistant Senior Patrol Leader (ASPL), Instructor, Troop Guide, or Junior Assistant Scoutmaster. Those scouts willing to operate a station should have a strong proficiency in scouting skills and leadership.

There is no better opportunity to "experience" scouting than at a Camporee.

# Apple River Fort 1830's log cabin restoration nears completion

Volunteers to complete the final phase of restoring an 1830 Log Cabin at the Apple River Fort State Historic Site at Elizabeth, IL are being called for by the Apple River Fort Historic Foundation, Inc.

On Saturday, July 29, volunteers are invited to gather at Apple River Fort to help put chinking between

the logs of the 1830's cabin being restored at the State Historic Site.

Volunteers will be instructed and supervised by John Howard of Howard Masonry, inc. Howard is an expert in all forms of masonry construction and restoration. His background includes the chinking work on the log buildings at the Naper Settlement in Naperville, IL.

A special mixture of chinking material will be made on site and used for the work. It is designed to be

more permanent than the clay and straw used by the original pioneers who first built the cabin.

Volunteers will assemble at 9 a.m. on Saturday, July 29, at the Apple River Fort site in Elizabeth, IL. It is expected the project will take all day. Those who have their own masonry tools, such as trowels, are asked to bring them.

Rain date for the project will be August 5.

# Illinois State Police District 16 lists June activity and enforcement

Illinois State Police District 16 Operations Officer, Lt. Carl Heintz, announced today activity and enforcement figures for the month of June. Troopers in District 16, which includes 4 counties, handled 1307 incidents during the month.

In addition, enforcement figures totaled 837 citations and 379 written warnings, including 366 speeding citations, 20 DUIs, 119 seatbelt citations, 6 child restraint citations, 130 written warnings for

speeding, and 26 criminal arrests. Troopers also assisted 105 motorists, conducted 87 Motor Carrier Inspections, and declared 18 of those commercial drivers or vehicles "Out of Service". Troopers investigated 36 traffic crashes, and there were 3 fatal traffic crashes in District 16 during June.

Troopers also seized more than 166 grams of cannabis, 14 grams of a controlled substance, \$810 USC, one vehicle and two handguns.

One of those handguns had been reported stolen.

We continue to work dili-gently

to make our highways and communities safe and ask you for your help. Always drive sober, see that

everyone is safely buckled in and don't allow any distractions – including cell phones.

## Fun dog facts for pet pals of all ages

Enjoy these fun dog facts that deliver a variety of information about interesting breeds, puppies, guide dogs such as Labradors and much more. As the famous saying goes, dogs are man's best friend. Whether it's as reliable workers, family pets or loyal companions, dogs are wonderful domestic animals that offer a number of qualities that are put to good use by humans.

In total there is said to be around 400 million dogs in the world.

The domestic dog has been one of the most popular working and companion animals throughout human history.

Dogs perform many useful tasks for humans including hunting, farm work and security as well as assisting those with disabilities such as the blind.

Although experts often disagree, there is scientific evidence which shows that the domestication of dogs could have occurred more than 15,000 years ago.

There are hundreds of different breeds of dogs.

Examples of these breeds include: Bulldog, German Shepherd, Collie, Golden Retriever, St Bernard, Greyhound, Bloodhound, Chihuahua, Labrador, Great Dane, Rottweiler, Boxer and Cocker Spaniel.

The most popular breed of dog in the world by registered ownership is the Labrador. With their gentle nature, obedience, intelligence and near limitless energy, Labradors make for excellent family pets and reliable workers. They often assist police and are a common choice as guide dogs.

Dogs have formed such a strong bond as pets, workers and companions

to humans that they have earned the nickname "man's best friend".

Humans help train various dog breeds to enter in competitions such as breed shows, agility and obedience contests, racing and sled pulling.

Dogs have superior hearing than humans, capable of hearing sounds four times the distance.

Dogs have a remarkable sense of smell, they are capable of differentiating odors in concentrations nearly 100 million times lower than humans can.

The average life span for a dog is around 10 to 14 years.

Those involved in dog breeding refer to males as 'dogs', females as 'bitches', dogs younger than a year old as 'puppies' and a group of offspring as a 'litter'.

Domestic dogs are omnivores, they feed on a variety of foods including grains, vegetables and meats.

## Enjoy Finding Dory under the stars with FHN

FHN and the Freeport Park District will present a free showing of Finding Dory on a giant 25-foot screen Friday, July 14, at Read Park in Freeport.

There is no charge for the event, which will begin at 7 p.m. with a live beach party and concert with Dave Rudolf. Families are welcome to bring lawn chairs and blankets for seating, and popcorn will be sold. The movie will begin at dusk.

# Headaches and migraines

Compiled by Dr Mike Wampfler DC  
FROM CHINA ECONOMIC  
REVIEW/COPYRIGHT © 2008  
CHINA ECONOMIC REVIEW  
PUBLISHING

"Chiropractic is specific, or it is nothing" - B.J. Palmer the developer of chiropractic.

I found this article written for the China Economic Review and found there analysis and method to be very similar to the specific way in which we analyze our patients spine and posture. It is very rewarding to find the misalignment and know how to remove it so the bodies innate healing can start to take place. Beijing's hospital has an innovative approach to treating a common office affliction.

Mild headaches are common in the workplace and can be triggered by a number of factors, including eye-strain, stress and even dehydration. As such, they are often written off as an annoyance and a regrettable consequence of office life. Severe, chronic headaches, however, can cause more than just minor irritation - in certain cases they can put a worker out of commission for days at a time.

As a veteran chiropractor and researcher in spinal anatomy and clinical studies, Dr Roger Hinson, chair of integrative medicine at Beijing United Family Hospitals and Clinics (BJU), is well-versed in both the causes and treatment of headaches, including migraines.

"Migraines are by far the most painful of the common headaches," Hinson said. "They are often accompanied by photophobia, nausea, and numbness or tingling sensations. Migraines are debilitating and can last from four hours to seven days."

## The statistics

Migraines are three to four times more common in females than in males, with 18-20% of women expected to suffer from migraines this year, compared to 7% of men, according to Hinson.

Migraines not only take their toll on the individual sufferer, but also on the enterprises that employ them. They cost American businesses about US\$13 billion per year due to missed work and impaired function, according to a study published by the Archives of Internal Medicine.

Of this total, US\$8 billion was lost as a direct result of missed workdays. The National Headache Foundation estimates that 157 million workdays are lost annually in the US due to migraine-related symptoms.

Information related to sensations from the head and face is processed in the nucleus of the trigeminal nerve. Pharmaceutical and neurosurgical interventions aimed at migraines and other headaches target this nerve.

"In regards to headaches, the business end of this nerve, an area referred to as the subnucleus caudalis, is found in the top two centimeters or so of the spinal cord," Hinson said. "Mechanical distortion of these trigeminal fibers in the upper cervical spine may predispose people to many types of headaches, including migraines."

The spinal joints closest to the trigeminal caudalis are responsible for the movement of the head on the neck. They are the smallest, most mo-

bile articulations of the spine. Due to their tiny size and extreme mobility, however, these joints are uniquely predisposed to displacement or misalignment. This misalignment can put mechanical stress on the upper spine where the trigeminal caudalis is located.

Furthermore, poor posture in the office can either cause or aggravate misalignments in the upper cervical spine, making office workers prime candidates for headaches.

"Office workers are predisposed to headaches," Hinson said. "Slouching and sitting hunched over a computer can put stress on the upper cervical spine. It's especially bad for habitual notebook computer users."

## The solution

While medical management of migraines involves blocking specific pain receptors in the trigeminal nerve, BJU approaches the problem from a mechanical perspective.

"We measure displacement of the upper cervical joints with X-rays, and then apply a very low force along a precalculated vector with an instrument to correct the misalignment," Hinson said. "There is no neck twisting or 'cracking' noise. The patient feels only a light tap below the ear."

The precision and minimal force involved in this type of chiropractic adjustment means the risks are significantly lower than with more forceful manipulative treatments. In fact, there have been no reports of serious side effects associated with this type of precision upper cervical adjustment since its development in the late 1940s, according to Hinson.

"Patients see side benefits instead of side risks," he said.

# Bring your family to the 2017 Jo Daviess County 4-H Fair

The 2017 Jo Daviess County 4-H Fair is just around the corner. Local 4-H'ers have submitted their entries and the judges have been secured. The Jo Daviess County 4-H Fair will be held on July 17-20, at the Elizabeth Community Fairgrounds. This year's fair promises to deliver a number of projects in a variety of areas.

The 4-H Fair will officially start on Monday, July 17, at 9 a.m. with the 4-H Horse Show. Monday will conclude with the Clothing and Textiles Judging, the Fashion Revue, and the Public Speaking Contest which will begin at 5 p.m. in the Elizabeth Community Building.

Tuesday, July 18, will begin our General Projects Judging. Judging will begin at 8:30 a.m. followed by Visual Arts, Food Decorating, and Photography Judging beginning at 11:30 a.m. We will end the day with the Poultry Show at 3 p.m. and the Rabbit Show at 5:30 p.m.

Wednesday, July 19, will begin

with the Swine Show. The show will begin at 7 a.m. The Beef Show will begin at 9:30 a.m. Food and Nutrition Judging will start at 10:30 a.m. while the Child Development and Interior Design Judging will begin at 11 a.m. The Cat Show and the Sheep Show will begin at 12 p.m. followed by the Goat Show. Afternoon judging continues with the Master Showmanship Contest and the Cloverbud Show both beginning at 1 p.m.

The 4-H Federation will once again host their annual Pork Chop Barbecue on Wednesday, July 19. Meals will be served from 4:30-7:30 p.m. with carry-outs available. Tickets for the barbecue may be purchased in advance. You may contact any Jo Daviess County 4-H Member, the University of Illinois Extension Office located at 204 Vine Street, Elizabeth, IL or see us at the Fair for tickets. A limited number of tickets will be available to purchase at the door. Wednesday evening culmi-

nates with the annual Livestock Auction beginning at 7 p.m.

Thursday, July 20, wraps up the Jo Daviess County 4-H Fair with the 4-H Dairy Show beginning at 9 a.m.

Most projects will be on display in the Community Building and on the fairgrounds through early Thursday morning. The 4-H Federation and local 4-H Clubs will also operate a Food Stand throughout the Fair, so please plan to spend your week with us and enjoy the excitement. We look forward to seeing you there.
