FHN - WE'RE HERE, FOR YOU.

## Make sure your heart is healthy!

## FHN is offering **two \$119 heart tests** during American Heart Month!

Did you know that most heart attacks could be prevented with early diagnosis of risk factors for coronary artery disease. For American Heart Month in February, FHN is offering special pricing on two tests that can give you a good look at your heart health if you have no known coronary artery disease and no prior heart issues.

**\$119 FHN's Calcium Scoring CT Heart Scan** uses 64-slice CT scanner technology to detect calcified plaque in arteries, an indication of potential heart issues. This non-invasive x-ray takes only a few minutes and does not require any physical activity.

**\$119 Standard Walking Treadmill Stress Test** helps to determine artery condition and may be right for you if you have risk factors for heart disease such as high cholesterol, existing or borderline high blood pressure, a history of smoking, diabetes, or family history of heart disease. You must be able to walk for this test.

**Call between Thursday, February 1 and Friday, March 2 to schedule tests at the special \$119 price;** the tests themselves may be performed by Tuesday, July 31.

For more information or to schedule an appointment today, call **1-877-6000-FHN** (1-877-600-0346) ext. 944 or visit **[www.fhn.org](http://www.fhn.org)**. During Heart Month, take steps to be sure yours is in good shape!

These tests should not replace consultations with your healthcare provider. If you do not have a primary care provider, we will work with you to determine how to handle your test results when we communicate them to you. Payment (cash, checks, credit card) due at time of service.
