Elizabeth resident inducted to 4-H Hall of Fame

The Illinois 4-H Foundation annually recognizes 4-H volunteers for exemplary service to the Illinois 4-H program. This year, 71 new members were inducted into the Illinois 4-H Hall of Fame. "These long-time volunteers fully embody what 4-H strives to instill in youth," said Angie Barnard, executive director of the Illinois 4-H Foundation. "They are caring, dedicated, generous leaders, and the Illinois 4-H Foundation is extremely proud to be able to provide this honor to each and every one of them to thank them for their service to this wonderful organization."

Among those inducted, is Elizabeth resident Marvin Schnitzler. Marvin has been involved with the Jo Daviess County 4-H program for several decades. He and his wife, Elizabeth, have supported and raised 5 children that were Jo Daviess County 4-Hers, 12 grandchildren (6 of whom are alumni) that are 4-Hers, and one grandchild that cannot wait to join. Marvin has volunteered in many ways during his years of service. Among those is his dedication to the 4-H beef project. He has served as the 4-H Beef Superintendent for over 35 years. During that time he has begun many traditions that are still done today, including a Thursday tradition of buying pies for all of the beef exhibitors to enjoy while watching the dairy show. Marvin and Elizabeth sponsor the Beef Herdsman Award and was instrumental in starting the 4-H Livestock Auction. Marvin served as the Swine Superintendent for 4 years, cooks the best pork chops around during the 4-H Pork Chop BBQ, and hosted the Jo Daviess County 4-H Livestock Judging Contest for over 20 years. Marvin has served on the Extension & State 4-H Foundation Board and hosted International Four-H (4-H) Youth Exchange and Labo International Exchange students. "Marvin's support of Jo Daviess County 4-H, our members, and Extension has helped make our program what it is today. Marvin does not just volunteer in 4-H. He lives each day in a way that supports agriculture, promotes hard work, and gives back to our local communities. He helps to

instill those qualities in our 4-H members," says Angela Miller, 4-H Youth Extension Program Coordinator.

The Illinois 4-H Foundation established the statewide Hall of Fame in 2004 to honor and celebrate extraordinary 4-H alumni, volunteers, and former 4-H staff. Each inductee received a commemorative Hall of Fame medallion.

"As a result of these volunteers' years of service and leadership to Illinois 4-H," Barnard said, "the program they love will continue to create wonderful opportunities for the young people whose lives it touches."

"The Foundation provides avenues to continue to support the work of Illinois 4-H by accepting financial gifts specifically directed to the program you wish to support," Barnard said. "Estate planning services are available to those wishing to continue their 4-H legacy."

The Illinois 4-H Foundation raises private funds that are invested in Illinois 4-H programs that provide meaningful, positive development experiences for Illinois youth to develop leadership, citizenship, and life skills. To learn more, visit www.4hfoundation.illinois.edu.

Stockton storms into second season success

By Chris Johnson
REPORTER

The community of Stockton lies just a few miles from towering bluffs with streams that disappear into the banks of the Mississippi River. It isn't hard to find, its right along U.S. Route 20 and is filled with bright displays of maroon and gold. Signs of the season abound and affix to the landscape as football takes its position amid the cheers of the Blackhawk faithful. Go Blackhawks banners sprout in the fall, and expectations of post-season play flourish. This past week was the seventh game of the football season's regular edition and hope for locking-down second-season consideration remains strong.

Those goals were held in check briefly Friday night when weather conditions forced the need for a second

day to play. Severe storms with strong winds, heavy rain and lightning suspended the match with Polo until Saturday when the Blackhawks closed it out 20-0.

On Oct. 2, the Blackhawk golfers wrapped up round one of its second season with a score of 372. The fall schedule closed with a fifth-place tie with the Pecatonica Indians in the Galena Class 1A Regional. The Pirates finished in first and paved the path to the Oregon Sectional and second round play with its score of 332. Win-

nebago followed with a 335. Eastland finished in third with a stroke count of 356. River Ridge missed the cut by three strokes, finishing alone in fourth with a team 359.

Blackhawks faithful still had cause to cheer on Monday, Oct. 8, as talented striker Alex Staver opened the 1A Sectional in Hawks Country. His tournament best 70 gave him an eleven-stroke win over second-place finisher Brock Thiesen in Galena, which was one stroke better than third-place qualifier Zach Meyer of East Dubuque

Zachary Stricker of Pecatonica closed in fourth place with an 85, which put him one better than teammate Luke McCartney and his 86. Seniors Bennett Reese and Connor Brown of River Ridge also qualified out of the Galena Regional with scores of 86. The final qualifiers on the individual platform were sophomores Deacon Hill of West Carroll who shot an 88 and Ethan Rood of Dakota. He carded an 89. Ian Peterson, also of Dakota, was the final qualifier from Galena. He penned a 92.

Stockton Elementary bards win youth poetry awards

Four Stockton Elementary students have won awards in the 2018 Gwendolyn Brooks Youth Poetry Award. Emily Kleckner, daughter of Brittani Gemmell and Matt Kleckner, received the Kindergarten first place award for her poem, "I Like..." Weston Haas, son of Cory and Nicole Haas, was the third place winner for second grade with his poem, "Green." Khannon Jones, son of Ashley and Alicia Jones, also in second grade, received an honorable mention for his poem, "Monkeys." Hailey Broshous, daughter of Scott and Ashley Broshous, was the second place winner in fourth grade with her poem, "Sleep."

Students were invited to a poetry reading of winning poems at the Poetry Foundation in Chicago in August. They also received an award certificate and prizes from the Poetry Foundation.

The Gwendolyn Brooks Youth Poetry Award is sponsored by Illinois Humanities and the Poetry Foundation in Chicago. This statewide contest honors Gwendolyn Brooks, a former Illinois Poet Laureate and Pulitzer Prize winner, who began the contest in 1969. More information about Gwendolyn Brooks may be found at <https://www.ilhumanities.org/program/gwendolyn-brooks-youth-poetry-awards/> and <https://www.poetryfoundation.org/poets/gwendolyn-brooks>

Stockton Elementary School Teachers Kalli Offenheiser and Jeni Pearce congratulate Hailey Broshous on receiving the second place award for her poem, "Sleep."

Free stargazing at Woodbine Bend Golf Course

Looking for a fun activity to do that is free? Come join the Planetary Studies Foundation (PSF) for their last stargazing event for 2018. These amateur astronomers will explain the beauty of the skies and the mesmerizing constellations. Find out what's up in the night sky tonight (Planets Visible Now, Moon Phases, Observing Highlights This Month) plus other resources (Skywatching Terms, Night Sky Observing Tips). This stargazing event is on Saturday, Oct. 13, at 6:30 p.m. to 9 p.m. at the Woodbine Bend Golf Course. The Woodbine Bend Golf Course is best known to have one of the darkest skies locations in Jo Daviess County. Enjoy the evening by bringing your folding chairs, blankets and your imagination as we explore the wondrous skies at dusk. Do not hesitate to bring your own and opened to the public. If it is raining, this event will be cancelled. These events are free and opened to the public.

The Planetary Studies Foundation would like to thank the golf course, the media, and people throughout the area for your support by coming out to their events. Visitors from the Chicago area and out of state have been intrigued by the natural wonders that PSF has to offer in Jo Daviess County. The Woodbine Bend Golf Course and Restaurant is located at 3500 E. Center Road in Stockton, IL. For more information about these events please contact PSF or Diane Sipiera at 630-670-3088 or 815-858-2014. We can't wait to see you.

We, the family of Mary Endress Downs would like to say thank you for the cards, flowers, prayers, hugs, food, words of comfort and memorial money with the passing of our mother. We want to thank the Stockton Nursing Home for their care of our mother for ten and a half years. She lived to be 98. The memorial money will be given to the activity fund for Waverly Place and the other half to the youth fund for our home church - The First Brethren Church in Lanark.

Thank You.

October is Breast Cancer Awareness Month

As National Breast Cancer Awareness Month begins, the American Cancer Society says remarkable progress against the disease should not obscure the significant challenges remaining.

The Facts:

Thanks to largely stable incidence rates, improved treatment, as well as earlier detection through screening and increased awareness, a woman's risk of dying of breast cancer dropped 39 percent between the late 1980s and 2015, translating into more than 300,000 breast cancer deaths avoided during that time.

Despite that progress, there's much more to be done. Breast cancer is still the second-leading cause of cancer death in women, second only to lung cancer. There is still a large racial gap in mortality, with African-American women having higher death rates compared to whites, even as incidence rates are similar.

The American Cancer Society's estimates for breast cancer in the United States for 2018 are:

About 266,120 new cases of invasive breast cancer will be diagnosed in women.

About 63,960 new cases of carcinoma in situ (CIS) will be diagnosed (CIS is non-invasive and is the earliest form of breast cancer).

About 40,920 women will die from breast cancer.

While black and white women get breast cancer at roughly the same rate, the mortality rate is 42% higher among black women than white women.

At this time, there are more than 3.1 million people with a history of breast cancer in the United States. (This includes women still being treated and those who have completed treatment.)

Risk factors:

Numerous studies have confirmed that alcohol consumption increases the risk of breast cancer in women by about 7%-10% for each one drink of alcohol consumed per day on average. Women who have 2-3 alcoholic drinks per day have a 20 percent higher risk of breast cancer compared to non-drinkers.

Obesity increases the risk of postmenopausal breast cancer. Risk is about 1.5 times higher in overweight women and about 2 times higher in obese women than in lean women.

Growing evidence suggests that women who get regular physical activity have a 10%-25% lower risk of breast cancer compared to women who are inactive, with stronger evidence for postmenopausal than pre-menopausal women

Limited but accumulating research indicates that smoking may slightly increase breast cancer risk, particularly long-term, heavy smoking and among women who start smoking before their first pregnancy.

If you or someone you love are concerned about developing breast cancer, has been recently diagnosed, are going through treatment, or are trying to stay well after treatment, the American Cancer Society provides important information on these topics and more.

What the American Cancer Society is Doing

Pharmaceutical distributor must pay \$625 million

Attorney General Lisa Madigan today announced a \$625 million settlement with pharmaceutical distributor AmerisourceBergen Corporation (ABC) to settle allegations that the company sold adulterated drugs across the country.

The settlement with 43 other states and the federal government resolves allegations that ABC and certain of its subsidiaries improperly sold cancer drugs that were not regulated by the Food and Drug Administration (FDA). ABC allegedly adulterated cancer drugs Aloxi®, Anzemet®, Kytril®, Neupogen®, Procrit®, as well as the generic version of Kytril® by “breaking the seal” and supplying the drugs in pre-filled syringes without FDA oversight. Illinois will receive more than \$1 million as part of the

settlement.

“ABC sold the public prescription drugs without proper oversight and in violation of the law,” Madigan said. “This settlement holds these drug companies accountable for their reckless actions.”

The settlement resolves allegations concerning a purported pharmacy under ABSG, Medical Initiatives Inc. (MII), which pooled vials of drugs used during chemotherapy in order to create Pre-filled Syringes (PFS) to sell to practitioners. The investigation revealed MII was not a pharmacy, but a so-called re-packager that was required to apply for a New Drug Application (NDA) to sell the PFS. To prepare the PFS, MII broke the seal of the FDA-approved drug vials and re-packaged them into plastic syringes

that allowed MII to sell the excess drug product in the vials, known as “overflow.” The PFS, which were prepared in an unsterile environment and often contained particles of foreign matter, were then shipped to providers through another branch of ABSG, which was named Oncology Supply Company (OSC). MII did not comply with pharmacy regulations in any state where it was licensed. Additionally, since there was no new NDA, the drugs were unapproved by the FDA and adulterated, therefore not eligible for reimbursement by government healthcare programs.

Under the settlement, ABC will pay nearly \$100 million to Medicaid programs. ABC subsidiary, AmerisourceBergen Specialty Group (ABSG), previously plead-

ed guilty to illegally distributing misbranded drugs in September 2017. ABSG is the parent entity for companies in the specialty pharmaceutical market, including biotechnology and oncology, in addition to pharmaceutical manufacturers and providers. ABSG agreed to pay \$260 million in criminal fines and forfeitures.

The settlement also resolves double billing for drug vials that occurred when MII used the overflow drug product, and it also addressed unlawful kickbacks provided to physicians to induce them to purchase one of the drugs, Procrit®, in PFS rather than vials.

The investigation that led to the settlement resulted from three actions originally filed in 2010, 2012 and 2014 in the U. S. District

Court for the Eastern District of New York under the federal False Claims Act and various state false claims statutes.

Deputy Bureau Chief Heather Tullio D’Orazio with Madigan’s Medicaid Fraud Bureau led a National Association of Medicaid Fraud Control Units (NAMFCU) team that participated in the investigation and conducted the settlement negotiations with ABC on behalf of the states. Other members of the team included representatives from the following attorneys general offices: California, Florida, New York and Oregon. Madigan’s office works in conjunction with the Illinois State Police Medicaid Fraud Control Bureau to investigate and prosecute civil and criminal cases of Medicaid Fraud.

Bustos and Loeb sack urge Trump administration to allow year-round sale of E15

In Letter to the President, Heartland leaders press the President to take this step to help hardworking farmers

Congresswoman Cheri Bustos and Congressman Dave Loebsack sent a letter to President Trump urging him to allow year-round sale of E15 ethanol blended fuel. Currently E15 is not permitted to be sold during the summer, however allowing year-round sale would be a boon to farmers who are struggling to get by in this tough agricultural economy.

“Too many of our hardworking agricultural producers are struggling as a result of low commodity prices and a trade war with no end in sight,” said Congresswoman Bustos. “While this is not a complete solution to all of these challenges, one way we could improve things is by allowing the year-round sale of E15 to provide a boost to corn growers across the heartland. I strongly urge President

Trump to make this common-sense change to strengthen our agricultural economy.”

“Ethanol is a homegrown renewable energy source that supports millions of jobs in rural communities across Iowa and throughout the country,” said Congressman Loeb sack. “Allowing the sale of E15 in the summertime would remove an unnecessary barrier to greater choices at the pump. Additionally, this move will help expand consumer choice at the pump, reduce our dependence on fossil fuels and foreign oil, and stimulate economic development throughout rural communities.”

Below is the text of the Bustos and Loeb sack Oct. 5, letter.

Dear Mr. President:

We write to request your support for farmers by finally honoring your pledge to grant a Reid Vapor Pressure (RVP) waiver, which you have repeatedly committed to do,

for E15 (gasoline blended with 15 percent ethanol) from June 1 to September 15. Further, we urge you to honor this pledge without taking other actions that undermine the current effectiveness of the Renewable Fuels Standard. Allowing the year-round sale of E15 represents a significant step towards strengthening America’s Heartland.

Commodity farmers are currently facing unprecedented challenges. Stagnating prices are chief among them. A bushel of corn in August, 2018 sold for \$1.90 less than it did 10 years ago in August, 2008. At the same time, farm expenses continue to rise. With these and many other obstacles threatening Heartland agriculture, farmers are more reliant than ever on expanding markets.

The current law restricting the sale of E15 during summer months presents a major obstacle to increased market share for corn farmers. Ninety-seven percent of vehicles in the United States are E15 compatible, yet only a little over 1% of fueling stations currently sell this blended fuel. The prohibition on E15 sales during the summer months, when fuel demand is at its highest, represents a major deterrent to more widespread adoption of E15 pumps by fueling stations. Furthermore, there is no evidence that the RVP for E15 is any higher than for E10.

We request that you remove this unnecessary regulatory burden that is impeding economic growth in the Heartland and grant a RVP waiver for E15. The number of sta-

tions that will be able to sell E15 is projected to nearly double by 2021, and opening markets to year-round E15 sales presents a potential new market for billions of bushels of corn. It would also strengthen ethanol refineries which are engines driving economic growth for many rural communities.

At a time when American agriculture is under attack and the livelihoods of many in the Heartland are threatened, we ask that you renew your commitment to support and expand markets for farmers and “empower them to do the hard work that they love to do so much.”

Sincerely,

Cheri Bustos, Member of Congress

Dave Loebsack, Member of Congress

Illinois drivers face deer collision increase

It’s October, and officially Fall. Did you know that the odds of hitting a deer while driving more than doubles during October, November and December when deer collisions are most prevalent?

For the sixteenth year, State Farm® has produced an annual deer collision report and there are some really compelling Illinois numbers of interest:

Illinois drivers have a slight increase in likelihood of hitting a deer compared to a year ago. Chances of hitting a deer in Illinois have increased to 1 in 200, up from the 1 in 204 chance in 2017.

In regards to state rankings, Illinois remains in the middle of the pack at #32 (same ranking as 2017).

Adkins Energy LLC calls for year-round sale of E15

By Ray Baker
ADKINS ENERGY GENERAL MANAGER

The member-owners and staff of Adkins Energy appreciate the continued support of Representatives Bustos and Loeb sack. We hope that adding their voices and the voices of their constituents to this issue will inspire President Trump to call for the year-round sale of E15 nationwide. In a recent visit to Adkins Energy in Lena, Rep. Bustos confirmed to us her support of year-round E15 sales as a way to increase the amount of ethanol blended into our nation’s fuel supply. She and Rep. Loeb sack understand that corn producers and ethanol plants like Adkins are an important part of the Midwest’s economy. President Trump has a rally planned in Council Bluffs, Iowa next week. We hope, along with many other corn producers and ethanol supporters, to receive some good news that day.

Condolences may be sent to the family at www.leamonfh.com.

The family wishes to thank the staff at Liberty Village and FHN Hospice for the care their mother received.

How posture, spinal alignment, and spinal movement can make this school year your healthiest ever

The end of summer and children returning to school represents a time for check-ups and annual measurements. Toddlers and young children usually take an annual trip to a physician for baseline monitoring of blood pressure, heart, and physical wellness. Older student-athletes undergo mandatory physicals to participate in athletics and activities as well as receive guidance on nutrition, training, exercise, and sport-specific issues.

These annual exams represent the same reasons a parent would take their children to a Chiropractor for a spine and nervous system evaluation.

The health and wellness of the family begins with preventative measures designed to maintain health through proactive measures which actively prevent the onset of sickness, disease, and injury. The same parents who invest such care in pediatric and athletic exams often overlook the importance of spine and nervous system care. Preventative care plans begin with Chiropractic.

The spine intimately connects to the function of the brain and nervous system and regulates the overall health of the body. A misaligned spine which does not move appropriately alters feedback in the central nervous system, setting off a cascade of hormones that lead to or contribute to unwanted symptoms that presents as sickness and disease. A compromised nervous system decreases function and performance in the brain and body.

Spine and postural health remain as important to health, function, and quality of life as good nutrition and exercise. Research done by medical doctors and published in the reputable Spine medical journal revealed the influence of posture on overall body

health and well-being. Studies evaluated spine and postural health using x-rays and plumb-line measurements along with other health measurements and recorded subjective data. Patients listed specific, unwelcome symptoms or ailments that went along with objective measurements of blood pressure, pulse, and respiration. Research authors found that every recorded aspect of health deteriorated as measurements of posture deviations (shifts in posture) got worse.

This study further details the importance of healthy posture, spinal alignment, and spinal movement. Better Posture = Better Health. Abnormal posture or small shifts in the spine, referred to as subluxations, operate like cavities in the teeth. They slowly and often times painlessly form in the

back and neck and take root before ever festering with symptoms that declare a problem exists. The intimate relationship between the spine and nervous system makes subluxations a critical component in altering mood, hormones, and function. Poor alignment results in loss of focus, inability to concentrate, less energy, and issues with immunity and digestion. The central nervous system regulates organs and function. Maintaining a healthy spine serves to only enhance the health and wellbeing of every member of the family.

Annual checkups to the physician and athletic staff represent routine landmarks on the path to a healthy year. Chiropractic care provides a key element which enhances the physical, mental, and emotional health potential of the entire family. The start of a new school year offers new possibilities and new beginnings. Chiropractic offers the beginning of a healthier future.

Eagle Nature Foundation Fall bird seed sale

Once again the Eagle Nature Foundation will be holding a Fall Bird Seed Sale. This year the pickup date will be on Nov. 3. Please contact the Eagle Nature Foundation for bird seed varieties and prices. The seeds have to be ordered and paid for in advance of Oct. 29. Then, on

Nov. 3, anyone who ordered bird seed must come to 8384 North Broadway Road, just 1/2 mile south of Apple River between the hours of 10 a.m. and 3 p.m. to pick up whatever seeds they ordered. If this date

is not possible, a later date can be arranged.

As this sale is a fundraiser for ENF, anyone who orders seed can consider 30% of what they pay to be a tax deductible donation to ENF. Anyone and everyone is invited to get their winter's supply of bird seed during this sale.

Also available on the porch at 300 East Hickory Street are some of Richard Briggs' homemade bird houses and bird feeders.

For more information contact: Terrence N. Ingram, Exec. Director, Eagle Nature Foundation, 300 East Hickory St., Apple River, IL 61001 Phone 815-594-2306

Vaccination remains your best flu protection

Fall brings cooler temperatures, colorful leaves, and football games. It also means another flu season is upon us. Last year's season was rough. The best way to prevent flu and its potentially serious complications is getting a flu vaccine.

Northwestern Illinois Community Action Agency 2019 LIHEAP, PIPP and Weatherization Assistance Programs

Northwestern Illinois Community Action Agency has funding from the Department of Commerce & Economic Opportunity (DCEO) to assist residents of Jo Daviess and Stephenson Counties with home heating utility costs through the Low Income Home Energy Assistance Program (LIHEAP), Percentage of Income Payment Plan (PIPP) and Weatherization Programs.

LIHEAP clients with ComEd and/or Nicor Gas as utility providers may have the option of choosing between the traditional Direct Vendor (DVP) one-time payment or the Percentage of income Payment Plan (PIPP). The choices will be explained to clients during their application visit. PIPP applications will be taken until December 31, 2018 or until funding is exhausted. LIHEAP applications will be taken until May 31, 2019 or until funding is exhausted.

Beginning Monday, Oct. 1, 2018, income eligible seniors (age 60 and older) and people receiving disability benefits may call to schedule an appointment to apply for assistance.

Starting November 1, 2018, income eligible households without home energy service (are disconnected or have a disconnect notice from their primary and/or secondary heating utility) and families with children age 5 and under may also call to schedule an appointment to apply.

Starting December 3, 2018 all other low income eligible households may apply.
Eligible households may call 800-883-1111 or 815-232-3141 from 8:00 a.m. to 3:30 p.m. to schedule an appointment to apply for assistance at one of the following locations.

Reality of racism explored

On Wednesday, Oct. 24, at 6 p.m. in the Lutheran Church of the Good Shepherd at 1829 N Rockton Ave, Rockford, (across street from West Middle School) the "Eliminate Racism in Rockford" movement is asking local organizations (faith communities, businesses, nonprofits, government bodies, and clubs) to partner with us in order to awaken the public to both personal and systemic racism.

We are offering programs to increase understanding of unconscious racism and to expose the prevalence of stereotyped judgments.

Girl Scouts to open Freeport Resource Center

Mark your calendars and help us spread the good news that Girl Scouts of Northern Illinois (GSNI) will celebrate its newest resource center at 1834 S. West Street (in the Meadows Shopping Center) in Freeport with a family-friendly grand opening for the public from 10 a.m.-1 p.m. on Saturday, Oct. 13. This free event is to celebrate one of several new and redesigned Girl Scout locations as the organization moves to be more visible in local communities and offer increased convenience for families and volunteers. Be sure to bring the family. We hope to see you there.

FROM LENA'S KITCHEN

The not so skinny cook

We once again had the roller coaster of temperatures. If you have joint problems like me, this weather is a problem. I really am looking forward to the crisp fall temperatures coming. Hopefully we will see some of them after our next warm spell. This week the recipes will feature apples because there are a lot of good ones out there to eat and two casseroles that are good for fall main courses.

The first recipe features a homemade pimiento cheese spread. It is great as an appetizer as well as a good spread on BLT sandwiches, burgers, grilled chicken sandwiches, or with pita chips or crackers.

Pimiento Cheese

2 C. shredded mild Cheddar cheese
1 pkg. (8 oz.) cream cheese, softened
1 jar (4 oz.) diced pimiento peppers, drained

2 T. mayonnaise
½ t. salt
¼ t. garlic powder
¼ t. onion powder
½ t. cayenne pepper

In a large bowl, beat all the ingredients with a mixer at medium speed until well combined. Cover and refrigerate for up to 5 days.

Since this time of the year is apple season, this apple addition to a green

salad adds an interesting crunch. The apple vinaigrette dressing adds just the right amount of punch to a rather boring green salad. Enjoy this different green salad.

Apple Vinaigrette Salad

¼ C. apple juice
1 T. balsamic vinegar
1 t. Dijon mustard
1 t. honey
3 C. baby spinach blend
1 apple, diced

Whisk together apple juice, vinegar, Dijon, and honey; drizzle over greens and diced apples before serving.

This casserole's name is misleading. Yes, it is full of the traditional loaded mashed potatoes, but it also includes some meat and vegetables. You have a regular meal with this one dish. I have a friend who uses the refrigerated mashed potatoes a lot. She likes the convenience of

them. She also uses them to stretch her homemade mashed potatoes.

Loaded Baked Potato Casserole

6 bacon slices
2 pkg. (24 oz. each) refrigerated mashed potatoes
½ pkg. of an 8 oz. cream cheese
¼ t. pepper
3½ C. shredded rotisserie chicken breast, divided
2 C. shredded cheddar cheese, divided
1 C. chopped green onion, divided
1½ C. fresh broccoli florets, divided

Preheat the oven to 375. Spray a 9 x13 pan with cooking spray. Fry the bacon and drain on a paper towel. Cool and then crumble the bacon. Peel back the film at the corner of each package of potatoes to vent. Microwave on HIGH for 3 minutes.

In a large bowl combine the pota-

toes, cream cheese, and pepper; beat at medium speed with a mixer until combined. Stir in 1¾ cups of chicken, 1 cup cheese, 2/3 cup of green onions, half of the broccoli, and half of the crumbled bacon. Spread mixture in prepared dish. Sprinkle with the remaining 1¾ cups of chicken, remaining broccoli, remaining bacon and remaining 1 cup of cheese.

Cover and bake for 45 minutes or until cheese melts and casserole is heated through. Sprinkle with remaining green onions.

I have been hungry for beef stroganoff, and I am always looking for different ways to make it. This recipe uses jarred gravy, so it is really easy. Again the use of the vegetables makes this a one-pot meal. I like to use the Kluski Amish Noodles for the pasta.

MAKING SENSE OF INVESTING

Lady Hornets enter final phase of post-season planning

By Chris Johnson
REPORTER

The time to refine is nearly behind for the Scales Mound Lady Hornets. In a little over a week the IHSA Girls' Class 1A Volleyball Championship Tournament will begin. Time is running out to try to figure out how to get the wins to line up again, like they did earlier this season.

On Wednesday Oct. 10, the Lady Hornets head to Pearl City for the final time this season. The next night they head west to East Dubuque. The regular season comes to a close following home games against long-distance traveler Pecatonica on Saturday, Oct. 13 and on Oct. 17 against River Ridge.

Fall sports began in August across northern Illinois. In less than three weeks, it is Halloween. The regular season is about over for most IHSA-member volleyball teams. At the same time, things are about to get a lot more interesting for a few well-deserving programs. Many choices will be made by many players on many teams within the NUIC and across the State this week, regarding how far they are willing to go to help carry their team as far as it can go into the Class 1A Tournament. Last year NUIC member Durand made the march to State and came away with a trophy for its effort.

When the playoffs start, it's win or go home. In the playoffs the hot

team is probably going to pull down the win and move on to fight another night. There are chances for upsets waiting for lower seeds, such as those in place for the Lady Hornets in the opening round of the Polo Regional-Sectional complex. Knocking down the opener will put into motion a path that will lead Scales Mound into a lot more trouble right away though. Survival from there will mean things might look a lot more promising suddenly.

Brackets are set up to reward the best teams, those with the greatest win totals and accomplishments. That means the one, two and even three-seed will be given the easier paths to follow. An upset of the top or number two seed means that same path is waiting for the upset-driven sleeper. With the amount of talent filling the field in Polo, there's a statistical chance that someone else, perhaps someone who collected more wins this season than the Lady Hornets have, might go home before Scales Mound does.

The NUIC was loaded this year. Eight teams have already registered double-digit, above .500 marks. East Dubuque with a season record of 12-8-2 currently sits in ninth place with a week to go. They are in the field in the Polo Sectional com-

plex with Scales Mound. The Stockton Lady Blackhawks with their 7-2 NUIC mark and 14-7 overall record could be a team the Lady Hornets run into during early post-season play. They are also in the field feeding into Polo.

Durand and Alden-Herbron host opening round games and at this time will be forces to beat. The Lady Bulldogs lead the NUIC with only a few days to play. They entered this week with a 23-2 mark

but aren't alone in front. They are joined at the top of the conference by Galena with its 22-3 mark. Both teams are 10-0 in NUIC battles. Lena-Winslow also remains undefeated in head-to-head showdowns. They are 9-0 and are the third 20-game winner representing the NUIC so far this season. Forreston is in fourth place with a 7-2 mark and sits ahead of the Lady Blackhawks due to their nearly 20-win conference and non-conference win total.

Blackhawk Unit of Home Extension schedules October meeting

The Blackhawk Unit of Home Extension will hold its monthly meeting Thursday, Oct. 18, 7 p.m. at the home of Karen Pohl with Janette Wingert as her co-hostess. The lesson on "Drug Issues" will be given by Judy Shippee. The food collected this month will be taken to the Lena Food Pantry. Anyone interested is encouraged to join us.

The 95th annual meeting of the Stephenson County Association of Home and Community Education will be held on Oct. 15, with registration beginning at 9:30 a.m. at the Farm Bureau Building in Freeport. General and Mrs. Grant (Scott and Peggy Whitney) will be the speakers in the afternoon. All members are encouraged to attend.

The Mat Open celebrated its 17th year in September. Mat played golf for the Blackhawks during his high school years. His jersey number was #39, and the Stockton 39ers, a Stockton Youth Football team, was started in his memory.

Google hints, tips, and tricks for everyone

A special event for Family History Month sponsored by Green County Genealogical Society and the Monroe Public Library will be held Friday, Oct. 19; at 6:30 p.m. David Bradford will present "Google Hints, Tips, and Tricks for Everyone." Have you had trouble finding the results you wanted from Google searches – or gotten too many results? Learn how to efficiently search using Google.

For this event, the library doors open at 6 p.m. with the program starting at 6:30 p.m. in the second floor meeting room. Suggested donation for the program is \$10. Please pre-register by calling 608-328-7436 and leaving your name and phone number or visit our website <https://www.greencogenealogywi.org/upcoming-events.html>. Pre-registration will help us estimate of handouts needed. Walk-ins are also welcome.

The subject property is subject to general real estate taxes, special assessments, or special taxes levied against said real estate and is offered for sale without any representation as to quality or quantity of title and without recourse to Plaintiff and in "AS IS" condition. The sale is further subject to confirmation by the court. Upon payment in full of the amount bid, the purchaser will receive a Certificate of Sale that will entitle the purchaser to a deed to the real estate after confirmation of the sale. The property will NOT be open for inspection and plaintiff makes no representation as to the condition of the property. Prospective bidders are admonished to check the court file to verify all information.

If this property is a condominium unit, the purchaser of the unit at the foreclosure sale, other than a mortgagee, shall pay the assessments and the legal fees required by The Condominium Property Act, 765 ILCS 605/9(g)(1) and (g)(4). If this property is a condominium unit which is part of a common interest community, the purchaser of the unit at the foreclosure sale other than a mortgagee shall pay the assessments required by The Condominium Property Act, 765 ILCS 605/18.5(g-1).

IF YOU ARE THE MORTGAGOR (HOMEOWNER), YOU HAVE THE RIGHT TO REMAIN IN POSSESSION FOR 30 DAYS AFTER ENTRY OF AN ORDER OF POSSESSION, IN ACCORDANCE WITH SECTION 15-1701(C) OF THE ILLINOIS MORTGAGE FORECLOSURE LAW.

You will need a photo identification issued by a government agency (driver's license, passport, etc.) in order to gain entry into our building and the foreclosure sale room in Cook County and the same identification for sales held at other county venues where The Judicial Sales Corporation conducts foreclosure sales.

For information, examine the court file or contact Plaintiff's attorney: CODILIS & ASSOCIATES, P.C., 15W030 NORTH FRONTAGE ROAD, SUITE 100, BURR RIDGE, IL 60527, (630) 794-9876 Please refer to file number 14-18-02254.

Beef Stroganoff Casserole

1 lb. ground beef
2 lb. sliced fresh mushrooms
1 lb. green beans, trimmed and cut into 2-inch lengths
2½ C. egg noodles, uncooked
1 jar (12 oz.) Brown with onions gravy
1 (8 oz.) container of sour cream
3 T. Worcestershire sauce
½ t. pepper
1 container (2.8 oz.) French fried onions, divided

Preheat the oven to 350. Cook the meat and mushrooms in a medium skillet on medium-high heat for 8-10 minutes or until meat is no longer pink, stirring frequently. Add the beans to a large pot of boiling water and cook 3 minutes or until beans are crisp-tender and bright green in color. Remove beans and drop them in ice water with a slotted spoon. Add more ice and let stand until beans are completely cooled. Drain off the water. Add the noodles to a pan of boiling water and cook as directed on the package omitting the salt. Drain the noodles and return to saucepan. Add meat mixture, gravy, sour cream, Worcestershire sauce, pepper and ½ cup French friend onions; mix lightly. Spread beans onto bottom of a 9 x 13 baking dish sprayed with cooking spray. Top with noodle mixture and remaining onions. Cover with foil. Bake 30 minutes or until heated through, uncovering after 20 minutes. Sprinkle with 2 tablespoons of

chopped fresh parsley before serving
This great bread recipe is a good one for the freezer. Put the recipe away and use it for the holidays after you have made it using fresh apples that are so tasty in this fall season. It is really moist and good.

Apple Bread

3 C. flour
2 C. sugar
2 t. cinnamon
1 t. baking soda
½ t. baking powder
½ t. salt
4 eggs
1 C. canola oil
½ t. vanilla
2 C. chopped peeled apples (about 2)

1 C. coarsely chopped pecans or walnuts
Preheat the oven to 350. Line two greased 8 x 4 pans with parchment paper; grease the paper. Whisk together the flour, sugar, cinnamon, baking soda, baking powder and salt. In another bowl, whisk the eggs, oil and vanilla; add to flour mixture, stirring just until moistened (batter will be thick). Fold in apples and nuts.

Transfer to prepared pans. Bake until a toothpick inserted in center comes out clean, 50-55 minutes before removing to wire racks to cool. You can securely wrap cooled loaves in plastic and foil and then freeze. To use, thaw at room temperature

I make a really great baking dish

of apple dumplings the traditional way. However, I had several extra cans of crescent roll dough. When I found this recipe, I used up those extra cans to make this easy apple dumpling recipe that was much less time consuming than my regular recipe. Enjoy this dessert with ice cream or half and half. If you want to substitute 7-Up for the Sprite or Mountain Dew, it will work just fine.

Country Apple Dumplings

2 large Granny Smith apples, peeled and cored
2 (8 oz.) cans refrigerated crescent roll dough
1 C. butter
1½ C. sugar
1 t. cinnamon
1 (12 oz.) can of Mountain Dew or Sprite

Preheat the oven to 350. Grease a 9 x 13 baking dish. Cut each apple into 8 wedges. Separate dough into 16 triangles. Roll up apple wedges in each triangle and pinch end to seal completely. Transfer to the prepared baking dish.

Melt butter in a small saucepan. Stir in sugar and cinnamon. Drizzle over the dough. Pour the soda on the side of the pan for a crunchy top or over the top of the pan for a softer top. Bake until golden brown about 45 minutes. Let stand 10 minutes before serving.

October started out as a wet and

wild one. We had rain and wind; hopefully it will calm down because I am tired of having to get friends to put my flower pots upright. I am glad it is at the end of the season because there are lots of broken branches, leaves, and flowers. Baseball is over; I am a sad Cub fan. When I was recuperating, I watched a lot of baseball. I was hoping my team's season would last a bit longer. My Milwaukee Brewer friends are happy even if I am not. The fall season of television has started, and I am trying out some new shows. We will see if any of them really excite me. The last of the Farmer's Market comes this week; as I said last week, I am going to miss the squash and other vegetables as well as the homemade cookies and bars. I have stocked up on several jars of jelly for the winter also. There are a lot of craft fairs in our area. It seems as if there are a few more this year. Because I was cooped up for so long, I look forward to riding around the area and looking at the trees. I am looking forward to cooking some more this fall. We continue to look for some apple, squash, and pork recipes.

Monroe Clinic sponsors 'Mental Health First Aid' training in Lena

Monroe Clinic will sponsor a 'Mental Health First Aid' training on Tuesday, Oct. 30 at St. John's Lutheran Church, 625 Country Lane Drive, Lena, Illinois.

Similar to 'First Aid' and CPR, 'Mental Health First Aid' teaches community members how to help those experiencing mental health challenges or crises. The training takes place from 8 a.m. to 4.30 p.m. with registration starting at 7:30 a.m.

Mental health challenges—including depression, anxiety, psychosis and substance use—are common among teenagers in the United States. Twenty percent of the adolescent populations live with a mental health condition, but only fifty percent will ever receive the help they need.

Teachers, school staff, pastors, youth-group leaders, agency staff, local citizens, or anyone working with children of all ages are welcome to attend the event. Learn more about Mental Health First Aid at www.mentalhealthfirstaid.org

A \$25 fee includes the training, continental breakfast and lunch. To register for this event, please contact Tammie at 608-324-2639 or tammie.jamiska@ssmhealth.com

Protect yourself and your family with a flu shot!

Influenza ("flu") isn't anything to mess around with – it can be serious or even deadly for elderly people, newborn babies, and people who have certain chronic illnesses.

Help your body fight off the flu this year by getting a flu shot at one of FHN's flu shot clinics, open to the public at convenient locations across northwest Illinois.

If you are an adult under 65 years of age, you will get a quadrivalent vaccine for \$28.

If you're 65 or over, you will receive a high-dose version of the vaccine (\$62). There will be no out-of-pocket expense if you are covered by Medicare Part B (please present Medicare card) or a Medicare HMO accepted by FHN (there's a list available at each location; covered persons MUST present the Medicare HMO card instead of the Medicare card for the billing process).

All immunizations not covered by Medicare or a Medicare HMO must be paid for by cash or check payable to FHN. The prices shown here are only available at these flu shot clinics; other rates may apply in FHN offices. No other insurance coverage can be accepted at these flu shot clinics, and per government regulations, no Medicaid cards can be accepted at these locations.

Because of federal guidelines to prevent identity theft, everyone must present a photo ID to receive an immunization. Children can only be immunized if a written prescription from a physician indicating dosage is presented.

You should NOT receive a flu shot at any of these clinics if you:

- Are allergic to eggs or the flu vaccine
- Are ill or have a fever
- Have a depressed immune system

Please contact your healthcare provider or call FHN toll-free at 1-877-6000-FHN (1-877-600-0346) ext. 945 for assistance in finding a provider if you can't receive a vaccination due to the above restrictions.

For more information, visit www.fhn.org.

Voting assistance available for elderly and disabled

Voting assistance and voting aids in marking the ballot will
be available at all polling places in Jo Daviess County for voters
who are either temporarily or permanently physically incapaci-
tated or over the age of 65 at the Nov. 6, General Election, ac-
cording to County Clerk Angela Kaiser.

"If you wish to go to the polls, but need assistance," Kaiser
said, "Arrangements can be made to vote from your car once you
arrive. Please call the County Clerk's Office at 815-777-0161 no
later than Monday, Nov. 5, to make these arrangements."

Voting by mail is another alternative for all voters. Appli-
cations for voting by mail are now available from the County
Clerk's Office, however mailing and delivery of ballots does not
begin until Thursday, Sept. 27. All applications for voting by

mail must be received in the Clerk's office by Thursday, Nov. 1.

Voting assistance is also available inside the polling place
from someone who accompanies the voter or from an election
judge of each political party.

Early Voting by personal appearance in the County Clerk's
Office is another option for all registered voters. Anyone may
come and vote in the Jo Daviess County Clerk's Office, 330 N.
Bench St., Galena, between Thursday, Sept. 27, through Mon-
day, Nov. 5, on weekdays from 8 a.m. until 4 p.m. and on Satur-
day, Nov. 3, from 9 a.m. until 12 noon.

Tuesday, Oct. 9, is the last day that new voter registrations or
name/address changes can be taken and still allow the voter to
vote at the polls. "Registrations can be taken at my office be-
tween 8 a.m. and 4 p.m. Monday through Friday,"
Kaiser added, "and deputy registrars are located
throughout the county. Registrations or changes
can be made at most libraries or several other busi-
ness locations."

State law does allow grace period registration
and transfer of registration from Wednesday, Oct.
10, 2018 through Tuesday, Nov. 6, 2018. Grace pe-
riod registration is conducted only in the County
Clerk's Office and requires the individual to vote
at the time of registration. Please be prepared to
show two forms of identification, with at least one
having your current address.

For more information on registering to vote, vot-
ing assistance, or early voting call Kaiser's office
at 815-777-0161 or write the County Clerk's Of-
fice at 330 North Bench Street, Galena 61036.

PUBLIC NOTICE NOTICE OF LETTING

The Jo Daviess County Highway Department will be
accepting bids for the installation of overhead sectional
garage doors, motor operated with accessories and
components into prepared openings at the Jo Daviess
County Galena storage facility. Bids will be accepted until
10:00 A.M. on October 18, 2018, and publicly opened
and read at that time at the Jo Daviess County Highway
Department in Hanover. Plans and specifications are
available at the office of the Jo Daviess County Engineer,
1 Commercial Dr. Ste. 3, Hanover, IL 61041. This bid
requires that the successful Contractor comply with all
statutes, both Federal and State, governing the payment
of wages to employees. The Jo Daviess County Board
reserves the right to reject any and all bids.

Galena Center for the Arts presents a live radio play

An eight year old girl asks a question with five
simple words "Is there a Santa Claus?" Her sto-
ry becomes part of the most reprinted newspaper
editorial in the English language with the answer.
The live radio play "Yes, Virginia, there is a Santa
Claus," will be presented in November at the Gale-
na Center for the Arts at 219 Summit Street in Ga-
lena, Illinois. The drama, set in 1897, weaves the
story of eight-year-old Virginia O'Hanlon with that
of discouraged and boozy New York Sun reporter
Frank Church. Virginia is looking for faith and truth
while Church battles despair over his wife's recent
death. Together their stories weave a tale that cap-
tures the spirit of Christmas.

This production features Susan Barg, Ben Behl-
ke, Michael Crawford, Jay Dickerson, Dan Harms,
Emily Painter, and Brian Schoenrock, with David
Resnick at the piano. Each of these seven actors
plays multiple roles to cover the 40 characters in the
play.

Dates for the live radio play performances are
Nov. 8, 9 and 10 at 7 p.m. and matinees on Nov. 10
and 11 at 2 p.m. "We are looking forward to present-
ing this delightful play, complete with music and
live sound effects as used in the 1940's radio shows.
This play can be enjoyed by all ages," said play
director Carole Sullivan. "We've added reserved
seating for all the performances, so people can be
assured of really enjoying the play." Adult tickets
are \$16 and tickets for children are \$8. For more in-
formation or to reserve seating call 779-2214-0261
or go to www.GalenaCenterForTheArts.com.

Trip preview meeting set. We've scheduled a preview program on Oct. 24, at 7 p.m. for our trips to Kentucky and also the American Canyon Lands with area Farm Bureaus and Tri-State Travel. Jack Wideman will be here to share the images and details of this unique excursion. For full details on these trips and others that are scheduled, please visit www.jodavieesscfb.com/trips/. If you are interested in attending this meeting, please RSVP by calling 815-858-2235 or email jdcfbmgr@blkhawk.net.

Annette Eggers

The Young Leaders Committee will have their next meeting on Sunday, Oct. 14, at 8 p.m. here at the farm bureau office in Elizabeth. Anyone between the ages of 18 and 35 and has an interest in agriculture is welcome to attend. For more information, call our office at 815-858-2235.

Did you know that you don't need to be a farmer to be a farm bureau member? Give me a call at the office and I can tell you how YOU can become a member. You will be able to take advantage of the many membership benefits that Illinois Farm Bureau and Jo Daviess County Farm Bureau has to offer.

Jo Daviess County Farm Bureau offers \$250 towards R.O.P.S. Purchase. The Jo Daviess County Farm Bureau would like to offer

funds to reimburse farmers for purchasing ROPS (Rollover Protective Structures.) Fifty-five percent of farm tractors in Illinois do not have a cab or ROPS (Rollover Protection Structure.) Only 1 in 5 victims will survive a tractor rollover accident. The leading cause of farm related deaths in Illinois is tractor rollover accidents. They account for more than 30% of farm related deaths. ROPS help protect farmers and fam-

ily members from being crushed in the event of a tractor turnover or rollover. Safety Chairman, Dan Robbe, states that "Safety is a priority of the farm bureau, and we would like to encourage our members to install ROPS on their tractors". Jo Daviess County Farm Bureau members who purchase a ROPS could receive a reimbursement of \$250 towards the purchase of a ROPS (we have two more available this year). To receive

the \$250, members would need to bring in their paid invoice to the Farm Bureau office in Elizabeth. Customers would be responsible for the cost, freight, and installation which are available through the dealer. If you have been thinking about putting a ROPS on one of your tractors - now is the time! For more information about this program, or to become a member of our organization, contact the Jo Daviess County Farm Bureau

office at 815-858-2235 or email jdcfbmgr@blkhawk.net.

**LIGHT
TO THE
FIGHT!**

Early detection is the most effective weapon we have in the fight against breast cancer, so OSF HealthCare wants to make sure every woman 40 or older, or who is at high-risk for breast cancer, is getting a regular mammogram.

Our goal is to perform more than 1,000 mammograms by the end of October - Breast Cancer Awareness Month. When we hit our goal, we'll bathe the hospital in pink spotlights to shine a light on the community's commitment to fighting breast cancer.

As a bonus, every woman who gets a mammogram at OSF HealthCare now through October receives a free packable tote (while supplies last). Women getting their first mammogram also receive a voucher for a free chair massage at the Rejuvenation Center at OSF HealthCare Saint Anthony Medical Center.
